This is from Mr. D M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y. "Fourteen years ago I had an attack of the gravel, and have since been troubled with my Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, sufered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything vithout hurting me. Why, I got so hungry hat I had to eat 5 times a day. I have now
