It is a great pleasure to be able to record the fact that we are at last to have a dance, after an exceedingly long wait between the acts. Halifax society will once more have a chance of attending a ball. That most pleasant and cheerful of hostesses, Mrs. Daly, has sent out invitations for a dance on Tuesday, September 12th. More than a week off yet, but all the better, the pleasure of looking forward will be keen. Mrs. Daly's dances are always pleasant, but this one will be more so than usual, for every one will feel that they have just come back to life and perhaps will be surprised to find that they can still dance. The choosing of partners will be quite exciting, for when we have a gay summer and dances every week and sometimes twice a week, the girls get into the way of having regular partners such a one for number four and such a one for five and six, and so on through the programme. These programmes are already filled before going to the ball, and the poor man who waits till the evening to fill his, finds, much to his sorrow, that those of the most popular and beautiful ladies have been filled long ago and he is either left lamenting or has to put up with bad dancers and wall-flowers. It is rather mean this principle of cornering the best dancers, but still the girls have to protect them selves and naturally wish to dance with those who are the best darcers, or whom they like best. A girl has very little chance of refusing an acquaintance a dance, unless she has a comparatively full programme, otherwise she may be condemned to dance with men that she does not like, and who are not good dancers. Many a man asks some pretty and popular beauty to dance, out of vaniy. He likes people to see that he is enough importance to dance with a society belle. There are one or two men in Haltfax who are noted for this, the beauty at a dance, is for the time of very great importance and is at a small non-official entertainment the most important person there. If she can choose the partners let her do so, for I do not see why any partner should be forced upon her. With the girl who is not gifted with a superabundance of partners on the other hand it is a very different thing. She as a rule has to take whom she can get, or go without. But this seldom happens in Halifax, except at one of the of the large balls, when people are asked who are not in the habit of going to the smaller ones. Men are generally abundant and when they are scarce the irrepressible midshipmen is always ready to take

The Garrison regatta on the North West Arm on The ardent nautical spirits in the Garrison, and they are at present numerous, are working hard at it and mean to make it a success. The managers have made the great mistake of leaving it to late, for we are very likely to have a blowy, blustery day, with the thermometer down to freezing, making outdoor amusements anything but pleasant. As well as this regatta there is to be a Gymkana when the Blake comes back, so that the Garrison will be doing their fair share of providing amuse-ment in out-door lines. The Gymkana is to be given by the Polo Club, as a wind up to a very successful season. The Po'o Club will be a sad loser, when Major Maycock leaves the Garrison, as he will be doing next month. He has taken a great interest in Polo and has done much to keep that sport going Every one was glad to hear of news of the "Sarnia" on Wednesday morning. The only Halifax person on board was Surgeon-Colonel Archer, who was going home on leave. Although not as well known in general society as his immediate predecessor, Surg. General McDowell, still he is very popular

It is to be hoped that all Halifax will turn out and patronize the igarden party to be held at Belmont, which has been kindly left by Mrs. Thomas Ritchie, in aid of the S. P. C. would flourish. That it is always unlucky to postpone an entertainment was clearly demonstrated on Tuesday. Mrs. Leache had postponed her garden party from last Tuesday on account of the damage done by the great gale on Monday week. But she was not blest with very fine weather on her second attempt. In spite of that, however, the beautiful grounds at Oak-lands looked lovely and every one seemed to enjoy being out. Tea was in the hou-e, but most of the guests kept to the ground- as much as possible and played games out on the lawn. The day was dark and toggy so that few handsome dresses were worn, nearly every one being in serge and shirt waist. takes a very fine day for Halifax to array herself in gorgeous costume for a garden party.

on Wednesday, Mrs. Morrison, of F. rnwood, had a composite picnic-tea on the other side of the Arm, then returning to Fernwood for a dance and supper. It was a lovely day and a beautiful night although somewhat windy at first, still the night turned out beautiful, it was given as a farewell to Mr. Arthur Morrison, who leaves to return to his work. Every one was glad to see Mr. William Morrison able to be out of his room again, but he was not well enough to be out. He has had a very

It was pleasant to welcome old friends back again namely Mrs. and Misses Keith, and Mrs. Wickwire and her daughter. It is nearly two years since Mrs. Keith and her daughters went to England, and they have ocen much missed in Halifax. Miss Wickwire is the latest desbutante in Halfax, and will come out at the ball at Government House. It is pleasant to see Keith Hall inhabited once more and also the new house which Dr. Wickwire has bought and refitted and furnished.

There have been rumours, the last few weeks, that another regiment is to be stationed here and that new barracks are to be built for its accommodation. It is very doubtful if this be true, so it is only given for what it is worth. But if it was all society would rejoice for it would add much to the gaiety of this somewhat, at least at present, dull town. Last week, on Thursday, there was a very pleasant

picnic at Purcells Cove. In spite of the wet and fog it went off very enjoyably, the guests were taken down to Purcells in Mr. M. Morrow's steam yacht, and had a picnic in that most pictursque spot, and returned before dark, somewhat damp but cheerful.

On Monday the officers of the Kings Royal Regiment were at home at the range at MacNabs at what they humbly call a camp fire. It was a pleasant night and the festivities were kept up till a late hour and were much enjoyed by all present.

Every one is in sympathy with our genial sportsman, Mr. Frank Wilson, who held one of the cups last year, but has resigned it to Mr. T. D. Munro, of Wolfville, for the next year. Today they are shooting for the gold medal presented by Dunlap, Cooke & Co., and there will be considerable d s-

appointment if it slips over to Dorchester. Mr. A. W. Bateson has returned from England and it looks as if for the purpose of trying his skill at the tournament, at any rate he is most heartily welcome by his sporting friends and society in genera'.

On Tuesday afternoon the baptist church was the resort of the fashionable public to witness the marriage of Miss Flo Rogers to Mr. F. L. Rogers, of Alberton, P. E. I. Miss Rogers was organist of the church for a long time, and being so popular among her young friends, there was an unusual crush to witness the ceremony, which was performed by Rev. Mr. Steele. The bride was led to the altar by her brother, Mr. H. W. Rogers, who gave her in keeping to the handsome groom, who was supported by the Rev. David J. Fraser. Miss McCully, in a toi ette of brown cloth and shot silk, was maid of honor to the bride, who looked wondrously well in a very stylish and becoming gown, du voyage of fawn colored cloth, with trimmings of green velvet, with hat to match. The church was prettily decorated with flowers, and a large arch supporting a beautiful marriage bell, of white and gold flowers, most artistically arranged by her kind friends, was placed in frent of the altar. Only the immediate relatives of the bride and groom were among the guests, but the crowd was so great that it was quite impossible to distinguish the make or quality of gowns, more than the tout ensemble was very rich gowns, more than the tout ensemble was very rich and pretty. After the ceremony they drove to the residence of her brother, Mr. Sherman Rodgers, Rupert street, where they were served with a sumptuous repast, after which, they were accompanied by their friends to the evening train, where, on their departure. They were amply showered with on their departure, they were amply showered with rice and good wishes, to the time of excellent music by the Amherst Brass Band, who were out in force

Aug 28.-The annual Sunday school picnic of the Baptist, Methodist and Episcopal denominations took place last Saturday. About 9 a. m. a large concourse of people wended their way to the landing of the staunch little steamer "Glencoe," Capt. S. Mills commanding. It was not long ere all the children and a large number of larger growht, were snugly stowed away and we made our start down the beautiful Basin of Annapolis. The voyage was made pleasant by many of the young ladies and gents discoursing sweet music which was gratefully received by many attentive listeners; by 6 p. m. we were safely landed once more and just before leaving the boat, three cheers were proposed for Capt. heartily, thus ended a happy and joyous day. The members of Seymour Division also held their

annual picnic the same day at Thomas' Cove. Mr. Frank Rollins, principal of Newton Centre high school, Mass., has been stopping a few days with Mr. Fred Troop. This being his first visit to the Maritime provinces, he said that he was perthe Maritime provinces, he said that he was perfectly charmed with the beautiful scenery of the Annapolis Valley, and, indeed, everything he had seen in this our fair land of Evangeline.

On Sunday a floral service took place in the Episcopal church, directed by the Rev. Mr. Gale. It was splendidly performed and the address of the reverend gentleman to the children was "par excellence."

Messrs. Hanington Bros. Dear Sirs,-for several years past I have suffered everything but DEATH with DYSPEPSIA and PALPITATION OF THE HEART. I tried the best doctors in Boston spending over ONE HUNDRED DOLLARS for medicines without getting the slightest relief, but on the contrary was worse than when I employed them, and had given up all hope of ever getting better, and felt that death would be a great relief. I came to St. John about three months ago, and a lady friend seeing my intense suffering, told me to get at once Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, as she had b en troubled in the same way, and HANINGTON'S QUININE WINE AND IRON taken with the Tonic DINNER PILLS, had perfectly cured her. I thought it would be like all the other medicines I had taken-of no benefit to me; and I was careless about getting them, but she insisted, and I tried them. To my great astonishment after using them for a few days, I commenced getting better, and now I feel like a new person, well and strong, free from Indigestion or Palpitation of the Heart, and able to do my daily work as well as anyone, and I have great pleasure in recommending your medicines to the Yours trulg,
