INTERESTING TO HOUSEKEEPERS

SUCAR has been at a low figure for some time, but it is likely to cost more next week than it does now. We will sell at the same price this week. Next week will tell its own story, but our advice is to BUY NOW.

FLOUR We will have an exceptional bargain in Flour next week—a good family flour for \$3.50 a barrel. Will make bread as light colored and sweet as the home grown wheat. The price, we know, is right, and we think the flour is as recommended.

NEW CANNED goods are here: Salmon, Lobster and Peas. Salmon is very nice this year and a shade cheaper than our lowest price last year. A good can sells for 13 cents and that calls for the very best yellow salmon.

CRAPES, especially Canadian grapes, are very cheap. We can sell four pounds for 25 cents. It is really astonishing how much grape jelly and wine are made from Canadian grapes. The price is right, and anybody can experiment. We have the California grapes, Tokay and Black Prince—the latter is the sweetest at present, and both sell for 22 cents per pound.

NEW RAISINS, Valencias, are in stock now and are very nice. Well worth looking at when you call.
