Owing to the lateness of the season there will not be much done in the way of rebuilding the burnt district in St. Mary's. But as next spring opens up the smart little village will begin to show itself again and probably all the buildings burned will be replaced in better style than before.

Mr. and Mrs. William Lamont entertained a number of their friends on Monday evening at their

pleasant home, River-view. Pleasant rumors are afloat, wafted from Shore Street. Brunettes are always charming. Fredericton will be sorry to lose such a favorite. If our young ladies will visit the city of culture they must expect to be captured and annexed by Jonathan.

The weather is delightfully mild, and pleasant. A party of our ladies several days ago, took their baskets to the woods to gather the aromatic fir boughs. They spent a pleasant atternoon, returning with their baskets filled with evergreen and dreamed that night of scented pillows and such like. But alas, it was but a dream, for next day they were informed that the baskets contained the wrong kind of tree. So they decided next time to take one of the unmarried principals of our city schools with

Oct. 25 .- At last there has been a break in the monotony, as last evening Dr. and Mrs. C. W. Bradley entertained some of their numerous friends to a delightful drive whist party, to celebrate the sixteenth anniversary of their wedding. The handsome parlors never looked to better advantage, being profusely decorated with house plants and cut flowers. On entering the hall one could detect an arch made of spruce boughs in the centre of which were in glittering letters of gold the number, 1877, to recall the year in which Dr. and Mrs. Bradley were married, and under that arch the guests were made welcome. By nine o'clock twelve tables were made up and feeling sure that the prizes to be awarded the fortunate winners were no mean ones all showed more than usual interest in the game. After the twenty-fifth hand had been played, it was whispered the prizes were to be given at once; Dr. Church and Mrs. Clifford Robinson are to be congratulated on being the conquering ones, and were presented with an elegantly-bound book of poems and a dainty five o'clock china tea set. At half-past eleven o'clock a recherche supper was served to which every one did ample justice.

Oct. 23th .- Although the surrounding country as been robbed of its brilliantly tinted toliage, yet there still remains, to use a homely phrase, a few patches of splendor, and these bright autumnal days are as the poet would say "a dream of loveliness." It is unfortunate that [there are not more brides to take advantage of this delightful nuptial weather, for the air has breathed mellow fragrance and the skies smiled perpetual sunshine that might have gladdened a score of young hearts. I cannot account for the unusual quiet in the matrimonial world. It cannot be said that our young bachelors have not the opportunity I think that the only fair conclusion to arrive at is, that they have not the leisure either from the fact that too much time devoted to the club or it may be to business. Mr. John Sadler, son-in law of the late Senator Murchead, and an influential and representative citizen died suddenly Saturday morning. The de ceased was prominent in club circles and his death will be keenly felt by all classes.

MILTON, YARMOUTH CO.

Oct. 24.—One of the social events of the season was the dance given by Mrs. Percy Hamilton on Wednesday evening, the 18th inst. Large rooms, good floors and the best of music all combined to make the evening pass pleasantly, though too swiftly, into the "wee sma' hours." Among those present were: Miss Powers, Miss Lizzie Moody, Miss Dora Murray, Miss Ada Munroe, Miss Sue Brown Miss Marion Murray, Miss Alice Clements, Miss Alice Eakins and Miss Gertrude Tooker; Messrs. Richardson, James, Shaw, Kane, Willie Spinney, Hibbert, Hatfield, Barr, Edward Spinney, Killam

and Lewis. Our young hunters, Messrs. Crowell and Dennis, have returned, but the gods were less propitions on this occasion than upon the last, and the delicious venison is yet borne upon the fleet limbs of the horned monsters.

On account of ill-health, Mr. Edward Spinney has been compelled temporarily to give up his studies at King's college. He goes south for the winter. Under the direction of the Rev. Dr. Cartwright a Grand Missionary Conference" of the clergy and laymen of the diocese of Nova Scotia was held in Holy Trinity church on the 17th, 18th and 19th inst., where the residents of Yarmouth were permitted to listen to the able addresses of the Bishops of Algoma and Nova Scotia, as well as to those of several of the other clergy. Dr. Cartwright certainly deserves great credit for so successfully planning and com-pleting such an important enterprise, which, no doubt has had its desired effect widening and deepening the missionary interest in both home and

foreign fields. A disastrous fire occurred in town on Sunday afternoon, the 22nd inst., when the block occupied by Messrs Lincoln and Williams, George Hatfield and Brackett was burned and the Lorne Hotel

Of the thirty clergy who attended the mission conference many were visiting Yarmouth for the abtless met with many experience which will linger pleasantly in the minds of all con cerned. On eof the tallest and handsomest of the young priesthood seemed to receive rather more than his share of attention from some of our most popular young ladies. It would certainly be unfair to expect that he could reciprocate with all alike but perfectly natural to suppose that his attention is more likely to be unevenly proportioned. Whether this bethe case or not I question, but anyway he "took her" to the depot to say good-bye. Miss Jessie Burrill has gone to St. John for a

Harrison has been started in Killam's hall, and promises to be a fine success. Mr. Harrison seems to be an efficient and painstaking teacher, and as he has some of the finest talent of the town under his direction the class will make rapid progress. Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the Worst Case of Scrofula

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thou-sand per cent? Yes, many thousand. For the past 4 years I have had no sores. I
