Day by day it is becoming more apparent that improperly prepared food has a pernicious influence upon all classes through all the various relations of life, and that good cookery is a power which should be recognized and acknowledged by all, for we believe in the intimate relation between what a bright woman called "Meat and Morals."

But it is impossible to have good cookery without good and pure materials. If Spices or Flavoring are required in any of your cookery use only our Absolutely Pure Spices, C. Tartar and Flavorings. They are the purest and strongest, and will give you the best possible results.

Ask your Grocer for them and insist DEARBORN & CO. upon having them.

By asserting the truth the wise will take heed That work cannot be done without hands to perform, And that photos by Climo and Son are made By artists of skill in perfection and form. To do the impossible none can succeed, To have art-finishers they must be on the ground, And for the truth of this we challenge the world That at Climo and Son's such artists are found. 64 Princess St. Telephone 652.
