Oct. 24.—The past week has been quite gay with several little social teas and then the prospect of the large At Home to be given at Government House to-morrow evening has kept quite a flutter in social circles for one week. One very pleasant social event this week was the five o'clock tea given on Monday afternoon by Mrs. Mansuett at "The Barracks," but as with most joys some sadness is mixed, so with this one, as it was given as a farewell to Mrs. Hemming who with the captain and her family leave us next week for London, Ont., their future home; the occasion however was rendered more pleasant by the presentation to Mrs. Hemming of a very handsome lamp by a number of her lady friends as a token of their very high esteem for her and regret at her departure.

The Bishop of Fredericton and Mrs. Kingston gave an "at home" on Saturday afternoon from four to six for the students of the Normal school attending the church of England.

The formal opening of the new Wilnot park, the magnificent gift of Mr. Edward Wilnot to the city, took place on Saturday afternoon and was attended by all classes of citizens. The brass band being in attendance the many handsome walks and drives being well filled with handsome equipages, cypresses, and pedestrians and all being well-pleased that our city is now in possession of such a lovely pleasure ground, all feeling that they had individually received of Mr. Wilnot's kind bounty.

"Farraline Place," Government House, was a place of light and beauty on Thursday evening on the occasion of the at home given by His Honor the Lieut. Governor and Mrs. Fraser, which being the largest function which has yet taken place at Farraline House. The large dining-room in the rear of the drawing-room and the enclosed veranda were both reserved for dancing. The veranda walls being completely covered with fir boughs and artistically decorated with bunting, when lighted presented a beautiful appearance; with the soft sweet music of the orchestra and the floor comfortably filled with graceful dancers, the handsome toilettes of the ladies and with just enough sprinkling of the brilliant uniforms of the officers the scene was most enchanting. The rest of the spacious mansion being thrown open for promenading and "sitting out" purposes rendered all most comfortable. Ice and teas were served all the evening and at midnight the grand supper room was opened where a sumptuous repast was spread.
