ST. ANDREWS.

[Progress is for sale in St. Andrews by T. R. Wren.]
Oct. 10.—All Saint's church, St. Andrews, was the scene of a brilliant social event this morning at half past ten when the marriage took place of Mr. A. D. Wetmore, Truro, N. S., eldest son of the late Col. Wetmore, St. George, N. B., and Miss Christina F. Stevenson, only daughter of the late Hon. B. R. Stevenson. The bride was given away by her brother, Mr. J. F. Stevenson, and wore ivory satin, en train, with lace trimmings, veil and orange blossoms and carried a bouquet of cream roses, the gift of the bridegroom. She was attended by Miss Edith Bilyard, daughter of Postmaster Hilyard, of Fredericton, who looked charming in a gown of cream crepon, large cream hat with feathers and carried yellow roses. The groom was attended by Mr. J. F. Robinson, of St. John, N. B. The ushers were Mr. M. C. Cockburn, Mr. F. H. Grimmer, Mr. W. Whitlock and Mr. E. A. Cockburn. The church was beautifully decorated with flowers, the work of the lady friends of the bride. After the ceremony a reception was held at the residence of the bride's mother, Mrs. B. R. Stevenson. Among those present were Mrs. Douglas Wetmore, mother of the groom, Mrs. Thomas Stewart, sister of the groom, Mrs. Bolton (St. Stephen), aunt of the bride, Mr. and Mrs. Clinch, (St. John), Mr. and Mrs. F. S. Hilyard, (Fredericton), and many other friends. The presents were handsome and numerous but I will only attempt to name a few. The groom's present was a handsome gold bracelet; Mrs. and Miss Wetmore, a dozen solid silver teaspoons; from the groomsmen, a stand of silver fruit knives; from her mother the bride received a magnificent turquoise necklace and pendant; from her brother, a case of solid silver desert spoons; from her aunt, a gold bracelet; from Judge and Mrs. Fraser, a very handsome cut glass and silver fruit dish; from her cousins, Mrs. Todd and Mrs. R. S. Sinnett, a banquet lamp; the bridesmaid's present from the groom was a very pretty ring, turquoise and pearls. The bride's going away dress was brown cloth with military braiding, fawn rough lined jolt cape, brown hat to match, Mr. and Mrs. Wetmore left by boat for St. Stephen where they take the train for Montreal via Portland, while the very many friends of Mr. Wetmore rejoice in his very fortunate choice of a life partner. It is with feelings of regret that they part with Miss Stevenson from St. Andrews, where she has spent all her young life and has made herself deservedly popular and her gentle presence, her kindly disposition and her deeds of benevolence will be greatly missed in this community and the conditions of social life and church devotions will be much impaired by the removal of this estimable lady from our midst. Mr. and Mrs. Wetmore are accompanied on their voyage on the seas of married life by the very best wishes of their numerous friends in this place and elsewhere in the provinces. CURT.

A NEW MANUFACTORY.

Where Stylish Shoes Are Packed in Dainty Cartons.
It is a pleasure to record new manufacturing establishments in a city so full of such as St. John is at the present time. One of the latest is that of Messrs. Cathers Bros. and Co., who have started a wholesale boot and shoe manufactory at 240 Union St. in the building formerly occupied by W. Peters. The premises are splendidly fitted up, the most modern and improved machinery being used.
The head of the firm alone should be a sufficient guarantee of the success of the new establishment. He is Mr. W. A. Cathers, who has been for some years connected with those well-known wholesale boot and shoe dealers, Messrs. J. M. Humphrey & Co. Mr. Cathers' name is as well known throughout Canada as that of the firm for which he travelled. He has not severed his connection with the Messrs. Humphrey, but is now in Nova Scotia in the interests of the new firm. He has with him a beautiful line of samples, particularly of slippers.

The new firm does not make children's shoes, but it manufactures the very best men's, youths', women's and misses' boots, shoes and slippers. Already the goods of Messrs. Cathers Bros. & Co. are for sale in all the Canadian cities. There is a great demand for them, even at this early date. The goods are in the very latest styles. A specialty is made of felt goods for women, something that ladies would do well to bear in mind, now that the season for felt goods is rapidly coming on. The new firm believe in novelties, too, when novelties are conducive to comfort. One of these novel things in the slipper line is a pair of calf slippers, with the insides tanned, but with the exterior part of untanned calfskin. This article is really pretty, and there will undoubtedly be a demand for it.

There is no particular need of enlarging upon the many excellences of the stock of goods carried by the enterprising new firm to the people of St. John, at any rate, for they can see beautiful samples at the factory, 240 Union St., and at the following shoe stores: J. M. Humphrey & Co's, 12 King St., Waterbury & Rising's, 61 King and 212 Union Sts., and John H. McKobbie's, 94 King St. It will certainly be to the interests of other shoe-dealers all over Canada to also have a good many samples of Cathers Bros. Co's boots, shoes and

After the Grip
No Strength, No Ambition

Hood's Sarsaparilla Cures
Hood's Sarsaparilla Cures Perfect Health.
The following letter is from a well-known merchant tailor of St. George, N. B.:
"C. I. Hood & Co., Lowell, Mass.:
"Gentlemen—I am glad to say that Hood's Sarsaparilla and Hood's Pills have done me a great deal of good. I had a severe attack of the grip in the winter, and after getting over the fever I did not seem to gather strength, and had no ambition. Hood's Sarsaparilla proved to be just what I needed. The results were very satisfactory, and I recommend this medicine to all who are afflicted with rheumatism or other ailments caused by poison and poor blood. I always keep Hood's Sarsaparilla in my house and use it when I need a tonic. We also keep Hood's Pills on hand and think highly of them."
J. W. DYKEMAN, St. George, New Brunswick.
Hood's Pills are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

READY TO CHANCE.

A Good Old Lady's Opinion on a Popular Question of Interest.
One of these young girls who are anxious to get every body to give up everything to save money for all sorts of projects, asked an old lady in Boston to give her a glass of coffee, milk and such drinks. "Why do you do that?" was the answer. "I am not doing so—when you get me something good for my health and my old bones."

slippers in their stores. It will be "no trouble to show goods" if they do.
The goods of this already established firm are packed in cartons made at another of St. John's manufactories. They come from the paper-bag and box works of D. F. Brown & Co., and are truly exquisite. They are enamelled, and are white and blue, with a gilt label.
The melancholy days have come. The easiest way to make these, and the days and nights of winter, the reverse of melancholy, is to wear comfortable clothing—clothing that makes one feel like living. There is no part of a person's attire that serves to make one more healthy or comfortable, or uncomfortable and sick—than his or her footwear. Hence one should take every care to get the most comfortable. And Cathers Bros. & Co. are showing people that a comfortable shoe is not by any means necessarily an ill looking or unstylish one—an erroneous idea that some "dress reformers" seem to have.

By command of the Supreme Grand Master, DAVID SPRY, G. C. T., Grand Chancellor.

At the close of the session, the visiting Fraters will be entertained, doubtlessly in a manner which shall creditably reflect the well-known hospitality of the citizens of Saint John. On Monday morning, 26th August, many of the Sir Knights will leave for Boston, to be present at the demonstrations to be had there in connection with the 20th triennial convocation of the Grand Encampment of Knights Temple of the United States, which opens its convalescence in the Masonic Temple, Boston, on the 27th August. Thousands will be there from all parts of the continent, and the affair promises to be one of the greatest masonic demonstrations ever held in the adjoining republic.

No More Late Breakfasts.
Many a man and woman has been nearer the land of "cuss words" when trying to light an obstinate fire in the morning than at any other time. An invention advertised in PROGRESS to day—upon the fifth page—proposes to make this task easy after this to all who will use Carle's Handy Fire Lighter. No matter whether the kindling is scarce, or damp, or if there is no kindling at all—how many know what that is—the fire lighter will overcome all this and set the blaze going merrily even if it has nothing but the coal to work upon. The fire lighter is an asbestos sponge which soaks up sufficient kerosene oil to do the work. It is the claim of the inventor that 20 fires can be lighted for one cent and as the fire lighter only costs thirty cents every house should have it on the score of economy alone.

Zera Semon at The Institute.
Zera Semon opened in the Mechanics' institute on Thursday and as usual drew a good house. Semon attracts the people all the time. He has been here again and again and finds no lack of attendance. His gifts are always distributed fairly and perhaps the element of chance with the pleasures of the show both have something to do with attendance. His son Laurance is a valuable assistant and adds much to the variety of the entertainment. The performance continues tonight and next week.
