

# AMHERST.

[Progress is for sale at Amherst by Charles Hillcoat and at the music store (H. A. Hillcoat.)

MARCH 7.—Like the majority of our busy merchants, I have been taking stock this week, and the result is certainly very gratifying, that is if the light of the diamond has not played "Will o' the Wisp," for it reveals six engagements in high life and orange blossoms in the near future. One could well rejoice at such a happy outlook were it not that Amherst society will be the loser unless the imports show an unexpected advance in the next half year.

The pretty and welcome bride Mr. Blair Lushy brought home last week was Miss Maggie Lennie, daughter of Rev. John Lennie, New Westminster, B. C. It is stated they intend making their home in town for a time, which fact, if it proves such, will be heard with pleasure, as Mrs. Lushy is not only accomplished but decidedly amiable and well impressed with her new surroundings.

Mrs. A. W. Foster of Springfield is spending the week with her mother, Mrs. Priddy.

Rev. Mr. Harris has been in Montreal during the week. Rev. Mr. Haye conducted the services on Sunday in Christ church.

On Saturday Mrs. Philip of Worcester, Mass., arrived in town to visit her father, Mr. W. H. Rogers, whose health is still a cause of much anxiety and no apparent improvement.

Mr. Arnold of the bank of Nova Scotia at Oxford, was in town on Monday also Mr. Robt. Bell of Sackville.

Mrs. Carvell, widow of the late Governor of P. E. I., who has been the guest of her friend, Mrs. James Brown, for several days went to St. John the latter of the week.

Mrs. A. McQueen of Point de Bute, and Mr. and Mrs. J. A. McQueen, of Dorchester, are visitors in town.

Miss Grace Tingley who has resided here for a year or more went to her home in Dorchester on Monday.

Among our most recent events is the marriage of Mr. Brown Pipes of Lethbridge, N. W. T., to Miss Hannah Harrison which took place today at the bride's home, too late for me to give it full attention more than to state we are to be the loser of another clever young lady as they will depart for the West when they are to reside.

Mrs. A. R. Dickey entertained Mrs. St. George, with a few more guests on Thursday evening.

On Tuesday evening Mrs. J. M. Townsend gave a delightful little party to many of Miss Elsie's friends who had an unusually happy time in celebrating the pretty young hostess birthday. A large and most inviting cake was the attractive feature of the evening as it contained the time honored mediums that decreed the fate or prosperity of a quartette of merry recipients.

Mr. and Mrs. H. G. C. Ketchum, who went to Algiers in the early part of the winter have gone to London after making a visit to Nice and Marseilles and are not expected in Amherst as soon as hoped for by their friends.

The ladies of the guild met at the home of Mrs. Richey, Edwy street, on Tuesday evening and at Mrs. McKinnon on Wednesday afternoon from which it might be inferred that business is progressing towards a successful "fair" at Easter.

A word of apology is due our fair drivers referred to last week for stating they "worked" their way down Victoria street, I trust we shall find all our head quarters, for every person with half an eye here knows that none referred to keep animal studies in still life or drive a market team. Far from it, for they positively hold place with the wind, which means a much here.

# GRANVILLE FERRY.

[Progress is for sale at Granville Ferry by W. A. Irvine.]

A large number of skaters were present, from Annapolis, Granville, Lawrenceville, Middleton, and a number of other places along the line.

Mr. Wm. Rhodes, son of James Rhodes of Granville, one of the lessees of the Bridgetown rink and he with a number of Bridgetown boys hoisted the affairs very efficiently.

Mr. Bernard Dolan, of Lynn, formerly of this place and pursuer on board the "Joe Edwards," is visiting friends here in Granville Ferry. Mr. Dolan is now employed by the Metropolitan Insurance Co. Once more Granville Ferry is to have the advantage of an hotel. The "Granville House," which has been vacant for some time, has been purchased by Mr. John Roney, formerly of Clarence, and he is to take possession immediately.

Miss Fannie Farnsworth, who had a tumor cut from her side in the early part of the winter, is able to be out again.

Miss Annie Hall, organist of the Baptist church, has been confined to the house by a severe illness.

Mr. J. A. Irvine, of Halifax, has been home at Granville Ferry three weeks, sick with a gripple. He returned to Halifax last week very much improved.

Miss Jennie Amberson has been visiting friends in Lawrenceville. She returned home last week.

Mr. B. S. Banks, formerly principal of Granville Ferry school, was in town last Saturday.

Last week a social was held at the residence of Mr. Charles Weathers, Granville Centre. The sum of \$31 was realized. It being excellent sleighing a large number of young people took advantage of it and went. Conspicuous among them were Messrs. E. McCornick, J. F. Groves, W. N. Troop, R. Messinger, and W. A. Irvine. Amberson, H. Webb, A. Mills, A. Weathers, Mr. Harris, Mr. R. Messinger rendered some fine music on the violin. W. N. Troop and W. A. Irvine sang some of their popular songs which were heartily appreciated by a very attentive audience. The party arrived home in "we can't" hours, all having thoroughly enjoyed themselves from premises to conclusion.

Mrs. Joseph Hall is quite seriously ill, being under the doctor's treatment.

Mr. Alfred Mills met with a serious accident while in the woods the other day. He fell from a height of about ten feet, striking on his side, and had to be carried home.

Certificate of Analysis.

Laboratory of Dr. R. Bryce-Gemmel, Consulting and Analytical Chemist, 228 Boylston Street, Boston Mass.

I hereby certify that I have carefully examined the sample of K. D. C. submitted by the K. D. C. Ltd., Feb 10, 1893, and have been unable to detect any objectionable or injurious ingredients therein. It is a compound prepared from pure drugs, and it is my opinion that, if properly administered it will give ready relief to sufferers from the different forms of the disease for which it is intended. It is a perfectly safe remedy.

Respectfully,

R. BRYCE-GEMMEL,  
"Late Analyst Surgeon's Hall," Edinburgh, Scotland.

Rev. Mr. Hickey lectured on Thursday evening to a large audience in the Royal Albert hall.

A second drive to Sydney which would include a larger skating party than that of last week, was arranged for this evening, but in consequence of extremely mild weather has been postponed. The drive from Sydney, with its extra inducement of a skating party, has also been delayed while the rink is often in a melting mood and has been compelled to observe the Lenten season very nicely. It is a great pity that, while the harbor ice is excellent, the sleighing through town is so uninvitingly "scrappy."

Mrs. Earle, of Canoe, and her sister Mrs. Lawrence were in town today.

Mr. and Mrs. R. H. Brown left this morning for Halifax.

Dr. and Mrs. Smith, of Sydney, were at Sydney Mines yesterday.

The prizes were awarded to Mrs. Crawford Prescott, of Albert, as the "Queen of Hearts," and the gentleman to Mr. Barnett, as "Edgell's Landing." The characters "Japanese," by Miss Laura Scott, "Queen of the South," by Miss Ella Steeves, "Queen Elizabeth," by Miss Lina Rowe, "Spanish Dance," by Miss Nellie Wallace, "Japanese," by Miss Beatty, "Earl of Essex," by John T. The Children's Carnival held in the rink here on Tuesday evening of last week, was a grand success. Pictou is always noted for good carnivals, but they were even better this year than ever before. An unusually large number of little ones occupied the ice, and some of the costumes were exceedingly pretty. The ice was in splendid condition, and the Pictou band furnished good music for the "little folk."

Quite a number of New Glasgow folk visited the town last week, driving down on the ice. Among the number I noticed Mr. and Mrs. Harrington Strong and Mrs. Hensley.

Runners of our young men giving a dance in the near future. I sincerely hope it is true—just think of it—a dance. It is an age since Pictou had a dance, it will really be greatly enjoyed by the young people, if it materializes into the reality.

# VISIT TO THE MARITIME PROVINCES.

A Great Opportunity—Ruptured and Deformed.

The success in relieving or overcoming the above, is in knowing the differences between the various cases and in adjusting a suitable instrument to each. Charles Cluthe, of Toronto, has been established for 24 years and has invented 27 patented improvements in this line in use to-day. Tens of thousands of his trusses have been sold, and his praise of curing Rupture entirely is echoing from ocean to ocean. The rare adaptability of Mr. Cluthe in the mechanical field to relieve any deformity has also been well tested. He has been successful in innumerable cases, under his superintendence in his own factory. People ruptured and deformed, such as white swelling, club feet, spinal curvature, etc., etc., should send him their names. Physicians' instructions will be honored. To have such an experienced and responsible man as Mr. Cluthe coming so near us, is of great importance and his judgment in your case should be sought for which requires personal examination and measurements for the proper article. Will visit personally.

"If you are the boss I'd like to talk with you." These were the words of Mr. E. I. Ellison who called at our city office yesterday, without invitation of anyone, prompted only by a thankful heart.  
He addressed the manager of the Groder Co. with above words. Finding he was right he continued: "I consulted a physician for CHRONIC DIARRHOEA, from which I suffered all summer. Somehow he did not help me. Just then I saw a testimonial from a man I knew, who had been cured by your remedy. We got a bottle. Thought it was no good—only syrup. Well, sir, the first half bottle helped me. I kept on taking it. The medicine kept on curing. Now I'm all right; can eat, sleep, work, and enjoy life. Guess it saved me a large doctor's bill; and I know others that it has cured. I took less than three bottles, and my case was a very bad one."
