The talk of the town just now is the Christy Minstrel performance to be given at the academy of music on Monday and Tuesday of next week. The old original Christy Minstrels are to be reproduced as nearly as possible, and it is highly probable that the audience will forget left for a time in a carnival of laughter. Mr. Rupert Greenwood is stage manager, Mr. Compton musical director; the end men are Mr. Adams Johnston, (whose cheerful presence is usually the making of any performance in which he has a hand), Mr. Higgins, Mr. Porter, and Mr. Lambkin of Quebec.

There were two very good games of hockey at the exhibition rink on Friday evening. One between the Chebuctos and the Crescents, won by the former; and the second between the Wanderers and the Arm, won by the latter. The Arm team was composed of Messrs. Kenny, Lea, Stikeman, Worsley, Francklyn, and Murray. The Wanderers were Messrs. Henry, Clarke, Grierson, Wyde, Townsend and Oxley. The second game was played under the rules used in the upper provinces, and was a most exciting one. There were a lot of ladies present, as they really take more interest in hockey than a good many men.

On Monday a match was played in the north end rink between the Merchants' bank and the Halifax bank. The team from the former bank was the winner.

Two of the heirs of the famous Windsor estate of fifty million pounds are the Misses Bolton, of Creighton street, Halifax.

One of the principal officers now stationed in Halifax has lately come into a fortune of three thousand pounds a year.

The death of Mr. A. C. Edwards, so long a resident of Halifax, is deeply felt by the community, where he was liked and respected. Mr. Edwards' death occurred at his home in Chicago after a short illness of four days. He had not been well for some time, and had recently returned from a visit to Winnipeg for the benefit of his health. He was a well known yachtsman and at one time commodore of the R. N. S. yacht squadron, by the members of which he is deeply regretted.

Mr. Edwards was also a member of the Orpheus club from its first organization, and also a trustee of Orpheus hall. A resolution of sympathy has been passed by the club and forwarded to Mrs. Edwards. Mrs. Edwards is a daughter of the late Benjamin Satter, of Halifax, and has the sympathy of all her old time friends in her deep affliction.

Mr. A. E. and Miss Curran have returned from Boston.

Mr. E. A. Wood has gone to England. Mrs. William Doull accompanied by the Misses Doull, left on Saturday for the south of France where they will spend the remainder of the winter for the benefit of Miss Doull's health.

The Rev. E. P. Crawford, has recovered from his recent illness, and took part in the Cathedral services on Sunday last.

It is understood that Captain Belleau R. A. will accompany Colonel Isaacson R. A. to Jamaica in the place of Captain Duffus, who remains here.

Mrs. and the Misses Keith, and the Misses Troop of Dartmouth, go this week to Bermuda, for a short stay.

Mr. W. Slatyer, R. N. has been appointed to H. M. S. Partridge.

Captain Dopping-Ippenstall, for so long a member of this garrison, was received at his home, Derry Cassan, Ireland by his tenants with triumphal arches inscribed with "Good night, Captain Dopping-Ippenstall's father died while the former was in Halifax, and this was his first visit to Ireland since succeeding to his estate.

Captain Primrose, R. N., who was not long ago, appointed to the command of the Queen's yacht, will take the Princess of Wales and her two daughters to the Mediterranean next month, on the "Osborne." Captain Primrose married some years ago a daughter of Mr. T. E. Kenney, M. P., and is a cousin of Lord Roseberry.

Mr. Michael Dwyer is slowly recovering from his accident of Saturday last, when he slipped on the ice and broke his arm.

Dr. Grenfell, whose lecture here on Labrador, was so well attended, will repeat it on the first of March, at the Orpheus hall, under the patronage of General Montgomery Moore.

Dr. W. Deane, an old resident of Halifax, died suddenly on Saturday last. He leaves a widow and two children, who have received much sympathy on their sudden loss. Dr. Deane was a native of Folly Village, Co. Wick, and was in his fifty fifth year.

The Mystic Lodge of Oddfellows has decided to hold a grand fair on the 24th of May next. Mrs. W. E. Crow is president of the fair committee, and Mrs. W. T. Page, vice president. Contributions of fancy work and materials will be very welcome. The sewing circle will meet every Thursday afternoon, and the ladies in charge have several novelties, which they will produce at the fair.

I hear there is to be an entertainment in the place of the Women's Work Exchange, at some early date. This is one of the best institutions in the place, and it makes a brave struggle toward self support which deserves assistance.

The musical event of this week is the sacred concert which takes place at St. Matthew's Guild, and is sure to be successful. On Friday last, among the performers were the Misses Daisy Hutchison, Blanche Tucker, Marion Lithgow, Mary Lowey, Miss Hobbrecker, Miss Katie Gordon, Miss Burgess and the Misses Clare Stephens, Anna Fyvie, Satter, and Tremain. The accompanists were Mr. Porter and Mrs. M. Wallace.

Another event of Friday evening was a very enjoyable Longfellow evening at St. Andrew's church. A paper was read by Mr. Adams Archibald on the life and works of the poet, and the various numbers of the evening were introduced in a speech by the Rev. Mr. Gordon. The programme was made up of songs and readings.

The houses of parliament closed on Monday afternoon with the usual accompaniments of guards of honor from the regular and militia bands, and a gathering of the principal people interested in politics. Mrs. and Miss Day and other well known ladies were among the spectators at the closing ceremonies.

Mrs. L. G. Baker has returned to Yarmouth. Mrs. Barclay Webster has left Halifax for Kentville.

Miss Blanche Scubbing has returned from Windsor.

The children's carnival taking place at the rink on Thursday has the new feature of two bands combined. This has never been done before, and should make an enormous volume of sound, possible only in so large a building as the rink.

The tobogganing has been super-excellent this week, and many small parties have been held in spite of Lent. The only fault to be found with the tobogganing is that it is so fast as to be dangerous for ladies, the snow having a crust like iron.

There has also been outdoor skating on the Arm, but I hear that the ice is very poor.

There is really a dearth of social news this week as is proper, I suppose. Next week bids fair to be

The high tea given on Thursday night, by the ladies auxiliary of the Y. M. C. A. was a grand success. During the tea hours five tables quite late in the evening the light pretty tea tables that were laid in the reading and lecture rooms were continually filled. The tables were dressed in all that could make them attractive and the members of the auxiliary acted as waitresses. There was in addition a cake and candle still which was very pretty, the candy being mostly made by the ladies. A reading by Miss Kelley was an attractive feature of the evening. CONSUMPTION

THE beneficial effects of the continued use of ROBINSON'S PHOSPHORIZED EMULSION in the first stages of Pulmonary Consumption can scarcely be estimated. The dry hacking cough followed by spitting of blood, and expiration of thick, yellow phlegm is speedily checked; the distressing night sweats that draw so heavily on the vital forces are subdued; the brilliant eye, the pale cheek, with its hectic flush, assume a healthy appearance; refreshing sleep is obtained; the appetite is improved and the functions of nutrition resume their normal condition. It supplies the blood with red corpuscles and materials necessary for the formation of healthy tissues. By its fat producing properties it tends to restrict the waste of the nitrogenized tissues. The body becomes nourished. Emaciation and weakness give place to rapid increase of weight and vigor. The tendency to the formation of fresh tubercular deposits is arrested; those already formed are rapidly pushed forward to "retrogression," and the contraction of the pulmonary cavities is gradually promoted. In the second stage, where one lung only is affected, favorable results are almost as certain, while in the most advanced stages, the patient finds relief, the disease becomes favorably modified, and its fatal termination postponed.

Always ask for "Robinson's Phosphorized Emulsion," and be sure you get it. For sale by all Druggists and General Dealers in the Dominion. The wholesale drug houses in the Maritime Provinces and Montreal supply the trade.
