## Handy on a Saturday

The street money changer is an interesting character in Spanish cities. He stations himself at a principal street corner early every morning, and exchanges a bag of coppers for silver. By ten o'clock his bag is exhausted, and he goes home. All the servants on their way to market get their money changed by him, as they are not skilful in counting and are afraid of large coins. He gives them full change, his coppers being obtained from tradesmen who get rid of their coins at a discount.

Colorless, Emaciated, Helpless

A Complete Cure by HOOD'S

SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Osego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but green. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.
