HALIFAX NOTES.

There has of course been very little social activity during the past week, politics and church going pretty well taking up the average person's time.

Neither of these being interesting to the rising generation, however, there was a very good attendance at the children's carnival on Monday night at the exhibition rink.

The music was really excellent, the combined bands of the King's regiment and the Sixty-sixth gave a great feature. The latter party extremely well for dancing and excel the former in that particular. The prizes of five dollars each for the two best costumes were won by Miss Winnie O'Neill, as Folly, and Master Eddie Walsh as Charles Surface, both characters being excellently got up.

The fifteen dollar prize for the best group was awarded to Messrs. Forbes Knight, Reginald Knight, Kenneth Sheraton, G. McEllan, Hal Mott and Alex. Anderson, who represented collectively "The silks and satins of the local turf," and individually Messrs. Geoffrey Moore, Peter Clench (St. John), Carlton Jones, E. LeRoy Willis (St. John), C. Jack and Colonel Lee. These six jockeys carried off the prize from two other good groups, the Salvation army, and the Red Cross Line officers. The judges were Mr. Rupert Greenwood and Mr. Gilbert Troop, assisted by Mrs. Alexander Doull and Miss Bingham, of Yarmouth, who awarded the girl's prize.

The entertainment to be held for the benefit of the Woman's work exchange, which is not yet established on a paying basis deserving as it is, has resolved itself into a concert to be given at the Academy of Music on the tenth of March.

The rehearsal of the choruses are being held at Bellevue House under the direction of Mr. Compton, and much interest is taken in the affair by Mrs. Montgomery Moore. Other ladies interested in it are Mrs. James Morrow, Mrs. Tucker, Mrs. J. F. Kenny, and all those connected with the work exchange, while among the performers are many well known and clever society amateurs. There are to be songs, recitations and choruses and it is to be hoped that a good sum will be realized in aid of a very deserving institution which has been the greatest possible assistance to many ladies in reduced circumstances.

A very pleasant smoking concert was given on Tuesday evening at the Halifax hotel by Colonel Humphreys and the officers of the 66th P. I. F., which was most successful in every way.

The only large at home of the week is that to be given by Mr. Montgomery Moore at Bellevue House on Thursday afternoon. The similar party three last week was so crowded and very pleasant, everybody being there.

Mrs. Edward Smith also gave a large five o'clock tea last week, which was admirably arranged and most enjoyable.

Two hockey matches have been arranged for Friday evening, a five o'clock tea to be given to the S. P. C. Last week's match between Dalhousie and the Wanderers was most exciting and the ladies will only turn out as well for this one, the S. P. C. will do well.

Mr. Arthur, R. A. went to England on leave on Saturday.

Mr. Porter has been confined to the house with influenza but is now recovering.

The Badinton club is to be the next thing after the rink comes to an end, this has always been a very pleasant way of spending two afternoons a week, and all ladies have been looking forward to it as guests, an arrangement which will I believe, continue.

Mr. Grant, has returned from England.

Mr. and Mrs. Robert Seaton, and Miss Seaton have gone to Florida for the next two months. Mrs. Seaton is remaining in Halifax.

Dr. Grenfell returns to Halifax this week and will give his interesting lecture on the medical mission to the fishermen and the Eskimo on the Labrador coast on Thursday at Orpheus hall, under the auspices of Montgomery Moore, taking the chair. Dr. Grenfell's former lecture was most successful and much interest is taken here in his work.

Another lecture bidding to be most interesting is announced for Friday evening, when Mr. Leonowens now of Halifax and for so long a time English governess at the court of Siam, will lecture on Siam, its Court and Customs, under the auspices of St. Matthew's Guild. The account of an eye witness of the strange customs of so distant, and little known a country would be interesting to the public, I think, even given by this talented lady during her residence in Halifax. Mrs. Leonowens' son holds at present a high position in the Siamese court.

I hear that Surgeon-Captain Fowler has received an appointment at Chatham, England, where he and Mrs. Fowler will probably be settled for the next two years.

The Misses Uniacke are spending the winter on the Riviera.

Captain Twining, R. A., who lectured so ably at the Military Institute, Toronto, on "Travels in Africa," is the youngest son of Mr. Edmund Twining, of this city, and is now attending an appointment at the military college, Kingston. Captain Twining spent some years in Africa, with much honor to himself, and alluded in his lecture to the work done by Captain and Mrs. Twining at Kingston.

In regard to the breach of promise case of which we have lately heard it is a pity that the example has not been long ago set by Halifax ladies.

An enormous number of engagements might be quoted, in which the man in the case has sailed away never to come back again, and a somewhat small number of cases, in which girls have gone over to England to be married, and have been calmly thrown over on their arrival; while no one ever before has tried to make things in the least unpleasant for the men who have behaved so unwisely. To give the damages to charity, and the precedent of the whole affair seems to the unbiased mind to be a good one.

In answer to "F. Play" letter I wish to say that it is impossible for any correspondent to avoid making slips of the pen at times, and under the circumstances a very little consideration would have shown my statement to be one. As for the omission being anything but accidental I beg to say that such a statement is as unwarranted as it is absurd.

MILLTOWN.

Feb. 27.—Mrs. Jas. Robinson, "Riverview" received a telegram on Tuesday containing the sad news of the death of her mother, Mrs. McDonald, who died suddenly of neuralgia of the heart at her home in Blissfield. Feb. 27.—Last Saturday evening there was another chapter added to the already interesting history of the old temperance hall. It was the fortieth anniversary of the birth of Richibucto division, number forty-two S. of T. Preparations for the event had been going on quietly for a long time in the shape of an interesting programme.

made up of dialogues, readings, recitations, vocal and instrumental music. The interior of the building was in a gala dress, including the platform which had all the fixings with scenery ready to give a good effect to the many parts of the entertainment.

The members who took an active part in preparing the excellent programme realized their fondest hopes in its production by the close attention and hearty appreciation it received from beginning to end. Among the numerous items may be mentioned the reading by Miss Thompson, the solo by Mr
