ALWAYS CURES
Proof Positive. Read it.

William Watson, 531 Cadieux St., Montreal, says: I think it my duty to inform you of the wonderful results which Dr. Lavolette's Syrup of Turpentine has had in my family. Two of my children, particularly the boy, have been subject to croup. Noticing your advertisement in Sohier Park, I resolved to buy a bottle and try it. The next time he was attacked with croup, I gave it to him and after two or three doses I was surprised to notice that the croup had left him and his cold was broken up. The Syrup is so pleasant to the taste that there is no difficulty in getting the children to take it. In cases of croup I can highly recommend Dr. Lavolette's Syrup of Turpentine. As a result of its good effects I am never without a bottle in the house. You are at liberty to use this testimonial.

Mrs. Fred Morgan, 59 Moreau St., Montreal, says: My little girl six years old suffered from a severe attack of Bronchitis. Three 25 cent bottles of Dr. Lavolette's Syrup of Turpentine cured her completely. It is now my family remedy and I keep it on hand all the year round.

Mrs. Thos. McGovern, 66 Marlborough St., Montreal, says: My son five years old suffered from an attack of Bronchitis, coughed night and day. He has been completely cured by using that wonderful preparation, Dr. Lavolette's Syrup of Turpentine.
