Capt. Kent, who was formerly in the garrison here. is to return to Halifax shortly. Capt. Kent, it will be remembered, married a Miss Tiflany, of Boston. Colonel Anstruther, R. A., and Colonel Shannon of the commissariat department, left by the Mongolian on Saturday last for England, for a few months on leave of absence. Many friends will wish them a pleasant trip.

Tickets for the Easter ball are selling very rapidly, as a public subscription ball is somewhat of a novelty for Halifax. Everybody one speaks to seems to have purchased a ticket-so no doubt the attendance will be very large.

"Jane" is among the comedies which has been one of the great successes of the day. Its long and enthasiastic run in Paris, London, New York and other large cities assures for it success and c owded houses in other places. It is to be given in the academy shortly by the Norcross company.

The C. M. B. A. branches of this city are bound not to be behind other places in the matter of amusements; their program ne includes an at home on April 24th and a picnic on June 24th.

Rev. D. M. Gordon is being congratulated by his friends upon the fact that he has had the degree of doctor of divinity conferred upon him by his alma mater-'flasgow university. After ministering in some of the most influential presbyterian churches in Canada Dr. Gordon accepted a call to St. Andrew's church seven years ago, and last fall he was the choice of the synod for the professorship of systematic theology in the Halifax presbyterian college. Mr. F. Blake C. ofton sailed for Liverpool Mon-

day night by the Halifax City. The Labrador had among her passengers for Liverpool this week, Mr. and Mrs. R. Borrodaile Hon. Miss Colborn, Mrs. Stopford and Master

the other evening was sung in an excellent manner and speaks volumes for Mr Gatwar i's work. The bishop gave a very touching address which lent additional interest to the affair.

Society has been very quie; of late and will continue so until after Easter. The only dissipations, have been small dinners and teas.

The Lieutenant-Governor and Mrs. and Miss Daley will be away until Easter week, and the General and Mrs. Montgomery-Moore leave for England about the middle of the month and Mrs. Montgomery-Moore has not been enjoying the best of health lately and will doubtless be glad of the rest and change which such a trip will bring. It is nearly two years since the Montgomery-Moores arrived here and in that time they have won a great deal of popularity.

The bishop was one of the arrivals by the Parisian and has been welcomed back very heartily. He give two addresses recen'ly at the midday services at St. Luke's and vill continue to do so next week. Mrs. Courtney still remains in New York but will return in a week or two.

The display of flowers in the various conservataries is especially good this year and I understand that the decorations will be on a more elaborate scale than usual, although great interest is always taken in Easter decorations in Halifax.

Capt. and Mrs. Hartiy are staying at the Waverly, where Mrs. Hartly assisted by her bridesmaid will receive her guests. While in England Mr. and Mrs. Hartly pail a brief visit to Sir. John and Miss Ross. A small dinner was given for the strangers on Tuesday of last we k and I hear of this and grander entertainments to be given in their honor after Easter.

The subscribers to the private afternoons had an extra day on Tuesday which will be the last one of the season. Admission was charged as the regular season finished on Friday last, and the band was there as usual. It was not very exciting, however, nor was there a very large number of persons skating for by April the rink loses its charm even for the most enthusiastic skaters who have begun to pine fo new amusements. There was some talk of a rink party on Saturlav night but it did not material ze. There have been only three rink parties this winter two by the King's regiment and one by the civilian subscribers to the private days A rink party is an expensive luxury and looks a very inane way of entertaining The rink has been very cheerful this year; there were plenty of skating people and a great deal of dancing; the number of spectators was also larger than usual. Indeed all the arrangements were good and the late season has been most successful.

APRIL 10 -The daily papers are filled with letters on the merits and demerits of the two candidates for the mayoraity. Of course as in all elections both sides are confident that they will be successful. Women may now vote and some seem most keen to do so, while a great many more are most opposed to it.

There have been many amusing stories told about the diff rent receptions the lady canvassers have met with. If you will not allow yourselt to be persuaded by these energetic ladies, you are told that by not giving your vote for Mr. MacIntosh, you not only lose a chance for a lifetim", but you are fighting against the cause of temperance and leading your sons and brothers, to say nothing of other people's brothers, on the road to ruin. It must be the perversity of human nature but I felt as I closed the do rafter the lady who came to secure my vote, ing was spent. Miss Hattie Lawrence, of Cape that I would at once vote for the gentleman she so greatly abased, if by some weakness of intellect I so far forgot myself as to vote at all.

It being "Holy Week" there is of course nothing in the way of society news. The Bishop has been very busy since his return He has given the mornin g addres-es at St. Luke's.

On Sunday last he had two confirmations, one at St. George's and the other in Dartmouth. The flowers in the churches win be most beautiful judging from the display at the Nova Scotia nursery, easter lilies, callas, tulips and all manner of white

flowers are in abundance. I will have the Orpheus concert which comes off on Easter Tuesday, to write about next week as well as the Charity bail on the following night. The tick ets have sold very well so far and all things promise

for a very good dance. Dr. Somers is a prisoner just at present, a severe attack of irfluenza confining him to the house for

some time past. His friends hope soon to see him out again. The Rosa d'Erina recital in the Brunswick street methodist church was a great triumph for the sweet singer; the audience was large and appre-

ciatvie and Ros. was at her best, which is saying a great deal. I hear that Mme. d'Erina is to repeat the recital in the same church Easter Mon-

day night.

Mr. R. J. Sweet will leave for Bermuda on Monday
