Lt. Col. Otter, commander Royal Canadian Dragoons, Toronto; Capt. McDougall, Royal Infantry school, St. John, P. Q., were guests in the city last week and left by steamer Mongolian for Liverpool England on Friday last. Lieut. Otter is about to pursue an advanced course of military tactics at the leading English centres, including Aldershot.

C. E. McPherson of the C. P. R. was in the city for a : hort time last week.

The Dalhousie glee club concert was very largely patronized on Thursday evening of last week, notwithstanding the very disagreeable state of the weather; doubtless had the evening been a fine one a great many would have met with a disappointment in not being able to obtain seats. The programme was all that could possibly be desired by the most exacting and contained numbers from the famous standard glee writers such as Caldicott. Bishop, Loeder Gound's "Faust chorus" for male voices made an excellent finish to a most enjoyable concert. Every singer who took part showed a very careful training and attention to detail; the conductor, Mr. Frank Gatward, certainly performed his work faithfully. The most important numbers on the programme were "March" from Tanhausser, by Mr. and Mrs. Gatward, Miss Harrington violin solo, Miss Hoebrecke, Mr. Gatward and Miss Copeland's songs, while the various choruses and medleys were extremely well done, by Messrs. Aitken, Douglas, Miller, Smith Wood, Archibald, Murray and McLean.

The tenth anniversary of the departure of the Halifax Provisional battalion for the northwest campaign is to be celebrated this year on a more elaborate scale than usual. The officers have decided to have a dinner at the Halifax hotel on wednesday evening, April 10th, and have opened it to any member of the late battalion, officer N. C O. or private who may wish to attend. A very large gathering i expected. Colonel Isaacson R. A., who has been away from

Halifax all winter has returned to the city. The ball in aid of the woman's work exchange is to take place in Freemasons' hall on Wednesday evening April 17. It is under very distinguished patronage. The committee of ladies having the affair in charge is composed of Mrs. J. F. Kenny, Mrs. James Morrow, Mrs. J. C. McIntosh, Mrs. E. D. Tucker, Mrs. John Harvey, Mrs. Lyde, Mrs H. W. C. Boak, Mrs. Townshend and Mrs. Davis.

Word has been received in this city of the very serious illness of Rev. W. B. Belliss, formerly curate of St. George, Halifax, but for some time rector of Clomentsport. At the last report he was not expected to live but a short time. A year ago Mr. Beiliss married a daughter of Can in Patridge. He intended going to England shortly for the benefit of

The Leighton Stock Co. still holds the fort at the Lyceum, and is drawing excellent houses. "Passions Slave" drew a very large and appreciative audience one night recently when the acting was above the average-in fact was decidedly good. The company will open their sixth week at the Lyceum with a presentation of 'Living Pictures."

A very interesting programme was carried out in the vestry of the Tabernacle church on Tuesday evening last. Among the prettiest of the selections I might mention a piano duet by Miss Hall and Mr. Hubley; Miss Lowe's excellent reading; Miss Hubley's solo "The Holy City," and Herr Karl Doerings solo "Litany." The entertainment was excellent and well deserved the enthus:asm it

The weather is the topic with which most conversations begin, so I will use it as a beginning for my letter this week. Just as we were congratulating ourselves that the spring was at hand, down came the snow! It has been very cold since Friday last and the rink is to be kept open another week in consequence. Between the time when the stating ends and the boating and tennis begin there is a very dull season; even walking is out of the question unless you wear "high toppers" and they are a most ungainly form of footgear. Truly a "Trilby foot" would look ugly in them.

Apropos of "Trilby" what a craze there is for it. It was quite impossible to get it from Miss L. Fairbank's lending library. The library is a most popular resort and Miss Fairbanks tries to get most of he new books. She has a great many subscribers, and if people wou'd only read the book and return it at once, it would be much more satisfactory to every one concerned.

Several well known medical men have gone off for a short holiday. Dr. Slayter has gone to New York from there he goes to Chicago for a week or

Dr. Wickwire and Dr. John Black left on Friday in the "DuartCastle." The latter went as doctor to the ship, as there were a company of the "Berk shire" regiment on board.

Jamaica. Mrs. and Miss Daly left on Monday for New

York. Mr. Daly's term as Lieutenant Governor is up in June next. It is greatly hoped that he wil be reappointed. He and Mrs. Daly are universally popular.

The seventeenth of April is the date fixed for the Subscription ball. The ball is in aid of the "Woman's Work Exchange." It is to take place in the Masonic hall. Mrs. Jerry Kenny is the head and front of the managing committee which argues well for the success of the ball. The King's band is to be in attendance. The supper is given by different ladies so as to make the expenses as small as possible. The price of the tickets is very reasonsonable, two dollars for ladies and three for gentlemen. Judging from the sale of tickets so far, we hope that the debt on the Weman's Exchange will be completely paid off.

The latter while in Boston has been seeing about costumes and properties for a theatrical entertainment he is getting up in aid of the "Church of England Institute." The entertainment takes the form of a musica burlesque written by Mr. Greenwood. Whatever Mr. "Rupe" manages is sure to be worth going to and is always most amusing. The parts are all taken by gentlemen, ladies are left out.

The members of the yacht club will be glad to elcome Captain H. T. Kent back again. He has exchanged with Captain Mills, R. E., and will be here the middle of the month. Captain Kent a ways took a great interest in yachting and with his small boa the "Calypso" won several races. Mrs. Kent is also known here. Sue was a Miss Tiffany, of Washington, and with her sister spent a summer in Halifax. It was here that Captain Kent met her

for the first time.

Another old friend who will be back again this summer is Mr, or I should say Captain (as he has got his promotion), Wilkinson. He comes out on the "Crescent," the new flag ship, as commander. The "Blake" goes home from Bermuda the middle of April.

"Stainer's Crucifixion" is to be sung in St. Luke's cathedral next Friday evening It was given once before this Lent. Tue collection to be taken up is in aid of the organ fund. The new organ will not be here for Easter, but I believe will be out very soon after. Mr. Gatward plays extremely well on the old one, so we shall expect great things

when the new one is put up.

Mr. John T. P. Knight is to give a le ture at St.

Luke's hall on Thursday evening. "The literature and fun of football" is his subject; one is certain of enjoying a hearty laugh, as Mr. Knight is always most happy in his remarks, and also it will help a worthy institution as the proceeds are in aid of the Harvey, R. A., will illustrate the lecture with amusing sketches. Both Mr. Knight and Mr. Harvey are keen admirers of the game and not a match passes without their being present at it.

The "Parisian" was late in starting and had a rough passage be ides, so she did not get in till Monday morning. The Bishop of Nova Scotia, Captain and Mrs. Hartley were passengers by the "Parisian." The latter have taken rooms at the Waverly for the present.
