FEB. 5.—We have sighed so often of late for more reasonable weather and a winter what is a winter, are, just now, receiving a superabundance of "sea-

soning," two months' arrears all at once as it were, and stand (or sit) in imminent danger of being snowed up indefinitely. Therefore if this account of our doings which displays so sadly by its meagreness much that we are not doing fails to connect you will know the reason why.

The papers read the week before deserve especial mention. Miss Baker read a brilliant and comprehensive article on the higher education for women, and afterwards Miss Kate MacKenzie gave an interesting and clever discourse on the same subject, and we, who are not among the clever ones of the earth but who know very well how to listen, which after all is an art in itself, sat quite still when the ladies were asked to speak for that is not an easy matter—half so simple a thing as expressing on paper the opinion of.

H. H. Warner & Co.

Toronto, Ont.

Read what some noted people say about Warner's SAFE Cure, acknowledged to be the best remedy in the world for all diseases of the Kidneys, Liver or Urinary organs.

DR. WILLIAM EDWARD ROBESON, of the Royal Navy of England, wrote to a London newspaper called the Family Doctor as follows: "Having had more than seven years' experience in my profession, I can conscientiously and emphatically state that I have been able to give more relief and effect more cures by the use of Warner's SAFE Cure than by all other medicines ascertainable to the profession."

R. A. GUNN, M. D., Dean of the U. S. Medical College, New York.

"Belonging, as I do, to a branch of the profession who believe that no one school of medicine knows all the truth regarding disease, and being independent enough to use any remedy that will relieve my patients without reference to the source from which it comes, I am willing to acknowledge and commend frankly the value of Warner's SAFE Cure."

DR. ANDREW WILSON, F. R. S., editor of Health, in replying through his paper to a correspondent who had written to him regarding Warner's SAFE Cure, said: "Warner's SAFE Cure is perfectly safe and perfectly reliable."

MRS. ANNIE JENNESS MILLER, the famous leader of dress reform.

"It gives me great pleasure to express my faith in the virtues of SAFE Cure, which is the only medicine I ever take or recommend."

REV. J. E. RANKIN, D. D., LL. D., President of Howard University, Washington, D. C.

"I have known of several persons who regard themselves as greatly benefitted, and some of them as permanently cured of diseases of the kidneys and urinary organs by the use of Warner's SAFE Cure."
