John was a particularly bright, interesting little fellow and last August was one of the two selected to pre sent bequets to the Earl and Countess of Aberdeen upon the occasion of their visit here.

The number of persons attending the Children' carnival at Dartmouth, was not quite so large as could have been desired but this doubtless was owing to the many other attractions on the same evening. The juveniles, however, seemed to enjoy themselves immensely as the music by the 63rd band was excellent and the ice in splendid condition. The costumes were all very pretty and ori. ginal, but among so many of real merit it would be untair to particularize.

Rev. Mr. Gandiers lecture in St. James church was very well attended and was onlie a treat. The lecturer showed perfect familiarity with his subject, "Naples to Vesuvius and Pompe.i."

The recital at the Conservatory of Music last Friday evening was but a repetition of many former brilliant successes. The large audience was in excellent 1 umor and d splayed more than the ordinary amount of enthusiasm. Very marked indeed is the progress made by the pupils and the Conservatory h.s now the largest number of attendants in the history of the in titution. The instrumental numbers were above the average of such performances, and the vocal pieces were all rendered in a most if nished and charming manner. I regret that a programme is not available.
