"77" COLDS

DON'T TAKE COLD. COLDS ARE FRAUGHT WITH DANGER. THE CAUSE OF HALF OUR ILLS.

The city is now full of Colds. At no time, not even in mid-winter, were Colds so prevalent.

To avoid taking Cold, keep the feet dry and wear proper shoes.

A high er shoe on the cold pavements, even for one evening; a low-neck flannel cast aside, "just for once," to wear a high-top gown, are fraught with danger.

A change from a thick business suit to evening dress, weakens many a young man.

Coming from a heated hall, theatre or room, is a frequent cause.

Even the devout, in the often poorly ventilated and poorly heated houses of worship, are not free from danger.

If you will use care in dress, avoid unnecessary exposure, and carry and take "77" on the slightest suspicion of a cold, you will keep well.

There are whole families in this community that never leave home without "77" as a protector.

"77" cures Colds, Grippe, Influenza, Catarrh, Pains and Soreness in the Head and Chest, Cough, Sore Throat, General Prostration and Fever, and will "break up" a Stubborn Cold that "hangs on," preventing Pneumonia and warding off Consumption.

A number of Moncton ladies under the leadership of Mrs. T. V. Cooke, have organized a minstrel club, and intend giving an entertainment in the Opera house, either during Easter week or shortly after. I have not had the privilege of being admitted behind the scenes, but I understand an excellent authority that the ladies acquit themselves so admirably, as to render the success of the "show" a foregone conclusion and remove any doubts which may have existed as to their ability to rival the sterner sex on the ground which has hitherto been considered the exclusive property of "the tyrant man"—the realm of burnt cork. I speak literally, for I am glad to say that the lady minstrels have decided that it would be incongruous to graft a ball point upon a minstrel show, and instead of appearing as Albinos will make their bow to the Moncton public as genuine plantation darkies. The funds will go to aid the Amateur Athletic Association in paying off the heavy debt on their ground which had burdened the association for so long.
