The amusements at present are chiefly confined to outdoor ones and every one seems to be enjoying the lovely weather we are having just now for the warmer spell we usually have at this time seems to to have passed us by, though we would be grateful for a little of the heat which other places seem to be rejoicing in. Tennis seems to be the favorite pastime, and a number of meets have taken place.

The Garrison Tennis club gave its first day of the season on Tuesday, and had a large attendance. nearly all the guests being ladies, in very fresh and pretty frocks, as regards the spectators. Ladies who played during the afternoon had to wear much plainer and more workmanlike toilettes.

Tea was served as usual, very excellent tea too, and most welcome to players and non-players. The band played during the afternoon and it was altogether a very bright and pleasant party. Tuesday was to have been the opening day of the polo season, but it had to be postponed till the next day as the tennis club had secured the band for Tuesday .

The opening day of the season took place at the Polo ground on Wednesday, and I hear that the Polo club mean to have a similar day once a month throughout the summer. There were plently of chairs on the grass on Wednesday, tea being served in a tent instead of merely a table being spread as on ordinary days, and the band of the King's regiment played during the afternoon.

There were a good many people present, though not so many people go to polo matches as to cricket, and I hear that everyone looked very smart and resh in new summer clethe .

Mr. and Mrs. Daly were there and Mrs. Erskine and a good many other people, among them Mr. Alexander, who arrived last week from England.

The south end lawn tennis club also had their opening day on Wednesday, and many went there first and to polo afterwards. The club has opened under unusually favorable conditions. The grounds are much better this year than last, and quite a number of new members have joined-between twenty and thirty I heard someone say, but cannot wouch for the accuracy of the statement. Wednes day there was an unusually large attendance, espe cially of ladies, the men, during the early part of the afternoon, being conspicuous by their absence. The five courts were constantly occupied, and patience with a very large P. had to be exercised before one was able to take part in a game.

Mr. and Mrs. Will am Duffus returned last week via New York from England, where they have been on long visits to their daughters, Mrs. Troubridge

and Mrs. Middlemas. Major and Mrs. Waldon are back from a short sojourn in Boston' and Mrs. James Morrow from Toronto, where she has been the guest of her mother, Mrs. McDonald. Mrs. Morrow was at delegates from the Halitax branch Woman's Council to the meeting of that body recently held in Toronto. The Rev. A. J. and Mr. Townend were passengers on the St. John City and are at presen the guests of Mr. a d Mrs. William Stairs, whose golden wedding occurs very shortly. Mr. Townend has kindly consented to g.ve a lecture while here for the benefit of one of our most energetic societies and I believe it is to come off at an early date.

General Montgomery Moore and Capt. Colbourne are expected next week, though I have not heard if Mrs. Montgomery Moore and the Misses Colbourne will come with them.

Among the very latest arrivals, by the way, is Mrs. Kent, who came from New York this week to join her husband. Mrs. Kent is anything but a stranger in Halifax society, and people will be glad to welcome her back again, as she was most pepular here before her marriage.

Gentlemen: Last November my child unfortunately stuck a nail into his knee, and for some tme we thought he would lose the limb. I was advised to take him to Montreal and have the limb amputated to save his life. But I got a bottle of your MIN-ARD'S LINIMENT, and within three days my child was all right and I feel so grateful that I wis you to use this testimonial, so that others may learn the merits of your wonderful iin-
