MONCTON.

[Progress is for sale in Moncton at the Moncton Bookstore, at the Central Bookstore and at E. J. Bookstore.]

JUNE 12.—It would so rarely sound well to men the oars of a great band, and a circus, in the same sentence, but it was difficult to watch the crowds that thronged Main street last Saturday, and hung around all the highways and byways leading to Victoria rink, without thinking of a country town, or circus day. I don't know whether it would be safe to conclude that the musical character of the masses is making rapid strides in our city, lately judging by the number who nestled lovingly to the wall of the rink, and soaked their souls in the liquid strains, without money, and without tickets; or whether the love of a free show which seems to be part of our common nature, would be the truer solution, but it is certain that there was scarcely a pane of glass in any of the windows which did not seem as a frame for the face of a small boy, absorbing music "through the pores," as well as the ears.

It was a great event for Moncton, of course, and everybody made the most of the opportunities and wore their very best clothes.

I do not think I ever saw so many strangers in town, the famous band seemed a powerful magnet which drew visitors from all parts of the country to the city, who our envious rivals delight to describe as "smoky."

Among the visitors from Sackville were Mrs. Josiah Wood and Miss Wood, Rev. Cecil F. Wiggins, rector of St. Paul's church and Mrs. Wiggins, Mr. and Mrs. A. F. Allison, Mr. and Mrs. W. C. Muner, Mr. H. A. Powell, Mr. F. B. Black and Mr. Thomas Murray. Laly Smith and Mrs. Joshua Caender drove up from Dorchester on Saturday morning, and the shirewots was also represented by Mrs. George W. Chandler, Miss Hanington, Mr. A. J. Borden were among the visitors from Amherst, and from Campbellton, Hillsboro, Shediac, Albert and Chatham, visitors poured in. There is usually spoken of as the month of weddings, as well as the month of roses, and certainly is keeping up its reputation this, so far as Moncton is concerned. Indeed so rapid, and thorough has been the deposition of the ranks of bachelors and maidens, that I fear there will not be enough left to give what is called an "unmarried dance," next week.

The latest accession from the gilded bachelorhood of the city is that of Mr. M. B. Jones, youngest son of Mr. Oliver Jones, who was married this morning to Miss McCurry, of St. John. The ceremony took place at half past six o'clock in St. Lawrence Presbyterian church, and was performed by Rev. Dr. Bruce. The Evolution of the Tin Can.

Thousands of these cans are gathered in American cities every week and made into shining sheets, which are used to decorate or cover large travelling trunks. A number of factories for the conversion of buffeted, and battered cans and other tin refuse from the ash heaps have sprung up in recent years, and the business is a growing one. The cans are collected in various ways, but principally from the city ash heap and the hotels and the large boarding-houses. At the factory the soldered seams are subject to an intense heat in such a way that the solder runs into a receptacle and is carefully saved and sold. It brings 12 cents a pound, and the profit from this source alone almost pays the expense of gathering and handling the cans. The tops and bottoms of the cans are melt d and turned into window-sash weights. The labels on the tin plate are easily taken off after having been thoroughly rolled flat by machinery. As the insides of the plates are not much discolored by the contents of the can, they present a clean surface and make excellent coverings for trunks, the seams being hidden by the trunk braces, either of wood or sheet iron.

I was at last recommended to give Dr. Williams' Pink Pills for Pale People, and after using eight bottles (using it internally and externally), in a complete cure. I do believe it is the best medicine in the world, and I write this to let others know what it has done for me."
