Exercthing is narticularly quiet here just nov

and it is a very fertile pen that can find anything to 78 chronicle this week People are going away to r the summer or settling quietly down for the season. Admira' and Mrs. Er kine, Col. Leach, and Majer Brady have gone on a salmon fishing trip to Bonaventure. During the absence of Mrs. Erskine and the Admiral, Admirality house is undergoing some very necessary repairs.

The Governor, Mrs. and Miss Daly went to Louisburg to attend the celebration there, his honor attending in an official capacity. Among the other well known people who also went wers: Hon. A. G. Jones, W. H. Hill, Mr. Crofton, Mr. Fielding. The party were joined by prominent persons from other

There is to be a large techis party at Wellington barracks, this atternoon, and I am told that it is only the first of several "at homes" to be given by Colonel Stone and the officers of the King's.

The garrison had a very preity cricket match on the new ground, fast week. The new site is a very convenient and delightful spot for matches. That of Thursday, was between the regiment and others of the garrision, and it is reported that several more are to take place this season, as it has been a long time since there has been a garrison cricket ground .

The Yacht club was very crowded last Saturday. although we have had very many pleasant days this season. The club is as pleasant a resort as ever and there were many new gowns there on the open. ing day. I am told that Capt. Kent, R. E, will shortly own a vacht of his own, as both he and Mis-Kent are greatly interested in yachting.

There have been several small tennis parties late. ly and one or two very pleasant teas on board the flag ship, where th re will probably be an afternoon dance in the near future. I also hear of garden parties, and one for July is anticipated by the more staid and dignified element of cociety.

Kentville is getting to be quit: a summer resort for a number of Halifax people, several persons having already gone thather until the hot weather is over. Among the latest to go were Mrs. Andrews and Mrs. James Thomson, who have gone for the benefit of Mr. Arthur Toomson's health. Mrs. and Miss Graham have just returned.

And still another triumph for "Hispania." It is really wonderful what a success this aff ir has had and this last performance called for h ju-t as much enthusiasm as did the first one of all.

Last Saturday the first ladies day of the Yacht Squadron turned out so cold that a fi re was a very desirable luxury instead of the cold wind encountered while watching the boats. There were one or two new costumes but heavy wraps were the order of the day, consequently I have not much to ay

regarding the dresses. Guest day at the South en tennis club was not quite so warm as was desirable, and those who merely come to look on found it very raw and Some people prefer a warm day for tenuis but I think so far as the players are concerned cool weather must be much more comfortable and enjoyable. The Garrison meet however was intén-ely warm and the many duck suits worn were very cool looking costumes.

Mrs. Andrew Mitchell gave a very pleasant tea on Wednesday afternoon in honor of Miss Barse, Mrs. and Miss Francklyn have returned from Bermuda as also have Mrs. and Mr. F. Wainwright, who have been spending the winter there.

Mrs. Edward Kenny has returned from her trip to the South of France, where she was for the benefit of her health.

A Good Story.

A story is going the rounds at the expense of one of the best known men of this place. We shall not mention his name, but you know him. Of rather determined mien, he has of late been showing signs of mental agatation. He wears a full beard, but a few days since his wife, much to her alarm, found him sharpening his razor. She thought his was unhinged and went into hysterics. Explana-tions followed and it was found that life had for him still some charm. He intended to use the razor on painful corns. A friend who had used Putnam's Corn Extractor with success advised its use, with he following results: Man quite happy, wife ditic, razor sent away. Use Putnam's Corn Extractor. Mr. W. B.
