

DISEASED LUNGS

CURED BY TAKING

VER'S Cherry Pectoral.

"I contracted a severe cold, which settled on my langs, and I did what is often done in such cases, neglected it. I then consulted a doctor, who found, on examining me, that the upper part of the left lung was badly affected. The modicines he gave me did not seem to do any good, and I determined to try Ayer's Cherry Pectoral. After taking a few doses my trouble was relieved, and be-fore I had finished the bottle I was cured." —A. LEFLAR, watch maker, Grangeville, Ont.
