

Thomas A. Johns. CURED BY TAKING AYER'S Sarsaparilla

"I was afflicted for eight years with Salt Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, and before I had finished the fourth bottle, my hands were as free from eruptions as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, but the trouble has never returned." - THOMAS A. JOHNS, Stratford, Ont.

THINGS OF VALUE. We hear and read of many men whose honor is like flint; But I know a man so honest That he never took a hint. Nearly all infants are more or less subject to diarrhoea and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint. "The songs of nature never cease." When winter's wind-sweeps die, In come the birds, with hymns of peace, And joy and love on high.

Colic and Kidney Difficulty.—Mr. J. W. Wilder, J. P., Lafareville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find Pargue's Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used. In fact so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body. The wind-brood sweeps so wondrous clean That when you hear it upon high Go swishing by, so swishing by, You may be sure the sky folk mean To make their homes all fair to be, Garrisoned, and gay as gay can be, O' nights, for starry company. Mr. T. J. Humes, Columbus, Ohio, writes: "I have been afflicted for some time with Kidney and Liver Complaint, and find Pargue's Pills the best medicine for these diseases. These pills do not cause pain or griping, and should be used when a cathartic is required. They are Genuinly made and rolled in the Flour of Licorice to preserve their purity, and give them a pleasant, agreeable taste. It is better to say, "This one thing I do," than to say, "These forty things I do."

Totally Deaf.—Mr. S. E. Grandell, Port Perry writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies, and consulting several doctors, with out obtaining any relief. I was advised to try Dr. THOMAS' ELECTRIC OIL. I warmed the Oil and poured a little into my ear, and before one half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine." The autograph letters, testifying to cures made by Ayer's Sarsaparilla and other preparations are kept on file at J. C. Ayer Co's office, Lowell, Mass. They are from all over the world and are cheerfully shown to anyone desirous of seeing them. They used to sing some time ago A rather plaintive song; "It seems like little here below, Nor wants that little long." But nowadays the song is set With music in the rhyme; Man wants as much as he can get, And wants it all the time.

For every variety and phase of the many diseases which attack the air-passages of the throat and lungs, Ayer's Cherry Pectoral will be found a specific. Its anodyne and expectorant qualities are promptly realized, and it is always ready for use. It is estimated that greater quantities of gold and silver have been sunk in the sea than are now in circulation on earth. There is no excuse for any man to appear in society with a grizzly beard since the introduction of Buckingham's Dye, which colors natural brown or black. In some parts of Germany perch are caught and carried alive to market, sometimes a distance of forty or fifty miles, and, if not sold, brought back to their tank or pond to await another occasion for sale. Miss Blossom: "I didn't see you at the Barclay ball." Miss Budd: "It was probably because I was surrounded by men all the time." You Don't Have to Swear off. says the St. Louis Journal of Agriculture in an editorial about No-To-Bac, the famous tobacco habit cure. "We know of many cases cured by No-To-Bac, one prominent St. Louis architect, smoked and chewed for twenty years; two boxes cured him so that even the smell of tobacco makes him sick." No-To-Bac sold and guaranteed no cure no pay. Book free. Sterling Remedy Co., 374 St. Paul St., Montreal.
