It is not generally known, but it is a fact readily proven by the investigations of science, that the real danger from every known ailment of mankind is caused by inflammation; the disease in each case. Inflammation is manifested outwardly by redness, swelling and heat; inwardly by congestion of the blood vessels and growth of the mation frequently causes outward swellings; as instances familiar to all we mention pimples, tooth-ache, stiff joints and rheumatism. Yet the great majority of internal inflammations make no outside show, for which reason they are often more dangerous than the external forms. Causes Every Known Disease!

Inflammation of the nervous system embraces the brain, spine, bones and muscles. The breathing organs have many forms of inflammation; such as colds, coughs, pleurisy, bronchitis, etc. The organs of digestion have a multitude of inflammatory troubles. The vital organs form one complete plan mutually dependent; therefore inflammation anywhere is felt more or less everywhere, and impairs the health. The late Dr. A. Johnson, an old fashioned Family Physician, originated JOHNSON'S ANODYNE LINIMENT, in 1810, to relieve pain and cure every form of inflammation. It is today the Universal Household Remedy.

Send us at once your name and address, and we will send you free our New Illustrated Book, "TREATMENT FOR DISEASES," caused by inflammation. I. S. Johnson & Co., Boston, Mass.
