[JULY 2.—The garden party given by the ladies of the congregational church "Brookside" the beautiful home of Mrs. Charles F. Todd, was the only thing in the way of entertainment since my last letter. It was a gay affair and was well patronized by the elite of St. Stephen and Calais. The grounds which are very extensive, and full of charming walks, summer houses, seats, and a pretty rustic bridge over a lovely brook, in which grow numerous water lilies, was brightly illuminated with Japanese lanterns, colored lights and torches. A band played lively airs throughout the evening, which added much to the enjoyment of the guests, who promenade the rose, piazzas and walks. Ice cream and cake was served as the guests desired it, and everything was done by the hostess and the ladies in charge to make all enjoy themselves and to judge from the pleasant comments that are made, there was no one present who has not happy memories of this truly delightful evening.

Wyoming has 44 mountain peaks, each more than 10,000 feet.

Mountain Shasta, the celebrated volcano of California, is 14,450 feet high.

Agitation in the world of homoeopathic medicine is the very soul of progress, as in politics and religion—the difference of opinion and the individuality of men have been parents of the disagreement, and the standard of these bodies has been elevated. So with most of our famous preparations—foremost in illustration of which, third stands the "Quinine Wine"—and which, when obtainable in its genuine strength, is a miraculous remedy for all febrile and stimulant, to the general fertility of the system. Quinine Wine and its improvement has, from the first discovery of the general virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonic and life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skillful observation and scientific opinion has pointed out in the less perfect preparations of the past. All druggists sell it.

There are so many good medicines in the market that it is sometimes difficult to tell which to buy, but if we had a cough, a cold or any affliction of the throat or lungs, we would try Bickie's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is as pleasant as syrup.

The dome of the capitol in Washington is 300 feet above the level of the sea.

The Proprietors of Farnell's Pills are constantly receiving letters similar to the following, which explain itself. Mr. John A. Beam, Waterloo, Ont. writes: "I never used any medicine that did me quite so much good as Farnell's Pills for Liver and Kidney Complaints. The relief experienced after using them was wonderful." As a safe family medicine, Farnell's Vegetable Pills can be given in all cases requiring a Cathartic.

Can Recommend It. Mr. Enos Bornbury, Tuscarora, writes: "I am pleased to say that Dr. Thomas' Eucalyptic Oil is all that you claim it to be, as we have been using it for years, both internally and externally, and have always received benefit from its use. It is our family medicine, and I take great pleasure in recommending it."

Birds that Stole a Nest.
Nature tells a tale of a pair of rooks, evidently young birds, that strove in vain to build a nest. The wild each time blew the foundation down while the rooks, which fly far for nest materials, instead of taking those close at hand, were away. At last, despairing of building a home by legitimate means, they tell upon a completed nest of another pair while the owners were absent, tore it to pieces and built a nest foundation that would stand in the wind. Then they made a superstructure in the clumsy and inexperienced way that young birds always do.

Rev. F. C. Hedley, 607 Huntington Avenue, Boston Mass., I can fully endorse the one written by my friend the Rev. George M. Adams, D. D. of Aburduke, Mass. Of all the preparations for dyspepsia troubles I have known, K. D. C. is the best. Dr. Adams' statement is: "I recommend K. D. C. very strongly. In my case it has proved singularly efficient. When I could find nothing else to give relief, it was a prompt remedy." To any address send 10c for a sample bottle. Write for them K. D. C. CO., Ltd., NEW GLASGOW, N. S. 197 STATE STREET, BOSTON.

WHEN YOUR GOWN Hangs Well...
and keeps its graceful style all season through, ain't you pleased?
This is a certainty when you use **Fibre Chamois.**
because its stiffness and flexibility last through everything, and it keeps your skirts, sleeves or wraps from becoming limp or out of shape no matter what usage they receive. So look for the Red Star Label on each yard to avoid imitations, and then you'll be sure of the best results.
