Miss Nellie Haney left for Boston Monday for a six weeks' visit with relatives there.

Dr. J. D. Wilson, Mr. F. S. Wilson and Mrs. John Wilson of Boston spent part of this week in the city.

A wedding in which friends of one of the persons mentioned will be interested took place lately in Lynn, Mass., and the event is chronicled as follows in one of the papers of that city:

"The residence of Mr. and Mrs. Samuel Cragg, 916 Broadway, Chelsea, was the scene of a very pretty wedding at 9.30 o'clock Tuesday morning, the contracting parties being their daughter, Miss Julia Cragg, and A. Ernest D'Orray, assistant foreman at the River works of the General Electric Co., Lynn. Rev. J. M. Remick performed the ceremony, which was witnessed by the immediate relatives. The bride was prettily attired in a traveling costume of brown broadcloth, trimmed with tulle silk and velvet, and carried a bouquet of bride roses and maiden hair fern. She was attended by her two sisters, Misses Edith and Mabel Cragg. After congratulations the bridal couple led the way to the dining room, where a bountiful wedding breakfast was prepared. The tables were beautifully decorated with palms, cut flowers and fruit. The many beautiful and ornamental and useful presents testified to the regard in which the young couple are held. As the happy pair left the house en route for Acadia, the Land of Evangeline, showers of rice were rained upon them, and the proverbial old shoe was aimed so unerringly that it entered the carriage with them."

Mr. D'Orray, who formerly lived in this city, and his bride spent Thursday and Friday here and received the congratulations of many friends.

Tired but Sleepless

Is a condition which gradually wears away the strength. Let the blood be purified and enriched by Hood's Sarsaparilla and this condition will cease.

"For two or three years I was subject to poor spells. I always felt tired, could not sleep at night and the little I could eat did not do me any good. I read about Hood's Sarsaparilla and decided to try it. Before I had finished two bottles I began to feel better and in a short time I felt all right and had gained 21 pounds in weight. I am stronger and healthier than I have ever been in my life." JOHN W. COUGHLIN, Wallaceburg, Ontario.

Nothing at Hap-Hazard....

Nothing in the Pratte Piano is allowed to pass with the supposition that it is good enough. Everything is tested—proved—before it passes our sharp inspection. Here is an example. The metal plate in our instruments is tested to 75,000 lbs. pressure per inch, the wooden frame to 10,000 lbs. per inch. Combined string tension of nearly 40,000 lbs. is distributed over the whole scale, so that plate and frame are amply strong to resist all tension.

We are using a new agraffe. Instead of guessing, we calculate, and by machinery invented by Mr. Antonio Pratte, we test the agraffe to 600 lbs., though 75 lbs. is all the strength necessary to withstand the tension of the string on it. The shrinkage and expansion of felt and wood parts is ascertained to the 2,000th part of an inch. Every part treated with equal care, practical and scientific tests. The fact is, no better made piano exists, and no better tone or endurance is possessed by any piano. Come and hear a Pratte Piano first, then you can get ideas for judging any Piano.

How Johnny Lost His Job.

Johnny McGraw was general utility boy about the office, drawing a stipend of \$3 a week. He managed, by frugal habits, to buy a wheel on time, and had it partly paid for. His employer was considerably of Johnny, and more so of the latter's newly acquired appearance of pleasure. He could easily have spared double the price of the bicycle, though he reasoned to himself otherwise. Ill fared the office boy on this account, for the parsimonious employer used to wheel more than Johnny, who had to walk his errands, while the "boss," procuring himself a bicycle suit, monopolized the wheel and wore out the tires. Johnny registered a "kick"—and lost his job.—New Orleans Times-Democrat.

Fashionable Millinery.....

We are now, and have been for years, the leaders *par excellence* of FASHIONABLE MILLINERY—not a mere ordinary stock, sold at ordinary prices, in the ordinary way, but such a collection of

Paris Pattern Hats and Bonnets, and Novelties

that suggest something bigger than Moncton, and something better than you'll find in New Brunswick. It sounds commonplace to say that, but the business we're doing is by no means commonplace.

For the convenience of our St. John customers we have opened

The Parisian Millinery Store,

165 UNION STREET,

where we have no hesitation in saying the finest assortment of millinery ever shown in New Brunswick is now on exhibition.

You are welcome to inspect our Paris Pattern Hats and Bonnets whether you buy or not.
