July 29.—A party of young people of the congregation of Christ church drove to the summer cottage of their pastor Rev. O. S. Newman, on Saturday afternoon, and enjoyed a most delightful picnic and outing. The cottage is built on a point of land extending into Oak Bay and is sheltered by some fine old pine and birch trees making a most charming place to picnic especially when a genial host and hostess are there to give a party a cordial and hearty welcome.

One of the happy events of the week was the marriage of Miss Jeanette Katherine Hughes to Mr. James Murchie which took place last Saturday afternoon at the home of the bride at ten miles from town on the Old Ridge road. The bride looked very pretty in a stylish travelling costume of green moiré, the gown was a turban hat to match. The marriage ceremony was performed by Rev. W. C. Goucher of the Baptist church. Immediately after the ceremony the happy pair drove to the C. P. R. depot and left in the afternoon train for their home in Minneapolis. The bride was a great favorite among her circle of friends and was presented with a number of beautiful gifts as tokens of the esteem in which she was held among them.

The reception given by Mrs. W. A. Cole and Mrs. W. H. Nichols, at Mrs. Cole's residence on Tuesday afternoon to their lady friends was an unusually delightful one. Various amusements had been provided for the entertainment of the guests, who entered into them with great zest and vigor, in spite of the heat of the day. At six o'clock a most dainty supper was served. The party did not return to town until nine o'clock and from that hour until twelve were entertained at the residence of Mr. and Mrs. Robinson with a sumptuous program in which some of the guests participated. The happy young pair then drove to the train and amid the merry ringing of wedding bells, and the boom of cannon left for a wedding trip to be spent by the seaside in the vicinity of Boston. Those who have had their Boating or other Outing Suits lose all their stiffness and style because of the damp air or an unexpected wetting can thoroughly appreciate the value of Fibre Chamois. When the Rigby Waterproofed line is used in costumes, no amount of moisture will affect the graceful stiffness of their outline. The Sleeves and Skirts can't possibly become limp no matter what usage they receive, because this Rigby process makes the Fibre Chamois non-absorbent without changing any of its other qualities and its stiffness outlasts everything.

Be sure of getting the genuine goods by seeing the label on each yard, the many inferior imitations give worthless results.
