Oct. 7 .- The methodist church enjoyed the distinction of having three brides and grooms attend the services in that church on Sunday.

Miss Nellie Murchie gave a 'commerce' party at her home on Tuesday evening which was a most

pleasant affair. A very happy event was the marriage of Miss Ada Bertha Young to Mr. J. Fredric Douglas of this town which took placs on Wednesday morning last in Nashwaak York County, the home of the bride. The ceremony took place in the St. Andrews presbyterian church and was performed by Rev. A. A. McKenzie of the presbyterian church of this

town, who went to Nashwaak especially for the occasion, he was assisted by the pastor of the church Rev. J. S. Mullan. At. eleven o'clock the bride entered the church. She was attired in a handsome bridal costume of white silk trimmed with white chiffon. She wore a picture hat adorned with white plumes and velvet and silver trimming, she carried a boquet of brides roses. She was attended by her niece Miss Gertrude Buchanan, who wore a dainty gown of yellow and white mull, and carried a basket of yellow and white roses. The groom met his bride at the alter. The church was beautifully decorated with flowers and the bridal party stood under a bell of white asters. After the ceremony the bridal party and guests returned to the home of the bride where luncheon was served. Directly after the happy young pair drove to Fredericton, and took the train for St. Stephen where they will in the future reside. There were numerous handsome presents, the gift of the groom was an eiegant gold watch and chain. Mr. and Mrs. Douglas reside on Buchanan street where they are happy to receive their friends.

His Lordship Bishop Kingdom administered the right of confirmation in Christ church on Monday evening to twenty-one candidates. The church was prettily decorated with flowers for the occasion, and a large congregation listened most attentively to the sermon and the Bishop's charge to those who were confirmed.

PROGRESS is for sale in Moncton at the Moncton Bookstore, by W. G. Stanfield and at M. B. Jones' Bookstore]. Ocr. 7 .- One of the saddest accidents which has happened in the vicinity of Moncton for some years took place last Thursday afternoon at Indian Mountain about thirteen miles from the city, resulting in the death of a bright and promising lad of sixteen the only son of Mr. Fred Bush of St George street. The deceased lad accompanied by a chum of his own age named James Bell left town on Thursday morning on a shooting expedition. Young Bell carried a gun, and Fred Bush had a pistol and both boys went against the wishes and without the knowledge of their parents, neither of them being at all expert in the use of fire arms. After walking thirteen miles they struck into the woods and began firing at any oblect which attracted their attention. In some way the gun, which young Bell was carrying at full cock, caught in his sleeve and went off, the entire charge of partridge shot entering the side of young Bush who was scarcely two feet from the muzzle of the gun. After making the wounded boy as comfortable as possible his chum went for help, but on his return lost his way; and it was some hours before the body of the poor lad was found life having then been extinct for many hours. following practical rules : Fix deeply in mind the grand truth that life power rules the body, and that it alone | Where they will find an assortment worth seeing

Life power lives upon air, water and food only; all else is hurtful.

Make cleanliness your motto, and watch against filth in both house and grounds. Few starve for food, but many for air. Breathe deeply a hundred times daily. Wear no tight clothing. Above all ventilate

your sleeping room. Beware of gluttony. If the appetite is dull, eat fruit only or eat nothing. Use no fiery condiments, but live chiefly on natural grains, vegetables and fruits.

> to breathing and digestion and help to cure many diseases. Shun stimulants and drugs as you do

Deformity is not awkwardness only, but

danger. A high chest will give freedom

pestilence. For tea and coffee, drink hot water, and in illness let the same magic fluid be your physic.

Thick blood causes colds and countless other diseases. Keep the lungs active by deep breathing, the skin by baths and friction, the kidneys by free drafts of warm water, the bowels by correct eating, and the blood will be pure.

Spend part of each day in muscular work, part in study and part in good deed to men and in the worship of God.
