

SOCIAL AND PERSONAL

Very deep and sincere sympathy is expressed for Mr. and Mrs. E. J. Armstrong in the sad death of their eldest son, Arthur, a particularly bright and clever boy of nine years and a general favorite.

The residence of Ald. D. J. Purdy was the scene of a pleasant gathering last Thursday evening the occasion being a social in connection with the B. Y. P. U. of the main street Baptist church. Some where in the vicinity of one hundred and fifty young ladies and gentlemen were in attendance each of whom received, upon entering the parlors a half ticket with a disconnected text upon it. It was the duty of the young gentlemen present to find the young lady holding the corresponding ticket and upon doing so he was supposed to sit as her attendant during the remainder of the evening. The plan worked to perfection, the hub-bub of "match" and at times embarrassing results, proving a source of much pleasurable excitement. The catalogue of popular house games was pretty well used up before the evening was spent, music filling in each of the happy proceedings. The social committee were unflinching in the efforts to have all enjoy themselves and that succeeded admirably was the verdict of all. Blue and yellow, the colors of the N. B. Y. P. Unionists were in evidence on every hand. During the evening piano solos were rendered by Mr. Don Edgemon, duets by Misses Nellie Cowan and Maggie Estabrook, Misses Elkin and Cowan and others. Refreshments were served shortly after eleven o'clock, and the party broke up about midnight.

Sound Homogeneity

Is only found in very few of the even high grade instruments. The homogeneity, or uniformity, of tone, in the Pratte Piano is one of the artistic qualities which have helped secure it the title of "The Artist's Piano." No break in quality, no variations in brilliance or softness in transition from the high notes to the low; if you strike one after another throughout the scale, you can discover no difference in the quality of the tone. No matter how loud or gentle, or in what part of the scale, the tones are uniform. Glad to prove these claims to any visitors at our Warerooms.

Grown-up ones want it. A little fellow who lives near us went into a shop some weeks ago to buy a pair of gloves. The shopman stared at his juvenile customer, and asked him what size he took. The youngster promptly informed him. "Do you want kid gloves, my boy? asked the shopman. "Kid gloves," ejaculated his customer. "I'm not a kid now." "I want "grown-up" ones!"

Protection Against Dog Thieves. Minnesota has a society for the protection of dogs from dog thieves. Its membership is over 300, and it protects over 500 dogs mostly sportsmen's pit dogs. The society was organized as a result of the theft of valuable dogs from sportsmen whose hunting trips and the good work of their dogs had been related in a sportsman's paper.

The society pays rewards only in rare instances, but it advertises and tries to secure the conviction of the thief. As a result "lost dog" advertisements have fallen off over 50 per cent. in the daily newspapers of St. Paul. It is proposed to extend dog protection to every state.

THROWING RICE. A Practice That One Railroad is Trying to Stop. "Showering newly-married couples with rice is a very old-time custom and will probably continue for all time to come—and it is a harmless custom. It is fun for the friends of the bride and groom doing the showering, and not harmful to the showered, but in some places is a decided annoyance to others," said a traveling man. "On railroad-trains for instance, where friends follow the couple into the car and in their haste to do their work before the train starts not only shower the newly-married, but everybody who chances to sit within two or three seats of them (and I am one of the victims), to say nothing of covering the floor and cushions with rice. At some stations the friends are not allowed to pass out of the depot waiting-room and the rice is thrown as the couple leave, and others going out at the same time receive a liberal share. The floor is also covered with rice. The New York Central railroad sometime ago issued an order prohibiting the throwing of rice in or about the cars or about the depots, but little attention has been paid to it, and the throwing is done so suddenly that the depot

attaches are unable to prevent it. Yet it does not occur as often now as formerly, and the railroad people are in hopes that it will cease entirely in the near future."

FROM AGONY TO JOY. Acute Sufferings From Acute Rheumatic Ailment Relieved by South American Rheumatic Cure When Hopes Had Been Despairingly Gone.—Mrs. W. Ferris, Wife of a Well-Known Manufacturer, Gloucester, Cheerfully Tells the Story of Her Cure.

"I was for years a great sufferer from rheumatic affection in my ankles, and at times was so bad that I could not walk. I tried every known remedy and treated with best physicians for years, but no permanent relief. Although my confidence in remedies was about exhausted, I was induced to try South American Rheumatic Cure. I purchased a bottle. The very first dose gave me relief, and after taking two bottles all pain had vanished and there has been no return of it. I do cheerfully recommend this great remedy."

A Neuralgia Remedy. For any neuralgia or like pain there is an exceedingly efficacious remedy at hand as has often been proved by people who have tried it. This is equal parts of benzoin and peppermint oil. It may be rubbed on the affected part or a cloth wrung out of hot water may be sprinkled with it. In either case it works like a charm.

A NEW MAN. C. Chapin, Jeweler, of Burk's Falls, Says He is a New Man Since Using the Great South American Nerve-His Testimony is Read by Thousands of Others.

"For years I have been greatly troubled with nervous debility and affections of the kidneys. I believe I tried every proprietary medicine under the sun, but none seemed to give me any relief until I had tried South American Nerve. To my surprise the first bottle gave me great relief. I have persevered in taking it, and can say that I have not felt so well for years. I do heartily recommend this great cure."

NO AVAIL. Adam Soper of Burks Falls Found all Remedies Avail Until He Used South American Kidney Cure—To-Day He is a Well Man And Gives the Credit Where it is Due.

"For a long time I have been a great sufferer from disease of the kidneys. The pains I suffered were the severest. I had tried all kinds of remedies, but all to no avail. I was persuaded to try South American Kidney Cure. Have taken half a dozen bottles, and I can confidently say that today I am a cured man, and can highly recommend this great medicine to all sufferers from kidney trouble."

Importance of Cleanliness. Before plants are brought to their winter quarters, great care should be taken to have them free from parasitic insects, as these multiply so rapidly in the house that they will seriously injure the health of the plant, it not kill it altogether. Aphides and thrips may be dislodged with an application of insect powder, but when the plants are infested with red spider, a thorough washing with sponge and soap suds is necessary. After this the plant should be washed with clean water.

To Catch Them Both. "I think I shall try the two volume system with my next novel," said Timmins. "Isn't that sort of thing out of date?" said Simmons.

"But this is a new scheme. I'm going to marry them off happily at the end of the first volume in the good old style, you know. That will catch the mothers. In the second volume the villain, the elopement and the divorce appear. That will catch the daughters. Isn't that great?" Indianapolis Journal.

MAN AND WIFE IN DISTRESS From Chronic Catarrh—But Instantaneous Relief Follows the First Application of Dr. Agnew's Catarrhal Powder—Don't Neglect the Simplest Gold in the Head it May Develop Into This Disgusting Malady Almost Before You Can Realize it.

Rev. Dr. Bochrer of Buffalo says: "My wife and I were both troubled with distressing catarrh, but we have enjoyed freedom from this aggravating malady since the day we first used Dr. Agnew's Catarrhal Powder. Its action was instantaneous, giving the most grateful relief within ten minutes after first application. We consider it a godsend to humanity, and believe that no case can be so chronic or deeply seated that it will not immediately relieve and permanently cure."

An Angel in the House. For a good, everyday household angel give us the woman who laughs. Her pastry may not always be just right, and she may occasionally burn her bread and forget to replace missing buttons, but for solid comfort all day and every day she is a very paragon. Home is not a battlefield, nor life one long, unending fight. The trick of always seeing the bright side, or, if the matter has no bright side, of polishing up the dark one, is a very important faculty, one of the things no woman should be without. We are not all born with sunshine in our hearts, as the Irish prettily phrase it, but we can cultivate a cheerful sense of humor if we only try.
