The carnival on Monday evening last given by the Private Evening club was in every way a grand success. Keeping the ice to the members of the club was a very sensible move, ensuring the best of costumes and removing the objectionable element, bound to creep in where admission is open to everyone.

The whole of Halifax went crazy over the hockey match on Tuesday. Halifax invaded Dartmouth, old and young, rich and poor, such a crowd on the boats and at the rink! A good natured crowd; although there had been loud rumors of wars and stormy blows nothing came of it, but all went off peaceably and without disturbance.

On Saturday of last week Mrs. Collard gave a large tea—in fact it has been a week of teas. Mrs. James Duffus giving a large one for Mrs. Castens on Thursday, Mrs. Montgomery Moore will on Monday. Miss Jones also had a large tea on Bloomingdale on Thursday, and Mrs. Fyche one on Friday.

On Wednesday evening Mrs. Montgomery Moore gave a dinner for Mr. and Mrs. Castens, followed by a "small and early" dance. It was a very pleasant evening, but, like most dances in Halifax at the present, was deficient in men.

On Thursday night, as already known, the new west wing of the School for the Blind was opened. Mr. Fraser and the managers of this great institution are more than to be congratulated on its great success. It is, in every detail, a first-class educational institution for those suffering from the loss of the great gift—sight.

The R. A. and R. E. gave a small dance last Friday and intended giving another this week, having divided the list, although a number of people have been asked to both.

Miss Jessie Clay, 72 South street, had a very pleasant afternoon tea on Thursday of last week. There were a large number of her lady friends present, who spent an hour very agreeably.

It is said the Dartmouth private evening committee intend holding a fancy dress carnival in the Dartmouth rink on Thursday evening, Feb. 18. As this is the first attempt this winter it will no doubt be a good one, and the attendance very large.

TRURO.

Prof. and Mrs. Russell gave a snow-shoe tramp

There are thousands of sickly school-girls all over this broad land that are dragging their way through school-life who might enjoy that abundant life which belongs to youth by simple attention to hygienic laws and a proper course of treatment with Scott's Emulsion. This would make the blood rich, the heart-beat strong; check that tendency to exhaustion and quicken the appetite by strengthening the digestion. Our book tells more about it. Sent free.
