Last week was simply crowded with picnics of all sorts, as befitting the perfect weather. Mrs. Twining's dance on Tuesday evening was the only one of the week and was most enjoyable and perfectly managed.

Mrs. Twining was very prettily gowned, as usual, and made a charming hostess. Her supper table was the prettiest one of the season, and the flowers and decorations of the dance general were wonderfully pretty.

The more serious minded portion of society betook itself on the same evening to the Shakespeare recital at Ophelus hall, where there was one of the largest and most fashionable of audiences.

On Thursday afternoon there was a cricket match between the Army and the Navy on the Garrison grounds, with a band, tea and a smart assemblage of spectators.

Mrs. Montgomery Moore resumed her home duty last week, which will be on Friday in the future. This weekly gathering has been much missed.

The engagement is announced of Mr. G. E. Francklyn, jr., and Miss Howard of Baltimore, who is a sister of Mrs. Willis of this city.

On Friday afternoon Mrs. Evans-Gordon had a tennis party and "at home" at Wellington barracks which was very pleasant and not too large.

Mrs. M. R. Morrow gave a picnic on the same day on the other side of the Arm, so that society was more or less divided.

There are numerous tea parties on board the various yachts anchored in the arm and on the steam launches going round, but the general rendezvous at Thornvale will be wanting.

There is still another engagement in Halifax society, that of a young and wealthy lady now in England, to an English gentleman of position.

Miss Forbes sister of Mr. Forbes, R. A. has also returned and will spend the summer here.

If the public may judge from press notices, it is pretty certain that we are to have a very superior theatrical organization in the Miles Ideal Stock Company which begins a two weeks engagement here on Monday evening.

Mr. W. S. Dalas returned last week and will be warmly welcomed by her many friends.

Digby is full to overflowing with summer tourists and still they come.

If we told you that your baby was starving, that it actually didn't get enough to eat, you might resent it. And yet there are thousands of babies who never get the fat they should in their food or who are not able to digest the fat that they do get. Fat is a necessity to your baby. It is baby life and baby beauty. A few drops of Scott's Emulsion for all little ones one, two and three years of age is better than cream for them. They thrive and grow on it.
