Last week was gay with dinners teas and two enjoyable dances, even though most of the functions were given for people going away.

Mrs. Slayter had an informal tea on Monday afternoon and there were several others of the same kind, notwithstanding the fact that there was a scarcity of men owing to the mobilization. In the evening there were two dinners, one of which was at Oaklands by Colonel and Mrs. Leach.

Mrs, Montgomery Moore was at home on Friday having resumed her day for the winter.

On Tuesday afternoon Mrs. Townshen I gave a large "at home," and her rooms were crowded throughout the afternoon, the tea-room especially. People were very smartly turned out, and the smart hats to be seen were legton. Mrs. Townshend herself looked particularly well and was, as usual, an ex ellent hostess. There were fewer men present than is usual at Halifax teas, but there was a vast number of ladies, and among them severa new and prett 7 faces.

Tuesday evening was taken up by the very pleasant and successful dance given by Mrs. John F. Stairs in her pretty house on South street, which has just been done up. The dance was given for Miss Bell, who has been making a long visit to her sister Mrs. Stairs, and for Miss Geraldine Stairs, one of this summer's debutantes. Only girls and men were invited, with the exception of three or four married couples, in imate friends of the hostess.

Dancing was in the drawing room, which is a large room, and the floor being excellent was most energetic. There were any number of men at this dance, which added greatly to its success; and of course a capital supper, which was appreciated by the guests in spite of the youth of most of them.

Among the debutantes was Miss M. Corbett, who has just returned from school in Germany, and was looking charming in white. Miss E. Stairs also looked particularly well.

On Wednesday after the football match Mrs. James Duffus had quite a large tea at which nearly all the guests were young and unmarried. It was an exceedingly pleasant party and a very pretty one. Miss McNutt who is staying with Mrs. Duffus assisted her in the duties of hostess.

In the evening a dinner was given at Government house chiefly for the ladies who left this week for Bermuda and the West Indies.

Lieut. Crichton, R. A., who expected to go to St. Lucia with his battery, has been ordered to India, where he and Mrs. Crichton left for last week. Several farewell teas were given in their honor, and a dinner was given for Mr. Crichton by his brother officers, among whom he is most

Mrs. Stewart and her little son arrived last week in the St. John city from England and will make a visit to Mr. and Mrs. Secton. Mrs. Stewart's many friends wiil be glad to have her once more in Hal!-

On Thursday evening a dance was given by Mrs. Robertson at her house on Pleasant street, which is admirab'y adapted for entertaining. There was plenty of room for dancing, as the guests only numbered about seventy, and all the arrangements

plagues kill in fifty. Tens of thousands of intelligent people recognize that they are threatened by this deadly disease, but take

no precautions against it. Consumption approaches its victim step by step. First there is a little "out of sorts" feeling, the digestion isn't just right, the appetite falls off, the liver is inactive, the assimilation of the life-giving elements of the food is imperfect, the blood gets impure and the body is improperly nourished. These conditions get worse and worse. The heart through the arterial system is pumping thin, poisonous blood into every organ of the body. The organs that are inherently weakest break down first. Ordinarily the lungs. As the last straw that breaks the camel's back comes a cold, however slight. This, with the accompanying cough, completes the work and an invasion of the germs of consumption follows. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption. It corrects the conditions that lead up to it. It is the great-

est blood-maker and flesh-builder known. K. C. McLin, Esq., of Kempsville, Princess Anne Co., Va., writes: "When I commenced taking your 'Discovery' I was very low with a cough, and at times spit up much blood. I was not able to do the least work, but most of the time was in bed. I was all run-down, very weak, my head was dizzy, and I was extremely despondent. The first bottle I took did not seem to do me much good, but I had faith in it and continued using it until I had taken fifteen bottles, and now I do not look nor feel like the same man I was one year ago. People are astonished, and say, 'well, last year this time I would not have thought that you would be living now.' I can thankfully say I am entirely cured of a disease which, but for your wonderful 'Discovery,' would

have resulted in my death."

#### HER INTERESTING STORY.

A well-known Brighton lady tells what she thinks regarding Heart Trouble, and how to cure it.

Mrs. Stephen P. Clapp tells what Milburn's Heart and Nerve Pills did for her. Mrs. Clapp says, "I have been a sufferer from extreme nervousness for years, and for the last two years my heart has

troubled me greatly. I could not sleep soundly, and would often awaken with a start, together with a curious feeling as if my heart had stopped beating, and it would be some time before I could recover myself. At times I became very dizzy, and a mist gathered before my eyes. I have taken many kinds of patent medicines, but could get nothing to relieve me. Finally I received a box of Milburn's Heart and Nerve Pills, and am glad to say that they gave me relief in a very short time. I now sleep well, my nerves are steady and strong, and I am better in every way than I have been for years.

I can recommend Milburn's Heart and Nerve Pills very highly to those suffering from any trouble affecting the heart and nerves, for I know that they have been a great boon to me."

(Signed) MRS. STEPHEN P. CLAPP, Brighton, Ont.

Some very pretty dresses were worn, the Misses Robertson looking especially well. The dance was a late one, as people were in no hurry to leave, and in all ways was one of the best of the season.

The Governor General, Countess of Aberdeen and Lady Marjorie Gordon with suite arrived at Woodstock by special train at eleven-thirty, and were met at Queen street station by Mayor Hay and several members of the Counci. Jones. occupied chairs on the platform with the Governor General and Countess of Aberdeen.

Lady Aberdeen treated her subject in a most logi cal and practical manner, making the end and object of her scheme very clear to her audience, and impressing the value of the Order of Nurses on the minds of the assembled people. Her address was received with much enthusiasm. A committee of ladies and gentlemen was then appointed to aid iocally in the work of establishing the Order. Her portrayal of the calmly dignified and greatly injured Leontes in his wrath and malignity was splendid, and the complete change of facial expression, voice and manner as she personified Hermione was marvellous. The demure sweetness of "Perdita the jocularity of "Autolycus", and the uncouth mannerism of "Cleown" were each in their way a perfect character representation, and showed plainly the wonderful versalitity of talent possessed by this young lady.
