Already lovers of good music are looking forward to the great event of the season, the appearance of Evans Williams the great tenor who will be heard here on two evenings the 1st. and 2nd of December. The event will be one of rare pleasure and will no doubt be taken advantage of by the great majority of citizens. Williams has won a high place in the musical world and stands acknowledged the best tenor in America. His work at the recent Maine musical festival created a sensation, and he is said by some of the best critics to have eclipsed Nordica, who was the bright particular star of the gathering. An event of great interest in connection with the concerts will be the appearance of Mrs. F. G. Spencer, who has not been heard here for a long time and who will be warmly welcomed by all who have pleasant recollections of her lovely voice, which for some time has been undergoing further cultivation by the best teachers in New York.

The success of the recent Clary Concerts, managed by Mr. Spencer is sufficient guarantee that he will provide only the very best talent. And as he makes a special effort to avoid anything that is passe, or in fact not absolutely new to St. John audiences, there is not the slightest doubt of the success of his coming concerts. Several other names to be announced later, will appear on the programme.
