Nov. 10.—The marriage of Miss Elizabeth MacNichol, eldest daughter of the late Hon. Archibald MacNichol, to Mr. Albert Forbes Conant of Boston has been a topic of most absorbing interest during the past month, among their numerous friends. Miss MacNichol accompanied by her mother and her sister Miss Helen MacNichol, and Mr. and Mrs. Frederic Pike MacNichol left on Saturday for Boston where they will remain until Monday when they proceeded to New York city, where the marriage will take place today in St. Thomas' church in that city, the rector of that church being an intimate and early friend of Mr. Conant. This church is famous for notable weddings, it was the scene of the marriage of the Duke of Marlborough to Miss Vanderbilt, and also of the Earl of Craven and Miss Bradley. Martin and seems to be the choice of churches for weddings among the four hundred of New York city. The church is to be adorned with flowers and palms, for the occasion, and the wedding march is to be played by a celebrated musician, and is to cost a sum of money high up in the hundreds. The bride is to be attired in an elegant Parisian gown of pearl colored ottoman silk, trimmed richly with rare old lace, of almost priceless value. She will also wear a large picture hat of black velvet trimmed with black and pearl colored ostrich plumes. There are no bridesmaids and only the friends of the immediate families will be guests. After the ceremony and congratulations the happy pair will say good bye, to their friends at the church, and will drive to Hotel Astoria where they will remain for a week, they then leave for an extended tour through the Southern States, lingering in Florida where Mr. Conant owns a beautiful residence. On their return North to their home in Boston, they will reside on Arlington street. The wedding gifts which were literally showered on the bride were magnificent, the most beautiful unique and rare ever received by a bride of the St. Croix. Miss MacNichol has been a belle for several seasons, but during the past two years mourning the death of an idolized father she has with her mother and sister lived very quietly and in seclusion. She is well known in Bangor, Boston, New York City and Bar Harbor, where with her family she has spent several seasons enjoying the society and gay doings of the elite of these cities among whom she was an admired belle and favorite. She is one of the fairest of the daughters of the St. Croix, being a blonde with hair like spun gold and is also gifted with a charming soprano voice and gentle sweet manners that are most winsome and gain for her golden opinions and many friends and it is with sincere regret of all her friends, she leaves Calais to make her future home in Boston. Mr. Conant is one of Boston's popular wealthy and influential citizens, and in winning Miss MacNichol for his bride, he has the congratulations of all who know her and many good wishes for their future happiness.

Mr. and Mrs. George Downes have invited the ladies and gentlemen of the DeMoss club to be there guests at a theatre party this evening.

Calais is to have a most charming addition to society as General and Mrs. B. B. Murray of Pembroke have purchased the Downes homestead and grounds surrounding it, with the exception of the extensive lawn on the eastern side, which was reserved by Mr. George Downes who intends next year to build a modern and excellent residence for himself. General and Mrs. Murray will occupy their new home at an early date.

Miss Carolyn Washburne has gone to Boston where she will spend the winter.

Mrs. Percy Gillmor has gone to New York city to meet her mother Mrs. B. Kelley and her sister Mrs. Walter Osborne who are expected to arrive from England this week. Mrs. Kelley and Mrs. Osborne have spent the past year in England where they were guests of Mr. and Mrs. Henry Osborne.

Mr. Walter Parry of St. John has been registered at the Windsor this week, spending a few days calling on friends.

A chrysanthemum show, and sale in the book store of J. Vroom and Co., on Saturday, was the centre of attraction and greatly admired. The bright golden and snowy beauties found a speedy sale and are now gracing many conservatories and drawing rooms both here and in Calais.

The young ladies of Trinity church will give one of their famous suppers tomorrow evening in Trinity school room for the benefit of their church.

Lady Tuley has been visiting her mother Madame Chipman at "The Cedars".

Mrs. Howard McAllister has returned from Toronto where she has been the guest of Mr. and Mrs. Walter Bradlee.

Captain and Mrs. John D. Chipman have returned from Toronto.

Much to the regret of her numerous friends in St. Stephen, Miss Maud McKewen has returned to her home in St. John. Miss McKewen spent the summer and autumn with her sister, Mrs. George J. Clarke.

Miss Edith Newham has gone to Canoe Nova Scotia, to spend the winter with Mr. and Mrs. Frederic S. Newham.

Mrs. C. H. Clarke and Mrs. Henry Graham enjoyed a delightful sail to Deer Island, where they visited Mrs. Frederic Richardson.

Mr. and Mrs. James Murray are enjoying a trip to New York city, combining both business and pleasure.

Mr. and Mrs. Edwin B. Todd are in Boston where they will spend a month enjoying the pleasures of the fine concerts, opera and theatrical entertainments, now in full blast in that city.

Mrs. Hazen Grimmer has arrived from Boston after a pleasant visit of a month in that delightful city.

Mr. and Mrs. Edgar Hitchcock (nee Miss Celia Brown) are expected from the City of Mexico next month to spend Christmas, their visit will be a short one, and when they return to Mexico they will probably be accompanied by Mrs. David Brown who will make an extended visit in that country.

THE RESORT

Rev. T. C. Mellor, Rural Dean, Christ's Church Rectory, Guysboro, N. S., referred recently to K. D. C. in the following words:—"I have much pleasure in bearing testimony to the value of K. D. C. for indigestion, I have been a victim of Dyspepsia for some time but your remedy has worked wonders. Whenever the slightest symptoms return I resort to K. D. C. and instant relief is the result. I never fail to recommend K. D. C. wherever I go." Can more convincing proof be called for than the above. We say emphatically that K. D. C. is the Greatest Cure of the Age for Indigestion. The K. D. C. Pills are splendid for the Liver and Bowels and cure chronic constipation when used with K. D. C.

No Knife, No Plaster, No Pain,

We do not claim to cure ALL cases of Cancer and Tumor. If we did we would claim to do that which is beyond the power of man, even in this age of advancement. Our Dr. Mason has probably successfully treated more cases of Cancer and Tumor than any other physician on this continent, and if you are troubled with either of these diseases, we will give you his candid opinion, free of all charge. He thinks your case too far advanced to expect a cure he will be frank with you. It is what you want, write us for our symptom blank. It will cost you just six cents for postage, etc.

Our method of treatment is being endorsed by leading physicians, and it proves beneficial in fully 90 per cent of all cases; but, of course, we cannot effect permanent CURES in so large a percentage, but if taken in time our treatment will remove all traces of the disease from the system, and effect a PERMANENT and PERFECT CURE. It is a pleasant home treatment, and costs less than \$2.00 a week, and this includes the advice and careful attention of Dr. Mason by mail.

We will be glad to send the addresses of those who have been using the treatment, and they can tell you all about the different kinds of cancer, etc., etc.

BEWARE OF IMITATIONS. THE ONLY PLACE IN CANADA WHERE THE GENUINE AND RELIABLE TREATMENT CAN BE SECURED IS FROM

STOTT & JURY, Bowmanville, Ont.

N. B.—We also manufacture FOOT ELM, a positive cure for sweaty, swollen, tired feet, 25 cents, or five for \$1.00. We pay the postage and return your money if not satisfactory.

noon tea would languish in the face of such very opposing elements. The younger members of St. George's church gave a social, in the W. C. T. U. hall last evening in aid of the church building fund. I am glad to say that the attendance was excellent, though the night was one to make the bravest shrink from venturing out of doors; and the programme greatly appreciated.

To-night the choir of St. John's Presbyterian Church are tendering a benefit to their organist Mr. F. H. Blair, in the shape of a sacred concert, and organ recital, and the weather is being watched with great interest, in consequence.

An engagement has recently been announced in town, which will not only render a popular bachelor noted for the lavish manner in which he dispenses hospitality, one of the happiest of men, but will restore to our social circle a very charming young lady, who was for some years a resident of Moncton but now makes her home in Upper Canada. The bachelor referred to is not a member of the legal profession.

Miss Richardson, of Sackville, is spending a few days in town the guest of Mr. and Mrs. Joseph Killam of Church Street.

Mrs. Messenger, of Boston who has been visiting Mr. and Mrs. H. C. Hanington of School Street, returned home last week.

Miss Ethel Tucker and Mr. William M. Richards of the Ethel Tucker company which disbanded in Moncton during the early summer, Miss Tucker, Mr. Weidon and Mr. Richards, spending the summer between Shediac and Moncton—left town last week for Houlton Me., where they intend organizing a repertoire company to be called the Ethel and Lillian Tucker company. This talented trio have made many warm friends during their stay in Moncton, and they will always be sure of a cordial welcome whenever they return. I understand we shall have the pleasure of seeing the new company in a professional capacity towards the end of the month.

Mr. F. H. Blair returned yesterday from a short trip to Quebec.

Mrs. W. B. Hinson who has been paying a visit to her former home in Montreal returned home last week.

Mr. Robert Simpson of Lethbridge, Alberta, is spending a few weeks in town, the guest of his son Mr. R. W. Simpson of the I. C. R. engineering department.

Miss Dora Wood daughter of Senator Wood of Sackville spent a few days in town last week, the guest of Rev. John and Mrs. Prince, Church St.

Mrs. Thomas Robb who has been spending the past three months with relatives in Truro returned home last week.

Mrs. Joseph Henderson of Macaan is spending a few days in town, the guest of Mrs. H. W. Dornier of Botsford St.

Mrs. James Sayre left on last week for Boston, to spend a week or two visiting friends.

Captain H. W. Dornier of the ill-fated St. John bark Assyria which was burned in the harbor of Bahia on the twenty fifth of September, absence of his home in Moncton last week, after an absence of five years. It is needless to add that Capt. Dornier is receiving a very warm welcome from his numerous friends, and that the thrilling experiences he has passed through during the last few months—a mutiny on board his ship first, and then the final catastrophe have made him an object of very great interest. Captain Dornier expects to spend a few weeks in town, before taking command of another ship.

The many Moncton friends of Mr. Carl Trites formerly of this city but more recently of New York will hear with very deep regret of his sad and sudden death, which took place on board ship early in September. Mr. Trites whose health had failed from too close attention to his business in New York left that city in August, as passenger on a barque bound for the Rio Grande in the hope that a sea voyage would restore his health, but shortly after their departure a heavy storm was encountered, and as the ship seemed likely to founder, the passengers were ordered into the rigging. In obeying the order Mr. Trites missed his footing in some way and fell to the deck some forty feet below, dying almost immediately. He was buried at sea on the fifth of September. Mr. Trites was but twenty seven years of age, and was a son of the late John Star Trites of this city and brother of Mrs. W. B. Gerow of St. John, Miss Trites, Mrs. Tupper, and Mrs. Thomas

Estabrooks of Sackville, and Mr. George Trites, commercial traveller, of St. John. The family will have the heartfelt sympathy of their numerous friends in their terribly sudden bereavement.

Judge Wells the retiring president of the Moncton curling club entertained the members of the club at Connors' restaurant. About forty guests were present, and a most enjoyable evening was spent. Judge Wells presided, with Mayor Robinson on his right and Mr. R. Clarke the newly elected vice president on his left, Mr. F. R. Brown the president for '08 being absent in Montreal. After supper toasts and speeches were in order, and the evening was pleasantly brought to a close.

It is understood that Mr. F. H. Blair organist of St. John's Presbyterian church, has been offered the important position of organist and choir master of St. Matthew's church Quebec. As this is the largest and most important of the English churches in the ancient city the honor paid to so young an organist is very great. Mr. Blair has the offer under consideration, but I fancy the congregation of St. John's will spare no effort to retain his services. Mr. Blair played in St. Matthew's on Sunday last at the request of the vestry; with the result that the position was immediately offered to him although there were a number of applicants from the larger upper Canadian cities. Mr. Blair is to be warmly congratulated upon his success in his chosen profession.

THINGS OF VALUE.

What is probably the most venerable piece of furniture in existence is now in the British Museum. It is the throne of Queen Hatshe, who reigned in the Nile Valley some 1,900 years before Christ.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bick's Anti-Cough and Croup Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

After Luka Jani, the Bechuanaland chief, had been killed in the recent attack by the Cape forces on his camp, his head was cut off by a British soldier at the order of his superior officer.

In his VEGETABLE PILLS, Dr. Parmelee has given to the world the fruits of long scientific research in the whole realm of medical science, combined with new and valuable discoveries never before known to man. For Delicate and Debilitated Constitutions Parmelee's Pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

Stantapolutavskayatis is the name of a station on Siberian Railway. By the time the train will be at the next town.

PARMELEE'S PILLS possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In fact, so great is the power of this medicine to cleanse and purify, that diseases of almost every nature are driven from the body. Mr. D. Carswell, Carswell, P. O., Ont., writes: "I have tried Parmelee's Pills and find them an excellent medicine, and one that will sell well."

Statistics prove that nearly two-thirds of the letters by the world's postal services are written, sent to and read by English-speaking people.

Fagged Out.—None but those who have become fagged out, know what a depressed, miserable feeling it is. All strength is gone, and despondency has taken hold of the sufferers. They feel a though there was nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pills will do wonders in restoring health and strength. Man-drake and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

Options sell for five dollars a pound on the Klondike. Thus for the first time that humble but pervasive tuber has risen to an actual plutocratic altitude.

Excellent Reasons exist why DR. THOMAS' ELECTRIC OIL should be used by persons troubled with affections of the throat or lungs, sores upon the skin, rheumatic pain, corns, bunions, or external injuries. The reasons are, that it is speedy, pure and unobjectionable, whether taken internally or applied outwardly.

The newest thing in letter boxes is a box with an electrical attachment, which will ring a bell in the kitchen when the letter is dropped in.

There is nothing equal to Mother Graves' Worm Expeller for destroying worms. No article of its kind has given such satisfaction.

The inhabitants of the German Empire use up about 75,000 tons of tobacco every year, eighty per cent. of it being imported.

Holloway's Corn Cure is the medicine to remove all kinds of corns and warts, and only costs the small sum of twenty-two cents.

There are about 100,000 islands, large and small, scattered over the ocean. America alone has 8,550 around its coasts.
