Some time ago a Halifax paper stated that Sir John Fisher, the new admiral for this station, was a bachelor. This would have been news to Sir John if he had seen it. The fact of the matter is Sir John has been married quite a while, and has two grown up daughters—Miss Beatrice Fisher and Miss Pamela Fisher. When the Talbot—which is now on this station—was launched, Miss Beatrice Fisher performed the christening ceremony, and Lady Fisher performed a like service when the battleship Centurion was launched. The Centurion is a first class battleship, and is now flagship on the China station.

A letter has been received recently from Admiral Fisher, in command of the Renown, in which he speaks of his great pleasure in coming back to Halifax, where he used to have many friends in bygone days. He expects to arrive on this station the first week in September.

It was Mr. Charles Carmichael, of Port Morten Cape Breton, who made the beautiful gavel presented to Lady Aberdeen, at the late meeting of the National Council of Women. He certainly designed an interesting and clever device, using wood taken from an old French frigate.

A gentleman recently returned from London and the Jubilee says the review of the navy was the most magnificent spectacle he ever witnessed. Nothing had ever so forcibly impressed him with the tremendous power of the Empire. Another thing which struck him as extraordinary, was the perfect order maintained by the vast crowds, and the deference to authority. He was delighted with the splendid appearance of the Canadian contingent. Everything Canadian is on top over there now!

Hon. Mrs. Montgomery-Moore had another picnic party about the Arm, on Thursday of last week. A large number of ladies and gentlemen were present and a most enjoyable afternoon was spent.

MONCTON.

Progress is for sale in Moncton at the Moncton Bookstore, by W. G. Stanfield and at M. B. Jones Bookstore.

Aug. 4.—Society news in these days resolves itself into a dreary record of the people who have gone away for the summer. The weather is too hot for poor humanity to think of even amusing itself, and hunting for a shady spot on the veranda where there is some breeze, or watching for first turn at the hammock is a much more absorbing occupation than planning social distractions.

A few of the more energetic spirits have devoted a portion of their leisure time to theatricals, and joined Miss Ethel Tucker and Mr. Meldon of the Ethel Tucker Company who are spending a few weeks in the city, in giving a benefit performance for the Knights of Pythias. The play "Captain Letter Blair" comes off this evening in the Opera house and is being looked forward to eagerly. Miss Tucker and Mr. Meldon take the leading parts and are assisted by such well known amateurs as Mrs. George C. Allen, Miss Nellie Crossdale, Mr. W. C. Paver, Mr. John Cercoran and Mr. Hugh Hamilton, besides other promising amateur actors who will make their first appearance before a Moncton audience this evening.

In looking over last week's notes, I see that I neglected to mention the performance, at the last

Scott's Emulsion of Cod-liver Oil with Hypophosphites brings back the ruddy glow of life to pale cheeks, the lips become red, the ears lose their transparency, the step is quick and elastic, work is no longer a burden, exercise is not followed by exhaustion; and it does this because it furnishes the body with a needed food and changes diseased action to healthy. With a better circulation and improved nutrition, the rest will follow.

Thirsty?

It's not so much what you want as what you really need in hot weather. Nature rebels against the ordinary thirst-quenching drinks.

They only add fuel to the flame and induce greater thirst. Absolutely pure Lime Juice assists Nature, because it cools the blood.

Thus it allays thirst naturally. Stowers' Lime Juice is double refined to make the assurance of absolute purity doubly sure. Best grocers sell

promenade concert given by the Citizen's band, of a very spirited and brilliant march dedicated to the Knights of Pythias, and called the Pythian March, which was composed by Mr. Brooks Peters youngest son of Mr. George C. Peters of this city, and arranged by Mr. W. S. Bowaess of the band. This clever young musician has every reason to feel proud of this first specimen of his skill in composition, which has been given to the public, and it is safe to predict that should he adopt music as a profession he will make his mark in the future.
