[Progress is for sale at Amherst by H. V. Purdy.]

SEPT. 8.—The marriage of Mr. Jas. Haliburton Silver of Montreal with Miss Ella Tupper Hillson only daughter of Mr. E. T. Hillson, Havelock street, took place in Christ church at ten o'clock on Wednesday. The bride wore a beautiful dress of ivory duchesse satin trimmed with pearl embroidery and chiffon the bridal veil of tulle was fastened with orange blossoms and the bouquet, was of white carnations and maiden hair fern. She was attended by three bridesmaids, Miss Lola Winchester of Chelsea, Mass. who was attired in white organdy with with trimmings of valenciennes lace and nine green ribbons over a silk of same shade. Miss Lillian Shaw, Halifax, in a dress of rose pink bengaline prettily trimmed with cream lace and pearl embroidery; Miss Mabel Pugsley in a pretty frock of pale blue silk with chiffon trimming. The little flower maid Nellie Hillock and Beatrice Harris were in white frocks and completed a charming picture as the procession moved towards the chancel to join the groom who was supported by his brother Mr. Herbert Silver also of Montreal. The ceremony was performed by Rev. V. E. Harris, Rev. Dr. Steele being present; the ushers were Mr. John Curry, Mr. Harold Main, Mr. Tom Sayre, Mr. Harry Bidden and Mr. Rob Douglas. Upwards of a hundred guests were invited and the church was filled to its utmost capacity. Miss Hillson was one of most popular young ladies and a member of Christ church choir who put up the floral decorations in a very novel and artistic way, a large arch of green supported a magnificent bell of white asters with festoons of the pillars of sweet peas and ferns, on one side was a design in green with a horseshoe of white and the opposite bore the monogram H. S. in white and pink the altar and font were profusely trimmed with sweet peas and asters.

Among the many guests present some very stylish costumes were seen, the bride's mother wore a toilette of black corded silk trimmed prettily with jet and a bonnet of purple velvet with ospreys of white.

Mrs. Shaw of Halifax was gowned in pale blue brocade with silver and lace, bonnet of chiffon and forget-me-not.

Mrs. Robert Pugsley, a gown of black satin and brocade with bodice of scarlet satin draped with black chiffon and yoke of jet, hat to match.

Mrs. Dr. Allen wore a handsome costume of green cloth with vest embroidered with violets. Mrs. Nat Curry wore heliotrope silk, trimmed with chiffon and cream lace.

Mrs. C. O. Tupper, a gown of black silk and cream lace.

Mrs. Christie Bent, a very becoming toilette of black and mauve.

Miss Millican of St. John wore a very pretty dress of heliotrope muslin and valenciennes lace and Miss Etta Millican wore a gown of blue cloth with lace garniture.

Miss Elsie Shaw, Halifax, pale green with sash of darker shade.

Miss Flossie Currie, a yellow crepon.

Miss Beatrice Fuller, pale blue organdy with white lace.

Miss Purdy, a gown of pale blue muslin and Miss Maggie Purdy in white.

Among the guests I also noticed Miss Grace Clark Miss Maud Tighe, the Misses Christie, Misses Black, Miss Allen and Miss Morse but the crush was so great that my efforts fail to delineate further. The wedding however was quite the smartest of the season and very pretty. Mr. and Mrs. Hillson held a reception after the ceremony at their home on Havelock street and Mr. and Mrs. Silver left on the noon train for St. John and will return late of next week via Annapolis valley. The bride travelled in a dress of Lincoln green cloth braided with black, a vest of white cloth embroidered with thistles and hat of straw trimmed to match. Mr. H. Silver accompanied them enroute to Montreal.

Anæmia means "want of blood," a deficiency in the red corpuscles of the blood. Its cause is found in want of sufficient food, dyspepsia, lack of exercise or breathing impure air. With it is a natural repugnance to all fat foods. Scott's Emulsion is an easy food to get fat from and the easiest way of taking fat. It makes the blood rich in just those elements necessary to robust health, by supplying it with red corpuscles.

THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound undiluted state, a remedy for many and grievous ills. By its gradual and judicious use, the frailties of the system are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

The heart seeks for sympathy, and each of us craves a recognition of his talents and his labors; but this craving is in danger of becoming morbid. One has fallen into a pitiable state of moral sickness in whose eyes the good opinion of his fellow-men is the best of merit, and their applause the principal reward for exertion.

The Proprietors of Parmelee's Pills are constantly receiving letters similar to the following, which explains itself. Mr. John A. Beam, Waterloo, Ont., writes: "I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced after using them was wonderful." As a safe family medicine Parmelee's Vegetable Pills can be given in all cases requiring a cathartic.

There are two kinds of unworthy parents—the parent who looks upon a child as a machine capable of perfect rectitude, as if its moral principles are, manufactured on a certain plan, and the parent whose only notion of a child is that it is a sort of toy sent by Providence for his amusement.

No family living in a bilious country should be without Parmelee's Vegetable Pills. A few doses taken now and then will keep the liver active, cleanse the stomach and bowels from all bilious matter and prevent Ague. Mr. J. L. Price, Shoals, Maine Co., Ind., writes: "I have tried a box of Parmelee's Pills and find them the best medicine for Fever and Ague I have ever used."

In this world the only way to make money is to be supposed to have money.

Progress is made in circles, and if you keep still long enough you will find yourself in the van.

COLIC AND KIDNEY DIFFICULTY.—Mr. J. W. Wilder, J. P., Latargerville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find Parmelee's Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used." In fact so great is the power of this medicine to cleanse and purify that diseases of almost every name and nature are driven from the body.

One of our most lasting delusions is that our experiences can be of service to another.

When we talk of depth of character we must remember that the thinnest sheet of gold leaf is a good deal more valuable than a whole bagful of mud.

There are cases of consumption so far advanced that Bickie's Anti-Consumptive Syrup will not cure, but none so bad that it will not give relief. For coughs, colds and all affections of the throat, lungs and chest, it is a specific which has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm, and gives the diseased parts a chance to heal.

Children are the only perfectly satisfactory companions in the world; they never seriously reproach you, and for beauty, no woman can compare with them.

The clearness and purity of one's mind is never better proved than in discovering its own faults at first view; as when a stream shows dirt at the bottom, it shows also the transparency of the water.

THOUSANDS LIKE HER.—Tena McLeod, Severn Bridge, writes: "I owe a debt of gratitude to Dr. THOMAS' ELECTRIC OIL, for curing me of a severe cold that troubled me nearly all last winter." In order to give a quietus to a hacking cough, take a dose of Dr. THOMAS' ELECTRIC OIL, twice a day, or often if the cough spells render it necessary.

Many people are much too stupid to distinguish the qualities of wit. Once established a reputation, half the world takes you on trust, and considers the other half criticisms you because it envies you.
