Last week was a week of dinners given partly for the members of the Behring Sea Commission party as far well to the flagship.

The largest one was given on Tuesday at Government House, when some very smart frocks were worn by the ladies, and the dinner table even more prettily arranged than is usual, which is saying a good deal, since the flowers at Government House dinners are famed, partly for themselves and partly for their exquisite arrangement.

On Thursday evening Mr. Justice and Mrs. Graham had a very pleasant dinner for the Behring Sea Commission. Miss Graham's engagement to Mr. Spencer of H. M. S. Patridge is now announced, and the future bridegroom has received many congratulations on his good fortune.

On Friday evening Sir Charles and Lady Tupper had a dinner at Armalee and for the commission. Lady Tupper was looking particularly well, and the whole affair was most successful.

On Wednesday Lady Tupper was also the hostess of the day, her garden party being one of the largest of the season. The hours were sensibly short, which brought every one there at the same time and so made the scene much prettier.

The day was lovely, though not too warm, and some of the wearers of their silks and muslins took to most wintry wraps which were incongruous but comfortable. There were some lovely gowns, the most striking worn by the visitors in honor of whom the party was given. Lady Tupper herself was very quietly but handsomely dressed, and made a perfect hostess. Tea was served on the lawn and it was altogether an outdoor affair.

On Thursday evening Mrs. Charles Archibald gave a small dance, for young ladies and men only, no married people being asked. It was a very nice little dance and went off capitally. Miss Archibald looking very nice in a girlish skirt which suited her admirably. It was not a late dance, and the invitations were of course limited.

On Friday evening Captain Humpage and the officers of H. M. S. Pallas gave a dinner to Captain Powell and the officers of the Crescent. Tonight there is a small dinner at Government House and Mr. O'Neill's farewell performance at the Academy under the usual patronage. Sir James and Lady Erskine and little Miss Erskine go today to Government House, where they will remain until the Renown arrives and the Crescent is ready for sea.

Mrs. James Mackintosh gave a very pleasant at home, at her residence on Tuesday afternoon, the rooms being full but not crowded. There were several other teas on the same day.

On Friday afternoon Mr. Bullock had a picnic at MacNab's Island which took off a good many people, while Mrs. Biscoe and Mrs. Clarkson had each a party of the same kind. There was also a bicycling party, but the weather was too summerlike and the tea was the most enjoyable part of the day.

Captain and Mrs. Twining left for Kingston last week, where work begins at the Military college.

Mrs. Turnbull and party left for the Southern states. And so the autumn exodus begins.

Major Bor, who was reported to be about to succeed Colonel Leach on this station, goes instead to Bermuda, which is a disappointment to the many friends he has in this garrison, and to those of Mrs. Bor, who was Miss Morrow.

Sept. 15.—The dinner tendered Mr. W. A. Spencer, the popular accountant of the Merchants' Bank at the "Learment" last Friday night, previous to his departure for Rossland, B. C. was a pronounced success. The menu was an excellent one and most elaborate, and was thoroughly appreciated by the large number of guests present among whom were, Dr. D. H. Muir, Dr. J. H. McKay, Dr. W. S. Muir, Dr. F. S. Yorston, C. E. Bentley, A. H. Learment, J. E. Bigelow, G. P. Nelson, J. Moorman, O. E. Hornsby, C. A. Armstrong, F. L. Murray, G. H. Williams, F. L. Cotton, L. Owing to the enforced absence of Dr. D. H. Muir Mr. Moonman was unexpectedly called to the chair, which he filled with infinite credit to himself and the complete satisfaction of everyone present. The discussion of the bill of fare, the toasts and responses occupied almost three hours. The singing of "Auld Lang Syne," by the whole company concluded what was a very successful and pleasant function.

Mr. Spencer left on Saturday night last for Montreal, en route to Rossland B. C., where he takes an important position in the new office of the Merchants' Bank just opened in that city. Mr. Spencer will be much missed here, both in bank and social circles, his large number of friends here, whilst glad of his promotion, very much regretting his removal from their midst.

Was there ever a woman in the wide world who did not yearn to be the mother of a bright faced, happy, healthy, laughing, rollicking child? If there ever was such a woman, she was a bad one, and while there are many thoroughly bad men, there are very few thoroughly bad women.

It was God's and Nature's intention that every woman should be the mother of healthy children. Tens of thousands of women defeat this beneficent design by their ignorance and neglect. They suffer from weakness and disease in a womanly way, and take no measures, or the wrong measures, to remedy it. Dr. Pierce's Favorite Prescription is a sure, speedy and permanent cure for all disorders of this description. It acts directly and only on the delicate and important organs that are the threshold of human life. It makes them strong, healthy, vigorous and virile. It heals ulceration, allays inflammation, soothes pain and tones and builds up the nerves. It banishes the trials of the period of impending maternity and makes baby's entry to the world easy and almost painless. It does away with the dangers of motherhood and shortens the period of weakness and lassitude. It insures the little newcomer's health and a bountiful supply of nourishment. It transforms weak, sickly, nervous invalids into happy, healthy wives and mothers. Thousands of women have testified to its marvelous merits. A dealer is not a physician, and has no right to suggest a substitute for the prescription of an eminent specialist like Dr. Pierce.

Dr. Pierce's Medical Adviser sent for at one-cent stamps to cover customs and mailing only. Cloth binding 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Fry's Cocoa advertisement with text: It has the strength and the delicate flavor of absolute purity. It is gratefully stimulating peculiarly nourishing. An ideal drink for infants and invalids. 200 medals and awards taken by the Messrs. Fry. Your grocer sells it.
