DIDN'T KNOW STRATTON.

ut After the Colorado Millionaire Had Identified Himself He Got His Car.

Paobably no town of its size has as many very rich men as Colorado Springs, Col. 'They have millionaires to burn,' said a gentleman who recently visited there. 'Colorado Springs is the home of W. S. Stratton, who a few years ago was at work with a jack-plane, earning a scanty living, but who is now the possessor of anywhere from \$15,000,000 to \$20,000,000, said my friend. 'Stratton does not have the appearance of a man borne down with a given in newspaper articles or in public weighty pocket book. Much of the time he goes about in clothes a tramp might object to. When he had, in a couple of years, cleaned up the paltry sum of \$4,000,000—or \$2 000,000 a yearhimself and family thought they would like a vacation. They concluded to make a trip to California. The next day Stratton went to Denver on business. His banker notified him that he had made a mistake of a quarter of a million in his bank account. He had that much more in the bank than he thought he had. Upon investigation he discovered that he sent the bank a check for that amount, just taken for the sale of his mine, which he had not noted. The matter cleared up, Mr Stratton thought he would see about getting the tickets for the Calitornia trip. As usual, he had on rather a

shabby suit. ' 'Have you got a bargain in tickets to California? asked Stratton.

'The clerk looked him over carefully and concluded that a hobo had dropped in to get out of the sun. Not to day; we may have one tomorrow.

Well, you sell tickets to California, don't you?" ' · Certainly; but we have no job lot at

· · How much is a ticket to San Francis-

"The clerk told him. 'Let me see. I shall have to take along several people, servants you know. Guess you had better give me nine tickets,'

Stratton was struck with a new idea. "By the way, how much will a special car cost! I like to go as comfortably as possible when I travel. Yes-I guess I will have a special car-how much will it cost ?'

'While the clerk was staring at him,

'The man told him. It was a large sum. "That's all right. Look here. I'm going to stay a month or six weeks, and I guess I'll sleep in the special. How much more will that cost ? He was told. 'All right, I'll take that car for six weeks. Got a blank check ?'

'The clerk got him one. It was filled out and handed to the clerk, who said: "I know all about Mr. Stratton, but I don't know that you are Mr. Stratton. 'At this moment banker Moffett passed by-Stratton called . out : 'Come in here Moffett.' He came in. 'Am I Stratton ?' 'You are.' 'I thought so, but this clerk had his doubts. Thank you .- Chicago Times-Herald.'

DUELS ABROAD.

More are Fought in Germany Than in any Other Country.

More duels are fought in Germany than in any other country. Most of them, however, are student duels, which culminate in nothing more serious than slashed cheeks or tern scalps. Of all German university towns little Jena and Goettingen are most devoted to the code. In Goettingen the number of duels averages one a day, year in and year out. On one day several years ago twelve duels were fought in Goettingen in twenty-four hours. In Jena the record for one day in recent times is twenty-one. Fully 4,000 students duels are fought every year in the German empire. In addition to these are the most serious duels between officers and civilians. Among Germans of mature years the annual number of duels is about one hundred.

Next to Germany, France is most given to the duelling habit. She has every year uncounted meetings, merely to satisfy honor;' that is merely to give two men the opportunity to wipe out insults by crossing swords or firing pistols in such a way as to

preclude the slightest chance of injury. In the duel statistics these meetings are not reckoned, as they are far less perilous than even the German student duels. Of the serious duels, France can boast fully 1,000 from New Year's to New Year's. The majority of these are among army officers. More than halt of these results in wounds;

nearly 20 per cent in serious wounds. Italy has had 2,759 duels in the last ten years; and has lost fifty citizens by death on the field of honor. Some 2,400 of these meetings were consummated with sabres, 179 with pistols, 90 with rapiers, and one with revolvers. In 974 cases the insult was than 700 principals were insulted by word of mouth. Political discussions led to 509; religious discussions to 28. Women were the cause of 189. Quarrels at the gambling table were responsible for 189.

A summary shows that, as regards numbers, the sequence of duelling countries is: Germany, France, Italy, Austria, Russia. As regards deadliners of duels Italy comes first. Then come Germany, France, Russia and Austria in the order named. For the most serious duels the pistol is the favorite weapon in all five countries.

Take good care of the hair of the head, and when it begins to loosen and fall off or turn gray apply Hall's Hair Renewer, and the result will be pleasing.
