

ST. STEPHEN AND CALAIS.

[PROGRESS is for sale in St. Stephen by Master Ralph Trainor, and at the bookstores of G. S. Wall, T. E. Atcheson and J. Vroom & Co. in Calais at O. F. Treat's.]

JUNE 30.—The excitement and rush of the jubilee celebration is now over, and every one seems to have settled back to the ordinary state of things and begin to think and plan for summer out of door pleasures that annually come after the fourth of July.

Miss Lillie Eaton gave a charming impromptu dance at her home on Wednesday evening of last week, to which all the guests who attended the wedding of Mr. and Mrs. George Downes were invited. I hear it was a most delightful affair and greatly enjoyed.

One of the prettiest sights seen on our streets is little Miss Irene Eaton mounted on a black pony which she rides perfectly and most gracefully. The children of Mr. and Mrs. C. W. Young are the happy possessors of a pair of black shetland ponies of diminutive size, which they drive in a dog cart. These little horses are very gay and mettlesome and are at times quite as much as an experienced driver to handle.

The Alcorquin hotel is open to visitors, but the season is not really begun in earnest until after the fourth of July.

The Union church Sunday school left this morning for Campbell when they will picnic on the grounds surrounding the Owen house.

The Fourth of July celebration in Calais this year promises to be the finest for years. An entirely new programme has been prepared leaving out a number of the old time sports, and adding new features that are much more enjoyable. The different clubs have been asked to take part, and they are making elaborate preparations for their part in the processions. The whole day is to be given up to festivity and those who are at the head of it hope to make the day as successful and enjoyable as the Jubilee celebration in St. Stephen on Tuesday of last week.

Dr. Frank L. Blair, assistant surgeon of the 71st Battalion, left last evening for Fredericton to take charge at the military school, during the absence of the surgeon at camp in Sussex. Dr. Blair expects to be absent about two weeks.

THINGS OF VALUE.

Hunter (in Deadgutch)—Is there much game around here? "Respect" should say so. Faro, red and black, roulette, fan tan and poker very night at "Oxy-Eyed Pete's."

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the others. We have, however, in Quinine Wine, when Quinine exists on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid dependency and lack of interest in life is a consequence of the system, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—improved appetite, Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches perfection of any in the market. All druggists sell it.

Mr. Frothingham—How did you feel when the proprietor discharged you? "Mr. Gidderleeve—I felt relieved of that hired feeling."

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Zieckle's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds, and all affections of the throat and lungs.

"Madaam, is your son expecting to carry off any honors at college this year?" "No, poor fellow, he injured his knee cap in the first game of the season."

Conductor—Did you see the man with the child? "Yes." "No." "Conductor—He's the proudest father I ever met. Insisted on paying full fare for the six-months-old boy."

Mr. Thomas Ballard, Syracuse, N. Y., writes: "I have been subjected to nearly a year with that most distressing disease Dyspepsia, and at times worn out with pain and want of sleep, and after trying everything recommended, I tried one of your 'Parmahee's Vegetable Pills' I am now nearly cured, and believe they will cure me. I would not be without them for any money."

She—The tone of our organ is becoming very dull. "He—Well, why don't you get an organ grinder to sharpen it?"

STREET CAR ACCIDENT.—Mr. Thomas Sabin says: "A fifteen year old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced bathing the foot with Dr. THOMAS' ELECTRIC OIL, when the discoloration and swelling was removed, and in nine days he held use his foot. We always keep a bottle in the house ready for any emergency."

"Gracious, Jack, what immense shirt studs you wear." "Well, you know how butanolates act. I'm going to keep up with them if it takes a dinner plate."

FEVER AND AGUE AND BILIOUS DERANGEMENTS are cured by the use of Parmahee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour out our effluents from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

"He said she was cruel to refuse him." "Yes." "And now she's going to marry him to show him his mistake."

THE BEST PILLS.—Mr. Wm. Vandervoort, Sydney Crossby, Ont., writes: "We have been using Parmahee's Pills, and find them by far the best pills we ever used. For Debility and Debilitated Conditions these pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor."

The husband starting for the country—Have you forgotten your gun? "The wife—No, I've sent it ahead. On whose head?"
