Society circ'es have been very quiet since lent came in the gaieties being confined to a few little teas and the quietes: of card parties. Mrs. West gare a small euchre party on Monday of la t week. There were a couple of teas and on Thursday a bachelor host gave a similar function that was exceedingly pleasant.

A large sleighing party was to have taken place last Saturday afternoon but owing to the disagreeable weather was of course postponed but in its place were two or three small teas.

A Lenten sewing club has been organized for the benefit of the poor. It will meet once a week until Easter, and industrious flagers till then will be busy. There is very much more pover y this year than last, and many people need help this year who never before req ired it. The chief object of these sewing parties is to fit poor children to attend school, each member supplying the needs of one child.

Miss Burns is at present the guest of Mrs. Fielding in O tawa where she will remain for some

People are already beginning to think of after-Easter dissipations, and the greatest is to be a sub scription ball to be given at the Halifax hotel in aid of charity, on Thursday in Easter week.

It is to be a fancy dress party, with the large which is simply evening dress with colored facings, for men, and poudre costumes for ladies, which lets in many people who do not wish to get up a regular fancy dress. The carnival, however, and the tableaux have provided nearly every one with pretty costumes which they are only too pleased to air, instead of keeping them for next year. The affair is to be under the patrenage of the Lieut.-Governor and Mrs. Daly, General and Mrs. Montomery from Calais. Moore and the Mayor and Mrs. Stepher. The tickets are to be sold at the very small price of one dollar each, so the success of the dance should be

Mrs. McKean and Mrs. James Morrow left last week for Montresl and Ottawa for a brief visit.

Mr. Walker R. E. has gone to England on leave. A new engagement not yet announced is being talked of in soci ty. At present nothing definite is known a- to the plans of the young couple.

Miss Marshall whose last book was most euccessful left for Boston last week to arrange for the pub-

lication of another novel. The rink party which was to lave been given by the civil an subscribers to the private afternoons two weeks ago, took place last Saturday night. A large number of invitations were issued and a most en joyable evening was spent.

When a man neglects his health for a day he marks two days off the calendar of his life. When he neglects his health for two consecutive days he marks four days off his life's calendar. And so on. That's about the ratio, and it doesn't take

many days to cross off an entire year. And yet men recklessly neglect their health for weeks at a time. It is the easiest thing in the world for the average man or woman to get good health and then keep it. It only needs a little stitch here and there. The big, dangerous maladies that threaten life are only the culmination of the little illnesses that are neglected.

If when a man feels "knocked-out," "out-of-sorts," "run-down," overworked or overworried he will resort to Dr. Pierce's Golden Medical Discovery he will soon feel bright, strong and vigorous again and able to combat all the big maladies in the doctorbooks. Moreover the "Golden Medical Discovery" is a sure and speedy cure for some of the most dangerous diseases. It cures 38 per cent. of all cases of consumption. It cures nervous prostration and exhaustion. These are not mere assertions. Thousands of grateful men and women have testified to the facts, and hundreds of their names, addresses and photographs are printed in Dr. Pierce's Common Sense Medical Adviser.

"I used Dr. Pierce's Golden Medical Discovery for torpid liver and indigestion, and obtained permanent relief," writes J. A. Williams, Esq., of Mill Brook, Washington Co., Tenn.

Dr. Pierce's Common Sense Medical Adviser has had a larger sale than any other book of this class ever offered the public. This book of 1,008 pages with 300 illustrations, is full from cover to cover, of practical advice on health matters. This great book, in heavy manilla covers, is now offered FREE to whoever will send 31 one-cent stamps to pay for customs and mailing only. Whooping Cough, ene Croup, Colds, Coughs, Asthma, Catarrh.

During recent years an important change has taken place in the treatment of certain diseases of the air passages. While formerly it was the custom to rely almost entirely on internal medications in this treatment, the importance of direct applications of medicines to the liseased parts is becoming more and more generally recognized Of this method of treatment, Cresolene is the most largely used, the most successful in its results, and the most convenient way of medicating the air passages.
