Rev. Clarence McKinnon of Stewiacke, preached at St. Matthew's church last evening.

The man who is blown up by a hidden mine of explosives may have seen things that should have aroused his suspicions, but heedlessly put them aside as of no moment. It is the same with the sickness that ends in death. Insidious disorders of the digestion and bilious spells are passed by as of no moment. In themselves these complaints may not be dangerous, but if neglected their cumulative effect is terrible. The man who neglects the little disorders that are the signs of approaching ill-health is walking over a hidden mine that may cause his death. The explosion will come in the guise of consumption or some other deadly disease. Dr. Pierce's Golden Medical Discovery cures all disorders of the stomach and liver. It cures 98 per cent. of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood, lingering cough, nasal catarrh and diseases of the air passages. It acts directly on the diseased tissues, driving out all impurities and disease germs. It is the great flesh-builder, blood-maker and nerve-tonic. There is nothing in the medicine store "just as good."

"I have been in poor health for about seven years," writes Mrs. I. Albert Eakins, of No. 125 Main Street, Dallas, Texas. "Every summer I'd have a bilious attack lasting two weeks, besides headaches all my life, general debility and an inactive liver. I suffered with my bladder and kidneys for five years at least. I could not stand on my feet long at a time until I commenced your treatment. I took Dr. Pierce's Golden Medical Discovery, 'Favorite Prescription' and 'Pleasant Pellets.' They have helped me wonderfully. I had a disagreeable drain and irregular periods. I thought I should go insane sometime. I worried about everything; had the blues all the time and did not care to live. Now I am well."

The scholars of the Rockingham school have presented their teacher, Miss Edwards, with a mark of their esteem. Mr. E. M. Clay formerly of the immigration office Halifax, was in Middleton this week looking for a farm to purchase. Rev. J. M. Allen and family will spend the winter in Edinburgh. [Progress is for sale at Parrsboro Book Store.]

Dec. 28.—The air is full of the merry jingling of sleigh bells today. If the snow fall of last night had happily come a few days sooner Christmas eve and Christmas day would have been much livelier. On Christmas night the new skating rink was opened and thronged with skaters and onlookers. A Sunday school entertainment consisting of broom and other orris and a Xmas cantata by the children was held in Grace Methodist church after which presents from the Christmas tree were distributed. The usual carol service was held in St. George's church on Christmas eve. St. Bridget's church was crowded at the midnight mass. The new mass which the choir has been practising for several weeks under the direction of the excellent organist Mr. Pensault was well rendered several instruments of the Parrsboro band assisting. [Progress is for sale at Amherst by W. P. Smith & Co.]

Dec. 28.—It was disappointing to find that my long letter of last week failed to appear with all the nice things in praise of the "Starling Minstrels" as it is to late to repeat them even if I had space. Society is busy; can be this week planning and preparing for two large functions of unusual importance. The first takes place on Wednesday evening when Mrs. R. C. Fuller and Miss Fuller will be at home to upwards of a hundred or more guests, this will be Miss Fuller's debut and with her will be Miss Jean Sutcliffe and Miss Love who will be presented to the outer radius of the social world; many pretty gowns have been prepared for the event which is so pleasantly anticipated.

Maple Terrace, the home of Dr. and Mrs. Hewson will be the scene of another large and equally important event on Friday evening when Miss Hewson will be added to the number of fair debutantes; dancing is in order for both of these evenings so without doubt pleasure will reign supreme.

The Christmas music in the different churches was quite up to the average and it has been generally remarked that there is an all round improvement in the choir; it must be ment or numbers for Amherst is proverbial for good choirs as far as the work is concerned. The Baptist choir gave a very nice Cantata on Monday evening; I understand that the children did famously and their efforts were highly appreciated and very successful.

The usual number of presentations were in order for Christmas and those which have come to my notice were such as to give one the idea that times were pretty good this year and employers have held the good esteem of their employes and vice versa. Mr. H. A. Hillcoat was the recipient of an elegant clock from those of his employ. And Mr. H. J. Logan has his fine phisique enveloped in a beautiful fur lined coat the gift of friends in town.
