who do daring deeds in battle, are men whose arteries pulsate with the rich, red, vital blood of health. The same is true of the men who win success in the battles of work and business. When a man's liver is sluggish, his digestion impaired, and his stomach weak, his blood soon gets thin and im-

The blood is the stream of life. If it is impure every vital organ in the body is improperly nourished and becomes weak and diseased and fails to perform its proper functions in the economy of life. The victim suffers from loss of appetite and sleep, wind, pain, fulness and swelling of the stomach after meals, bad taste in the mouth, foul breath, imaginary lump of food in the throat, headaches, giddiness, drowsiness, heavy head and costiveness.

All of these conditions and their causes are promptly cured by the use of Doctor Pierce's Golden Medical Discovery. It brings back the keen edge of appetite, makes the digestion perfect and the liver active. It makes rich, red, pure blood, filled with the life-giving elements of the food that build healthy tissues, firm flesh, strong muscles and vibrant nerve fibers. It invigorates and vitalizes the whole body, and imparts mental power and elasticity. It cures 98 per cent, of all cases of consumption, strengthens weak lungs, stops bleeding from lungs, spitting of blood, obstinate lingering coughs and kindred

Costiveness, constitution and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the jaded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that "are just as good."

The daintily dressed and pretty figures with the many trees which cover and form the chief beauty of the grounds of the Chestnuts where the tea was held, formed the background of a most entrancing picture, Miss Alice Chipman as Evangeline looked especially nice.
