DART MOUTH.

JUNE 28 .- Monday evening 20 h inst, Miss Marit's LaDel', exp nent of ligher literature' gave a series of most delightful character imper sonations in St. Peters hall. She was assisted by the following local musical talent; Miss Deal Phenner and Mis Orpha Pauley on the piano and Blanche Panley sang most acceptably; but the interest of course centered in Miss LaDell, who is a true artist, taking her audience with her into tears or laughter it will, and everything she does is perfectly graceful and barmonious. If one might specifize in so excellent a programme. I would like to say that, "The Little Child Talking to a Dead Kitten" was most beautifully true to child nature, and st once unfolded all the sorrow and tragedy of humanity. Miss LaDell's impersonation cannot be described, there are no adequate words to express perfection.

John Forsyth jr., at present acting mayor for the town of Dartmouth during the

The well known poem, Curfew Shall Not Ring To-night,'' in which a young wo man by hanging to the curfew bell saves the life of her lover condemned to be executed at the ringing of the curfew, is only one of a thousand striking instances of how a woman will dare everything for

Women are readier to 🤒 make heroic sacrifices than they are to take the commonplace, a everyday precautions which insure their greatest happiness. Most women are careless about their health. They forget that physical weakness and disease will wreck the fairest chance in life and shut them out completely from happy womanhood and wifehood.

Weak, bilious, dyspeptic women are robbed of their natural attractiveness and capacity. They lose healthy color and energy and ambition. The blood becomes poor and thin and laden with disease-germs.

The true antidote for this condition is Dr. Pierce's Golden Medical Discovery. It acts directly upon the digestive powers and the liver, creating pure, red, healthy blood free from bilious impurities; it renovates every organ and tissue of the body, building up hard, elastic flesh and muscular strength and imparting nerve power and permanent vitality, which malt extracts do not give.

Mrs. Ella Howell, of Derby, Perry Co., Ind. "In the year of 1894 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a bearing down sensation; was swelled across my stomach; had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. I was so weak I could not walk across the room without assistance. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to improve very fast after the use of a few bottles. The physicians said my disease was leading into pulmonary consump tion, and gave me up to die. I thank God that ry cure is permanent."
