There were eleven guests on this delightful party, and they did not return to town until a late hour in the evening, driving home in the moonlight Mr. Whitlock, gave another backward ride on Monday afternoon to Oak Bay, which I hear was also a most delightful affair. THINGS OF VALUE. When a man gets to be proud of his cynicism he is not dangerous. There never was, and never will be, a universal panacea, in one remedy, for all ills which flesh is heir to—the very nature of man's curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient — what would relieve one ill in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the faintest systems are led into convalescence and strength; by the influence which Quinine exerts on Nature's own restorative, it relieves the drooping spirits of those who suffer from a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the system, being stimulative, courses throughout the veins, strengthening the animal function of the system, thereby making activity a necessary result. It restores the vitality, and gives life to the digestive organs, which naturally demand increased strength and vigour. It is, therefore, a most valuable remedy for the nervous debility and languor which attend the various forms of Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine affords in its perfect perfection of any in the market. All druggists sell it. Necessity is the mother of invention—but it isn't patented. Some persons have periodical attacks of Canadian cholera, dysentery or diarrhoea, and have to use great precautions to avoid the disease. Change of water, cooking, and green irons, is sure to bring on the attacks. To such persons, would recommend Dr. J. D. Kellogg's Dysentery Dordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no further trouble will be experienced. A good many men believe that when they have borrowed a shilling they have earned it. Street Car Accident.—Mr. Thomas Sabin, says: "My eleven year old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced buying the foot with Dr. THOMAS' EUCALYPTI OIL when the discoloration was removed, and in nine or ten days he could use his foot. We always keep a bottle in the house ready for any emergency. Iceland was first settled by a band of Irish monks about 795 to 800 A. D. SLEEPLESSNESS.—When the nerves are unstrung and the whole body given up to wretchedness, when the mind is filled with gloom and dismal forebodings, the result of derangement of the digestive organs, sleeplessness comes to add to the distress. If only the subject could sleep, there would be oblivion for a while and temporary relief. Fairmilee's Vegetable Pills will not only induce sleep but will act so beneficially that the subject will wake refreshed and restored to happiness. If somebody would only pull the sleigh uphill for us life would be one long, delightful slide. THE FLAGGING ENERGIES REVIVED.—Constant application to business is a tax upon the energies, and if there be no relaxation, lassitude and depression are sure to intervene. These come from stomachic irregularities, and the stomach ceases to assimilate food properly. In this condition Fairmilee's Vegetable Pills will be found a recuperative of rare power, restoring the organs to healthful action, dispelling depression and reviving the flagging energies. The man who gives to advertise his charity has no charity worth advertising.

FREDERICTON. (PROGRESS is for sale in Fredericton by W. T. H. Fenety and J. H. Hawthorne.) SEPT. 7.—The merry jingle of wedding bells has been incessantly in the air this month and pleasant rumors are afloat of several yet to come. This afternoon a pretty scene was enacted within the walls of our classic Cathedral when Miss Grace, wife of our classic Cathedral, and John only daughter of Mr. G. W. Merrithew and John W. Beddington were united in marriage, the Very Rev. Dean officiating, in the presence of a large gathering of the friends of the bride and groom. The bride was given in marriage by her father and was prettily attired in a dainty gown of white organdy with trimmings of satin and valance lace and wore a bridal veil. She carried an elaborate bouquet of lilies of the valley and maid on hair
