

MONOTON.

Progress is for sale in Moncton at Hattie Tweedie's Bookstore, M. B. Jones Bookstore, S. Melonson's, and at Railway News Depot.

June 1.—Whether it is the result of the sanguinary conflict now going on between the United States and Spain, or the unprecedented rise in the price of flour which has dampened the ardor of those who were contemplating matrimony, I know not, but whatever the reason, there is a decided falling off this year in the usual crop of June weddings, at least as far as our city is concerned. Once in a while we hear flying rumors of approaching weddings, but somehow they fail to materialize when the time comes, which is most discouraging.

Nevertheless we have had one wedding in town lately, though the youthful bride and groom chose May instead of June, for the event. The principals were Miss Minnie Mullin, daughter of Mr. William Mullin of this city, and Mr. J. Cuthbert Glenjean of the I. C. R. offices, who were married on Wednesday evening. The ceremony took place at the residence of the bride's parents on Robinson street, in the presence of a number of the relatives and friends of the bride and groom and was performed by Rev. J. Millen Robinson, pastor of St. John's Presbyterian church. Mr. and Mrs. Glenjean left on the evening train for a bridal trip to Montreal, and other points of interest. The numerous attendants of the bride and groom will join in wishing them every happiness in their journey through life.

Mrs. Joshua Chandler of Dorchester spent a few days in town last week, the guest of Dr. and Mrs. Chandler, of Bedford street.

We have had so little in the way of good theatrical performances this year that everybody is anxiously awaiting the advent of Harkins company when something really meritorious is asured. Mr. Harkins has been playing a two weeks engagement in St. John and several Moncton people who have had an opportunity of witnessing the performance say the company is far superior to any Mr. Harkins has brought to the provinces for years. The papers speak of "What Happened to Jones" as the funniest thing ever seen in that city, and "The Crust of Society" as a magnificent production. Miss Mabel Eaton the leading lady is referred to as a very beautiful and accomplished woman and a clever actress. It is said that the ladies of the company have lovely and extensive wardrobes.

Mrs. Horace A. Dibblee of Mangerville is spending a few weeks in town the guest of her sister, Mrs. E. Bertram Hooper at St. George's rectory. Mrs. Dibblee's numerous Moncton friends who remember her as Miss Ethel Forster are giving her a very cordial welcome.

Mr. and Mrs. J. N. Harris are receiving congratulations upon the advent of a little daughter in their household.

Mrs. George C. Allen and little daughter who have been visiting friends in Petticoat returned home last week.

It is understood that Mrs. C. H. Lyman of Boro who made so many friends in Moncton during her visit here in the early spring, and whose lovely voice delighted all who had the pleasure of hearing it is intended returning to our city this week, and taking a limited number of pupils in vocal culture. Mrs. Lyman will be warmly welcomed by her numerous friends in Moncton.

Mr. G. H. Blair returned on Thursday from his home in Chatham where he spent the Queen's birthday.

The numerous friends of Mr. Alfred Stevens, son of the late R. M. Stevens of Truro, were glad to see him in town again last week. Mr. Stevens was a resident of Moncton for many years, but is now settled in Vancouver B. C. to which city he is returning after a visit to his mother in Truro. Mr. Stevens was the guest of his sister Mrs. R. A. Knight during his stay in town.

Miss Alice Wetmore sang a solo last Sunday evening in the First Baptist Church, which was greatly enjoyed by the large congregation. Miss Wetmore's fine voice shows a decided improvement even in the few months which have elapsed since she was last heard in Moncton.

Mr. and Mrs. Howard Scott are being congratulated upon the arrival of a fine boy in their family.

Miss Minnie Seaman who has been spending some weeks with friends in P. E. Island, returned home last week.

Mr. Fred Williams son of Mr. W. H. Williams of the I. C. R. left town on Thursday evening for St. Paul Minn. Mr. Williams was accompanied by his friends Mr. George Davidson and both young men are thinking of taking up their permanent residence in Vancouver, should the prospects be favorable.

Mr. F. R. F. Brown, late mechanical Superintendent of the I. C. R. left town on Saturday evening to join his family in Montreal, where he intends residing in future. A number of friends gathered at the station to bid Mr. Brown farewell, and wish him all happiness in his new home.

Mr. George A. Barker, whose serious illness in the hospital at Fredericton was noted some time ago, returned to his home in Moncton last week after spending some months in the hospital. Mr. Barker was accompanied by his father Captain and his brother, Mr. R. S. Barker of Fredericton. His Moncton friends will be sorry to hear that he is still very ill.

Lady Smith of Dorchester spent several days in town last week visiting her son and daughter-in-law Mr. and Mrs. J. W. Y. Smith of High Street. Amongst the graduates at Mount Allison Conservatory of music, the names of Miss Laura Jean Newman and Miss Sara Alison Borden, both of Moncton, occupy prominent places. Miss Newman is the piano artist's diploma, and Miss Borden is a more recent student, the piano teacher's diploma. Both these young ladies have been conspicuous students, and firm believers in the truth that work as well as talent is required, in order to win distinction, and their Moncton friends will rejoice to hear of their success.

It is understood that Mrs. J. W. Oulton intends removing shortly to Los Angeles, California, where she will reside in future with her daughter. Mrs. Oulton disposed of her household goods and chattels last Saturday at auction.

Messrs S. W. Palmer, J. H. Dunlop, and Captain H. W. Dornier, who left town last month for the Alaskan gold fields, have arrived safely in Seattle,

where they intend resting for a few days before pursuing their journey.

Mr. W. G. Stanfield, formerly manager of the Central Bookstore, has been appointed to the position of traveller for the McArthur Whole Wall Paper Company, and have the Maritime Provinces as his field of work.

A committee from the Moncton Curling Club called upon Mr. F. R. F. Brown at Hotel Brunswick, on Friday evening, and presented him glass salid bowl, with a very elegant cut glass salid bowl, with salad fork and spoon of silver and cut glass. The presentation was made by Mr. Clark, manager of the Bank of Montreal, and vice-president of the club, who read the following address:— To F. R. F. Brown, Esq., President of the Moncton Curling Club.

We, R. Clark, E. E. Smith, R. A. Borden, E. W. Givan, J. Edinger, A. Thayer, J. McD. Cooke, W. W. Wells, W. Wilson, F. Givan, J. Geary, J. W. Henderson, H. H. Ayer, E. C. Cole, W. N. Rippey, R. W. Simpson, H. G. Marr, F. A. Taylor, O. J. McCully, G. C. Allen, E. A. Reilly, R. P. Dickson, M. Lodge, Wm. Watson, Rev. W. W. Lodge, C. W. Robinson, A. C. Chapman, A. E. McSweeney, L. Robinson, Jas. Flanagan, F. S. Archibald, Geo. McSweeney, T. V. Cooke, S. W. Palmer, John Connor, S. J. Funnell, F. N. Hall, A. E. Wilkinson, C. W. Price, G. B. Willet, H. Dornier, J. W. Whitehead, C. W. Burayest, J. E. Masters, J. W. Y. Smith, F. P. Reid, W. M. Black, J. W. Kaye, L. H. Price, F. J. White, D. Hogan, Geo. Madison, F. J. Sweeney, F. A. McCall, H. M. Brittain, Geo. J. Oulton, members of the Moncton Curling Club, have learned with feelings of most sincere regret that you are about taking your departure from the City of Moncton, and will therefore sever your connection with our club as an active member.

We feel that we cannot allow you to leave us without conveying to you some small expression of our appreciation.

We have much pleasure in assuring you that by the active interest taken by you in the affairs of the community, and by your kind hearted and courteous bearing to all, you have won the esteem of those with whom you have come in contact, both in your public and private capacity, and have earned yourself to many, as a neighbor and a friend.

It is, however, more particularly as a curler that we have had the pleasure of associating with you during the last two years, and we wish you to know that we fully realize the fact that the heartiness and activity with which you have joined us in the noble game, the efficient and impartial manner in which you have discharged the labors and duties of President and Vice-President, and the beautiful and appropriate trophies which you have so generously and thoughtfully donated the Club, have largely contributed to the successful organization, maintenance and efficiency of our association, and assisted in keeping alive the active interest and co-operation of our members which have made our club so enjoyable, satisfactory and progressive.

We all, therefore, feel ourselves deeply indebted to you, and wish you to accept from us this piece of ware, as a memento of us, and we trust as often as you look upon it and partake of the savory compounds that will from time to time be therein served, pleasant recollections of Moncton and your friends the Curlers of Moncton will be brought to your mind.

Please accept for Mrs. Brown, yourself and other members of your family our best wishes for your future happiness and success in whatever sphere of action you may be placed. Also permit us to express the hope that some fortunate "in turn" may soon bring you again within a "short te length" of your friends and well wishers.

THE CURLERS OF MONCTON.

Dated at Moncton, N. B., May 27th, A. D. 1898. Mr. Brown replied, expressing his warm appreciation of the club's expressions of regret at his departure, and good wishes for his future career, and thanking them sincerely for their beautiful gift. Mr. Brown has always taken the very deepest interest in the curling club and has done much towards securing its success, he was vice-president during the first year of its existence, and occupied the position of president up to the time of his departure.

IVAN.

SACKVILLE.

[Progress is for sale in Sackville by W. J. Goodwin.]

June 1.—The great event of the season is over and "closing" is really closed after a brilliant session. All days piles of luggage have been seen travelling to the station and by every train students, teachers, and visitors have departed, the place looks empty, the classic halls of Mt. Allison deserted and after the unwonted bustle "silence comes like a poultice to heal the blows of sound."

The first gun was fired Thursday May 26, when a successful recital was given in Beethoven hall, followed by three equally good, Saturday, Monday and Tuesday. The programme of these included violin, piano and organ music, songs and readings. It space permitted one might deservedly give individual mention. The teachers of the different departments have every reason to feel gratified, as the beginners doing as well, all things considered as those whose school days were finished. The unaffected, clear speaking of the elocution pupils was marked. Friday afternoon were held the sports of the A. A. A. on the exhibition grounds. Judging from the number of medals and prizes won it must have been good. The star was Ralph Smith who is considered the champion bicycle rider of Nova Scotia.

Friday evening the University competition had a large house as it always does. Those competing were Messrs. Opie, Sims, Frits, W. Smith, E. Forsey, Selzer, Mack. Though these young men selected and gave their pieces without teacher's assistance that did remarkably well. Saturday morning another athletic exhibition was given, that of the Academy in their gymnasium and it was one of the most entertaining of all the closing exercises. The lads including their instructor, were a fine looking set of young fellows and seemed in splendid condition for their work. They went through some most difficult feats with bars and rings, but the most amusing part was the tumbler. One act which brought down the house, was where two boys rolled themselves together and rolled over and over like a barrel hoop. A gold and silver medal and other prizes were taken at this exhibition.

Saturday evening the grand reception, the great social feature of this occasion was held at the ladies college. There was a tremendous crowd, between five and six hundred among whom were numbers of strangers. There was a perfect crush in the drawing room while the guests were greeting Mr. Borden and Mrs. Archibald and the boys and girls were getting their programmes filled but when the music commenced the crowd gradually melted away into the corridors and Beethoven hall for a promenade. In the latter place the Sackville band under A. P. Snowden rendered seven selections winding up with Ben Bolt and God Save the Queen. Their music was enjoyable but would have been more so if they would learn to modulate their playing for a room. I would have been all right out of doors but in the building it made the very walls in the walls tremble and people had either to preserve a stoney silence or shriek themselves hoarse.

There were the largest number of pretty dresses and elegant costumes I ever remember to have seen at M. Allison. Of course I can't give all of that, that would be impossible even if I had Sam Weller's "eyes of hexra magnifying power" but here's a few of them.

Mrs. Frank Black, white satin with long train and shirred chifon sleeves, the bodice trimmed with handsome gold decorations;

Miss Emma Fluck, Truro, pale pink silk with chifon sash of white and white ostrich boa;

Miss Daley, pink silk with pink chifon and roses and evening hat of chifon in the same shades;

Mrs. Goodwin, St. John handsome yellow brocade trimmed with ostrich feathers, black ostrich boa;

Miss Mary Scott, pale green crepon with white lace and tea roses;

Miss Mundy, white muslin and daisies, one of the prettiest and most girlish dresses there;

Miss Webster's white silk trimmed with chifon and lace.

Miss Cook, black and white silk;

Mrs. Henry Dickson, Portland Oregon, green and white silk with white lace and red carnations;

Miss M. Harrison, black silk with red roses;

Miss Ryan, Sussex, pale green;

Miss Roach, Sussex, black net and chifon with apple blossoms;

Miss Thomas, black satin trimmed with chifon and jet, red roses;

Miss Congle, Sussex, poppy red silk with white lace and white roses;

Miss F. Harris, white with light green sash;

Miss Paisley, extremely chic gown of silver gauze;

Miss Lathern, Dresden mu silk;

Miss Jeeves, pale yellow silk, made with low bodice, the ruffles with a narrow edge of black.

Miss Williams, pale green;

Mrs. Wootton, cream and blue silk;

Mrs. Chisholm, black satin with red roses;

Miss Gibson, black silk with pink chifon decorations on the low bodice;

Miss Keith, heliotrope and white lace;

Mrs. Ross, Montreal, black silk and blue chifon;

Miss Stewart, heliotrope and white;

Mrs. Benedict Campbell, black lace;

Mrs. Borden, Moncton, black juted satin with blue chifon;

Miss Dawson, handsome red silk with train, white carnations;

The college young ladies were nearly all in white or very light colors with natural flowers and looked very sweet and girlish, most of them intensely happy.

Among other guests present in Sackville at this season whose names have not been mentioned were: Mrs. Warwick, Mrs. Stewart, Mrs. Austin, Rev. R. W. Weddall, Miss Weddall, St. John, Dr. Lathern Rev. Wm. Ainley, Mrs. Alfred Gordon, Miss Ogden, Miss Johnson, Mrs. (Dr.) Woodbury, Rev. Geo. Bond, Halifax; Mrs. John Lyon, Moncton; Dr. Jost, Dr. Evans, and a number of other ministers; Governor McLellan, J. Chipman, St. Stephen; Miss Murchie, St. Stephen, Miss Faulkner, Moncton; Miss Corbett, Miss Smith, Parrsboro; Mrs. (Dr.) Sprague, Miss Wright, Summerside; Mrs. Hale, Wolfville; Mrs. Johnson, Annapolis; Miss Elderkin, Miss Clegg, Miss Wilson, Amherst; Mrs. Geo. Truman, St. Martins; Miss Pichard, Fredericton.

The Methodist church was crowded both morning and evening to hear the scholarly addresses of Rev. Wm. Ainley and Rev. A. D. Morton. The music under the direction of Prof. Chisholm and Miss F. Webb as organist was most enjoyable. In the evening the well rendered solo of Miss Gibson and the magnificent Hallelujah chorus were striking.

Monday dawned fair and crowds gathered to witness the physical culture drill on the ladies college lawn. The girls all dressed in black skirts and white blouses made a charming picture moving in graceful circles under Miss Webster's skillful direction; at 2 were given the Academy anniversary exercises in Beethoven hall, the old historic Lingyie being used at all this year. It was an interesting programme and was carried out with great spirit. The recitations were excellent, Ricardo Gispert's especially so. The essay on the Cuban students, G. Gispert was an extremely clever and clearly thought out exposition, as some one remarked, as another of the foreigners was called up to receive a medal for gymnasium proficiency, if all Cubans would use their tongues and muscles as well as those young gentlemen they were quite capable of governing themselves. The Glee club music which is a new feature was most acceptable.

In the evening the ladies college exercises were held in the church which though the night was wet and there was an admission fee of 35 cents, was crammed to suffocation. The red covered platform built for the occasion looked attractive all banked with potted plants and flowers which made a fit setting for sweet girl graduates and others in their dainty white dresses. The programme was up to a high standard. The essays by Miss Benedict, Miss Richardson and Miss Thompson showed thought and ability, the former quality was marked in Miss Thompson's effort. Miss Webster's violin solo showed a fine technique. Miss Webster looking very charming, gave a well rendered reading. The two ladies choruses were particularly tuneful but the grand feature of the evening was Mozart's Gloria with 60 voices, orchestra, organ by Miss Wall, piano by Miss Borden, conducted by Prof. Chisholm. Miss Newman's rendering of the "Eil King" was such as is seldom heard and quite beyond the usual pupils work. The violin ensemble numbers were delightfully melodious. Dr. Eeden gave a good report of the year's work, the attendance being 195. While referring to the high standard the music had reached he said their great need was a pipe organ for Beethoven hall there being a constant demand for pipe organ instruction.

Tuesday afternoon the same subject came up at the Alumnae business meeting, the society pledging themselves to raise in six months \$500 of the \$2000 needed for this instrument. At 4.30 the Alumni and Alumnae societies met for 5 o'clock tea in the beautiful art building. It was a very pretty scene. Little tables each with a bouquet were everywhere and grouped about old friends were enjoying dainty refreshments and talks of old times. A number of the visitors in the place were present. The students work by that time was being taken away, but there had been a fine exhibition, especially in the drawings from casts. The oils were good displaying originality and artistic merit. The work of the studio has made rapid advance this last year, the great drawback having been that the pupils expect to learn all there is in six months and carry home something pretty. But this wrong idea is being slowly but surely dispelled. The beautiful pictures of Mr. Hammond attracted a great deal of attention whenever the gallery was open to visitors.

Tuesday evening was the last act in the drama when twenty university students received their diplomas and were invested in the college hood. Three of these were ladies, Miss Annie Sprague had the proud distinction of leading the largest class in Mt. Allison records and delivered the valedictory. Miss Paisley's address on Preferential trade with Great Britain was such that any person, man or woman might feel gratified at producing. Good addresses were also given by H.

SAFETY IN SERVING TEA IS ASSURED if you use MONSOON INDO-CEYLON TEA the most delicious, healthful and refreshing of all Teas. All grocers. In lead packets only. 25, 30, 40, 50 and 60 cts. per pound. THE MONSOON TEA CO., 7 Wellington St. W. Toronto.

Clegg and S. Edman. Gov. McLellan was on the platform and had the degree of D. C. L. conferred on him. M. A. degrees were bestowed on a number of old students. Miss D. Webb and the ensemble class furnished artistic music. The five club's numbers were greatly enjoyed as they always are, the Lost Chord with the orchestra appealed to everyone. The speeches of Dr. Allison and others were so interesting that people forgot the lateness of the hour but all things end at last, even a college convocation. And this morning came the packing up and the farewells and students and teachers leaving for their well earned holiday, "so let the young be glad, fair girl and gallant lad, thy play befits the noon, of rosy-girdled June."

ST. GEORGE.

June 1.—The supper given by the members of the band on Monday evening of last week was a most successful affair excellent music was furnished through the evening shortly after nine the floor was cleared for dancing.

The 24th passed very quietly one or two private picnics the usual number went fishing and several joined the excursionists to St. Stephen.

Miss Jean Seely, Miss Swan, Miss Smythers and Mrs. Robert Seely St. John, were in town on Wednesday.

Mrs. George Knight and daughter of N. S. spent last week with Mr. Joseph Meating.

Rev. Mr. Montgomery of Kingsclear spent a few days in town the guest of Rev. R. E. and Miss Smith on Wednesday evening last he preached a sermon in St. Mark's church.

Mrs. George Wiman a former resident of St. George but now living in the West is expected the first of June to visit Mrs. Charles Johnston.

Mr. and Mrs. Daniel Gillmore and Master Horace have returned to Montreal.

Mr. George Dick of St. John spent the 21th with his parents at Hazeldele, a small party of friends were entertained at the home of Mrs. A. H. Gillmore on Tuesday evening.

Mrs. Alex. Campbell has returned from a pleasant visit to the Upper Falls.

Mrs. A. S. Baldwin and Mrs. Wallace returned from St. John on Friday.

Mr. Simmons our popular Grammar school principal has received the appointment of engineer on the Grand Trunk R. R. Mr. Richardson of St. Andrews takes his place for the remainder of the term and Miss Chase takes Mr. Richardson's place at the Lake school.

Mrs. B. Lawrence of St. John is with her mother Mrs. Hugh McCallum. MAX.

THINGS OF VALUE.

There never was and never will be, a universal panacea, in one remedy, for all the ills to which the flesh is heir—the very nature of many curatives being such that were the germs of other and indifferently seated diseases rooted in the system of the patient, what would relieve one ill, in turn, would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound undiluted state, a remedy for many and grievous ills. By its gradual and judicious use, the trainings of the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—results, improved appetite. Northrop & Lyman, of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

Boils are not considered fashionable, but they are always swell affairs.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickie's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine is as equal for curing coughs, colds and all affections of the throat and lungs.

As a rule a man's hair turns gray five years sooner than a woman's. It is not necessary after this statement to ask who is the great sufferer in this world of ours.—Boston Transcript.

AS PARMELEE'S VEGETABLE PILLS contain Mandrake and Dandelion, they cure Liver and Kidney Complaints with unerring certainty. They also contain Rooks and Heros which have specific virtues truly wonderful in their action on the stomach and bowels. Mr. E. A. Barmecoe, who speaks, writes: "I consider Parmelee's Pills an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

"We kill grow everything in our country 'cept pumpkins.' Why not pumpkins? 'Cos the soil is so rich an' 'th' vines grow so fast that they wear 'th' pumpkins out draggin' them over 'th' ground.'—Truth.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food taken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such trouble. They correct acidity, open secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

The more a man gets left the more he talks about his rights.

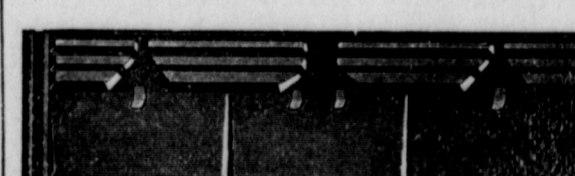

Mrs. Celeste Coon, Syracuse, N. Y., writes: "For years I could not eat many kinds of food without producing a burning excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least." These Pills do not cause pain or griping, and should be used when a cathartic is required.

A horse will live twenty-five days without food, merely drinking water.

Had La Grippe.—Mr. A. Nickerson, Farmer, Dutton, writes: "Last winter I had La Grippe and it left me with a severe pain in the small of my back and hip that used to catch me whenever I tried to climb a fence. This lasted for about two months when I bought a box of Dr. THOMAS' EUCALYPTI OIL and used it both internally and externally, morning and evening, for three days, at the expiration of which time I was completely cured."

They're Reliable, That's why they're so popular, Eastlake Steel Shingles.

Can't rust, can't leak and can't burn. They are the only shingles made with our patent cleat and water gutter, and can be laid more quickly than others.

LADY OF SHALOTT.

There's true economy in using genuine Eastlakes—their always give durable roof protection. Write—let us tell you more about them.

Metallic Roofing Co., Limited. 1189 King St. West, Toronto.
