We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influ-ence which Quinine exerts on Nature's own restor-atives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and retranquilizing the nerves, disposes to sound and re-freshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the animal function of the system, thereby making activity a necessary result strengthening the frame, and giving life to the di substance - result improved appetite.
