Tennis was well patronized last week—it was the grand rally before saying good by for the season. The lawns will soon be getting soft sodden and unfit for play. The players seem to have grasped this sad fact for they consider the time they spend these days in the delightful pastime as "golden moments."

On Monday there was a large attendance at the tennis in the Artillery park. The ladies like gray birds of fashion were in their most fetching toilettes those who did not care to play, promenaded or sat in groups listening to the sweet strains of the band. The other courts have also attracted large numbers of players, visitors and guests.

Golf still obtains with the ultra-fashionable element—it promises to hold the most prominent place of any sport during the coming weeks of autumn, except, perhaps, football.

Dances and other entertainments on a large scale will begin this week with the return of the fleet. But first and foremost we have the list of attractions for the week which the exhibition offers to all of us.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo-Quinine Tablets. All Druggists refund the money if it fails to cure. 25c

A rich man died the other day. He died in the very midsummer of life, and he left his family \$1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered condition of the stomach and the organs of digestion and nutrition are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness, despondency. No one person will have all these symptoms at once, but any one of them calls for prompt aid for the suffering stomach.

The restoration of the stomach, digestive and nutritive organs to a condition of sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses from that dose until the functions of the stomach and its related organs are in healthy operation. Then the nerves are quiet, the appetite healthful, the sleep restful, the eye bright, the complexion clear. In one word the body is in a condition of perfect health.

"I was troubled with indigestion about two years," writes Wm. Bowker, Esq., of Juliaetta, Latah Co., Idaho. "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Don't let the dealer sell you a substitute, if you want a cure. Insist on having "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets surpass all complexion powders. They make the skin healthy and the complexion clear.

accompanied by her sister Miss Winnie McBride, who will spend the winter in Yarmouth.

A very pretty wedding occurred at the home of the bride's father, Mr. Wallace Lent, Bear River, on Wednesday evening Sept. 13th, when his daughter Estella M. was united in marriage to Wm. L. Hinxman, of Lansdowne, the ceremony being performed by the Rev. G. F. Johnson. At 8:30 promptly amid the strains of the wedding march, which was rendered by Miss Mollie Johnson, the groom entered the room followed by the bride leaning on the arm of her father and took their places beneath a floral arch of ferns and flowers. The bride was becomingly attired in a suit of pearl gray trimmed in chiffon and ribbon. The wedding was followed by a reception. Only the immediate friends of the contracting parties were present. The presents were numerous and useful. Mr. and Mrs. Hinxman will remain at the home of her father for a few weeks after which they purpose leaving for the United States.

YARMOUTH.

Sept. 27.—The initial dinner given by the Yarmouth Agricultural Society on Thursday evening last proved such a success that we are sure in expressing it will now be the annual festival with us; and indeed what can be more pleasing, especially at this season of year than a function in which our towns people and country folk sit side by side and partake of the delicacies of the cooking art, with a bevy of pretty country maidens intermingled with their town sisters artfully serving the tempting dishes in a style not to be surpassed, with music and other entertainments by our talented artists, and speeches by our foremost citizens; and what scene could more successfully reflect the freshness of a successful exhibition than such a one. The evening festivities were ushered in at 8:30, and some seventeen prettily dressed tables in the patriotically decorated exhibition hall were constantly filled with happy participants in the beautiful repast provided until 8:30. Following the dinner came the address by Hon. L. E. Baker, President of the society, who in a happy way alluded to the object of the evening's entertainment, the improvements made in the past in agriculture and the great future in store for our farmers; after which short speeches were made by Chief Justice Killam of Manitoba, a former Yarmouthian, and Mr. T. B. Flint, Yarmouth's representative at Ottawa, several comic songs sung by Mr. Charles Pelton, selections given by the Ohio Ladies Quartette, humorous reading by Mrs. Griffiths and vocal solos by Mrs. T.
