They are noisy but they are nice. Who would exchange the merry noise of children at play, for the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Dr. Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently. No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I had been a sufferer from uterine trouble for about three years, and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Luzerne Co., Pa., Box 41.

I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it felt better than I had for years. Felt improved before I had taken one-half of the bottle. After taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness. She is as bright as can be."

A woman's complexion often suffers because of poisonous accumulations in the system. Dr. Pierce's Pleasant Pellets remove these accumulations and cleanse the complexion. They regulate the stomach, liver and bowels.
