Oct. 21.—The first general recital of the season at this deservedly popular school of music took place last Friday evening. For twelve years no abatement have been going on and there appears no abatement, rather a steady increase, in the interest they excite. Last evening the hall was filled to overflowing and it is said that means to keep the audience within necessary limits are being considered.

The programme of the recital was not one of the most advanced, but was a fair representation of the work being done at the present moment in the Conservatory. It is quite evident that these recitals are not mere show work, as the pieces selected from time to time indicate. They are just such a part of the Conservatory work in all its variety as can be brought before the public. The programme last night was a representative one in this respect. It was solid and grave and scholastic throughout, ranging from the petite violin number of Master McMannus, to the Faust value of Miss Katie Stewart. In addition to Master McMannus' Miss Grace McLaren, Miss Billman and Miss Peterkin showed good work on the violin in varying degrees, and the viola in the hands of Master Wm. Burton was brought on the stage for the first time in its history.

In the vocal department the representatives were Mr. W. A. Hart, a growing basso, Miss Lena Murray, a deep and effective contralto, and the ever popular Miss Frances Foster.

As might be expected the pianos took a leading part in the programme. These were represented by Miss Katie Allan, Miss Elsie Taylor, Miss Amy Beckwith, Miss Edith Archibald, Miss Mary Chamberlain, Master Fred McMannus and Miss Katie Stewart. Among these Miss Amy Beckwith appeared for the first time. Miss Beckwith, who comes from Kingston, Jamaica, is evidently destined to make a pianiste of more than ordinary merit. She appears to have the gift without which no musician is made.

Altogether the recital was a good one and left no doubt in the minds of the audience as to the character of the work done in this institution.

Mr. and Mrs. L. J. Hesselein will be 'at home' on the 15th, 16th and 17th Dec. at the Halifax Hotel. Miss Lena Jean, who has been visiting at Mr. J. B. Lithgow's, Morris St., for some weeks returned to her home at Glace Bay, on Friday morning.

How hard a mother has to coax before she can get her child to take its first step.

It is just about as hard to induce a confirmed invalid, especially one suffering with weakness of the lungs, to take the first step to health. There is a lack of confidence, and perhaps a crushing experience of a former failure which depresses and discourages the sufferer.

In spite of doubts and fears you will take the first step to health when you take the first dose of Dr. Pierce's Golden Medical Discovery. It never fails to help. In ninety-eight cases out of one hundred it never fails to cure. Never mind about the symptoms. Obsolete cough, bleeding of the lungs, spitting of blood, emaciation, night-sweats, conditions which if neglected or unskillfully treated terminate in consumption, have all been perfectly and permanently cured by "Golden Medical Discovery."

Sick persons are invited to consult Dr. R. V. Pierce by letter, absolutely without fee or charge. Every letter is regarded as sacredly confidential. Each answer is mailed in a plain envelope. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

I had two physicians but they did not do much good. She coughed night and day; could not lie down for coughing and she got down very low. I thought she never could be cured. Then I got four bottles of Dr. Pierce's Golden Medical Discovery and she took all of it, and is all right now. She is stouter than before we were married.
