A very pleasant evening was spent at Admiral Bedford's residence last Friday night by some sixty or seventy guests, who witnessed a splendid performance of a private theatrical entertainment, taken part in by Admiral Bedford's son and daughter and members of his fleet, etc.

The entertainment was divided into two parts. In part one the programme was:
Twin dust, Lieuts. Carpendale and Royds
Picanninies—Song and dance, Miss Freda and Mr. Arthur Bedford

Comic sketch, Mr. Mow, R. N.
In part two "Creatures of the impulse" was put on in good style. The characters were all acted well. They were as follows:

- Jack Bobstay (a sailor), Lt. Royds R. N.
Boombelhardt (a miser), Lt. Carpendale R. N.
Peter (a young farmer), Mr. Arthur Bedford
Jacques (a villager), Lt. Strafield R. N.
Another villager, Mr. F. Tottenham
Martha (Landlady of The Three Pigeons), Mrs. Byron.

Pipette (her niece), Miss Dorothy Ruck
A strange old lady, Miss Freda Bedford
Among the guests/presenters were Governor and Mrs. Daly, Lord and Lady Seymour, Col. Martin, Major and Mrs. Steton, Capt. and Mrs. Dickinson, Major and Mrs. Fortescue, Miss Turton, Officers of Leinster Regt. Officers from the Crescent and Tribune and from the Dockyard.

On Wednesday night a rehearsal was held, at which the Admiral's boat crew and servants were present.

Ald. Butler left last night by the Halifax for New York, Ottawa and Montreal, and during his absence his business will be conducted by F. W. Meyer. Ald. Butler is accompanied by Mrs. Butler.

Rev. Dr. W. S. Whittier, who has been occupying the pulpit of the Grove Presbyterian church for some time, left by S. S. Duart Castle to assume work in his own congregation in Port of Spain, Trinidad.

Miss Gertie Marsters, who for the past two months has been visiting in Brooklyn and Windsor, returned home Tuesday evening accompanied by her cousin, Miss Nettie Mosher.

Truro News, 1st: A. G. Troop, Halifax; Mrs. George Troop, Dartmouth, and two daughters; Mrs. Nicholson of Sydney, and Mrs. J. F. Sherriff, Ottawa, are guests at the Stanley, where they will remain for a few days.

Mrs. Sinton wife of Hon. Clifford Sinton, minister of the Interior, arrived from Quebec last week and is the guest of Mrs. Fielding at Bishopthorpe.

Miss Georgina Pope, who is gone as head of the band of Red Cross nurses who accompanied the Canadian contingent, is the youngest daughter of the late Mr. William Pope, who was a judge in F. E. Island. She is a graduate of Bellevue hospital, New York, and for some years superintendent of a hospital at Washington. Lately she has had charge of a hospital at Yonkers, N. Y.

Dalhousie College Gazette says: Miss May Ritchie who formerly attended classes at Dalhousie college, has gone to spend the winter in the old university town of Montpellier, France.

Miss Eliza Ritchie, Ph. D., Dalhousie, '87 has resigned her post as Prof. of Philosophy in Wellesley college and will spend the winter in Halifax.

Miss Rose Kirkpatrick leaves next week to spend the winter with Mrs. Moran at Halifax.

The opening recital of the season was creditable both to the Conservatory and to the performer Miss Louise Tupper. This young artist has made marked progress since her last appearance, as indicated both by the character of the programme and of the performance. The programme was of the highest musical merit, and the rendition of it was fully equal to its demands. The strong points of Miss Tupper's playing are delicacy of phrasing and finish, a marvellous accuracy of note production, a full and clear tone and great brilliancy of execution. The programme, which was of the most advanced musical grade, was given from memory with apparently faultless accuracy and with the utmost ease and repose. If there be a fault in Miss Tupper's playing it lies in this last characteristic, there is perhaps too great lack of nervous energy.

Still there are few young performers who possess more of the qualities for good than Miss Tupper. The numbers in which Miss Tupper excelled last evening were Schumann's Fantasia in C Major, the Chopin pieces of the programme and Liszt's Neapolitan song. The concluding number, Wagner's Tannhauser overture adapted by Liszt for a piano, was a wonderful effort of piano virtuosity, but the piece itself can hardly be said to be music, at least in any non-professional sense of the word. It seems to be mostly Liszt with a very weak, almost imperceptible dilution of the magnificent Wagner. The programme was greatly enhanced by Miss Lewis' singing. Miss Lewis is always acceptable to a musical audience and her enthusiastic reception last evening was well merited.

There are times when a horse knows more than a man; when instinct is superior to reason. The horse fights against being forced over the brink of a precipice which he can see in the dark but which is veiled from the man's eyes. It is often the same with a man's body; it fights against carrying the man over the brink of the precipice, disease. When the heart beats irregularly; when there are pains in the head, ringing in the ears, cough, indigestion, loss of appetite and lack of energy—some or all of these symptoms—the body is on the brink of danger and is crying "halt!"

No man need be carried over the fatal brink of disease if he will heed Nature's warning and accept her help. This help in its most concentrated and perfect form is contained in Dr. Pierce's Golden Medical Discovery. This great alterative extract completely modifies every abnormal condition of the disordered digestive or alimentary functions. It makes the stomach strong, the blood rich and healthy, builds up the nerve centers and regulates the functions of all the vital organs, that they co-operate perfectly for the health of the entire system. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

Mr. Geo. Minter, of 227 Thompson Street, Philadelphia, Pa., writes: "Some time ago I was terribly run down. Numerous ailments had been coming upon me one by one. I decided to try 'Golden Medical Discovery' and the 'Pleasant Pellets.' The benefit was beyond my fondest hopes; I took five bottles of the 'Discovery' and used the 'Pellets' when necessary. During the time of taking the five bottles as directed, I gained in weight 24 pounds, weighing more than ever in my life; bringing me health and strength, and removing these ailments, viz: Palpitation of the heart, sleepless nights, pressing and splitting pains in the head, ringing in the ears, with partial deafness and throbbing, a nagging cough, indigestion, depression of spirits, loss of energy, constipation, a tired feeling upon rising and through the day, appetite poor, sight defective, very nervous, etc. Those golden bottles of your 'Discovery' and the 'Pellets' removed all these troubles, and made me as well as fifty as I have ever been in my life."

Harvest.

If we have let our sunny springtime pass With idle scorn of what the year might bring— Have gathered flowers to toss them on the grass, And only cared to hear the woodbirds sing; If we have turned aside from sober truth In bright delusive fairylands to stray, And spent the golden promise of our youth With selfish living and regardless play— When shadows fall we shall be struck at heart With bitter grieving for our blasted fate; And then the lesson of life's sadder part Will lead to agonized remorse—too late; The land is barren now which once was green: We never can be what we might have been.
