At the south end a whist club has been formed by a number of ladies and gentlemen which promises to form a pleasant feature during the winter evenings. Progressive euchre parties, too, rumor says, are coming into prominence, and that in the vicinity of Inglis street they are already in full swing. The pleasant part about these particular parties, one lady confided to me is—that they, in nine cases out of ten, wind up with an impromptu dance.

The organ recital and concert at St. Luke's on Tuesday evening was a distinct success. The edifice was filled, every seat was occupied, and the appreciative audience were awarded by the really beautiful music to which they listened throughout the evening. Mr. Crawford was in excellent voice, and after each number the programme was eagerly scanned to see if his name appeared further in the list. Miss Tremaine played almost better than we have ever heard her play—and this is saying a good deal. The recital was considered a rare treat by all present.

There were two or three bazars this week, and there are several more sales to be before Xmas. These are the days one needs a long pocketbook. But these Xmas sales afford an excellent opportunity to purchase fancy work—particularly for those don't you know, who, unlike Mrs. Pillsbury, have not taken time by the forelock. Besides, in making these purchases you kill two birds with one stone—so to speak—help on the cause of charity, and save yourself the trouble of sewing.

The leading musical event of the coming week, it goes without saying, will be the presentation of "Egmont" at the Academy of music. The "Symphony" who will give Beethoven's exquisite setting to the piece, are in excellent swing. So much so that the rehearsals are practically over. We are certainly cultivating the German Poet and Philosopher—two of his productions within a fortnight: "Mozart's" "Faust" and "Egmont." Those who have labored so hard in rehearsing during many weeks, feel satisfied that their efforts will be rewarded, when on Thursday evening they present "Egmont" to the public. The audience is sure to be a large and distinguished one.

The Orpheus Club held its first concert on Tuesday evening. It was most successful and the following programme was rendered:

- Cantata—Wreck of the Hesperus.....Anderson

If a man is going to fight he wants to be well. He wants to be strong, steady-nerved, vigorous—able to take and give punishment. One of Roosevelt's Rough Riders actually starved to death because his digestive system wasn't strong enough to extract the nutriment from food that kept his comrades strong and well and in tip-top fighting trim.

The soldier isn't the only one who fights and needs strength. Business men, clerks, engineers, laborers, all have a fight on their hands. All have to fight for a living. The strong win. The weak go to the wall. What about you?

Is your blood all right? Do you feel right? Are you losing flesh? Feel "run down"? Do you sleep well? Have trouble with your stomach? Tired all the time? If so what you need is Dr. Pierce's Golden Medical Discovery. It makes men strong. It keys the digestive system right up to concert pitch. It tones the stomach, stimulates the liver, strengthens the nerves, enriches the blood—makes a new man of you. Puts snap and vim and endurance into you.

A. D. Weller, Esq., of Pensacola, Escambia Co., Fla. (Box 544), writes: "I have taken eight bottles of the Golden Medical Discovery, and must say that I am transformed from a walking shadow (as my friends called me), to perfect health. Four months ago I did not think to be in shape to assist our 'Uncle Samuel' in case of hostilities, but thanks to you, I am now ready for the 'Don'."

The induction service in the First Baptist church last Monday evening, when the new pastor was formally welcomed and installed into the pastorate of the church, was of an exceedingly interesting character. Between the hours of 17 and 19 o'clock a social tea was given in the vestry of the church and a large number of the members of the church and congregation took advantage of the occasion to meet and welcome Mr. and Mrs. Farshley and family. The reception was a very pleasant affair, one of the features of the decorations in the vestry being the uniting of the Union Jack and Stars and Stripes in form of an arch.

Mr. Farshley has not only made a favorable impression in the pulpit but socially as well, and the earnest Christian tone of his reply to the words of welcome from the various branches of church work won for him golden opinions from the audience.

Although the weather was not all that could be desired, yet a large number attended the public induction service in the main church at 19 o'clock Mr. A. E. Wall, clerk of the church, presided, and the choir furnished music.

The ministers taking part in the service were: Revs. Dr. Trotter, Wolfville; Dr. Gates, St. John; Bates, Amherst; Daley, Sackville; Colwell, Pet'wood; Tiner, Salisbury; J. E. Brown, Rector St. Paul's church; J. G. A. Belys, Sackville, and Rev. Mr. Burgess, president of the N. B. Eastern Baptist Association.

Mr. Wall, clerk of the church, read the letter of transference of Rev. J. H. Farshley and family, from the Lawrence, Mass., church to the Moncton church, and on motion of Mr. C. A. Steeves, seconded by Mr. A. H. Jones, Mr. Farshley and family were formally received into the church.

The new pastor is a gifted speaker of marked ability. He has an easy flow of language that enables him to speak with fluency, and the sermons already delivered in Moncton church are stamped as among the ablest the congregation has listened to.
